Independent Auditor's Report

**To the Assets Management Committee
Lakeside School Defined Contribution Retirement Plan
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Lakeside School Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements, comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution and an agent on behalf of a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

The certified investment information in the accompanying 2022 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions and an agent on behalf of a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions and an agent on behalf of a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Description of the Plan

The following description of the Lakeside School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established by Lakeside School (the Sponsor) to provide retirement benefits to employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees are eligible for mandatory employee contributions and employer nonelective contributions on the first of the month or the first of the following month if hired mid-month, after attaining the age of 21. Employees who normally work less than 20 hours per week, employees who are enrolled students who regularly attend classes, athletic coaches, program heads, music coaches, private instructors, programs staff for summer programs, trip leaders for outdoor programs, trip leaders for global education programs, tutors, independent contractors, short and long-term substitute teachers, temporary employees who are hired for less than a year, staff employees who actually work fewer than 1,000 hours in any year, and faculty who actually work fewer than .5 of a full time equivalent are not eligible for mandatory employee contributions and employer nonelective contributions.

Contributions - Eligible participants are required to contribute 3.5% of their eligible compensation to the Plan. Participants may contribute additional elective deferrals to the Plan at their discretion. Participants who have attained age 50 before the end of the plan year are eligible to make "catch-up" contributions. Total employee contributions made on a pre-tax basis are subject to annual limitations established by the Internal Revenue Code (IRC). Participants are also allowed to rollover contributions from other qualified retirement plans or individual retirement accounts. Participants required to contribute to the Plan receive employer nonelective contributions from the Sponsor equal to 7% of their eligible compensation. There are no matching contributions on participants' additional elective deferrals, including catch-up contributions.

The Plan allows participants to make after-tax "Roth" contributions. Such contributions are subject to existing annual contribution limits prescribed under IRC 402(g). All Roth contributions and earnings thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for the tax treatment of distributions.

Participant Accounts - Each participant's account is credited with the participant's contributions and nonelective employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are immediately vested in all contributions to the Plan and actual earnings thereon.

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Continued

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive an annuity or lump-sum distribution equal to the value of the participant's vested interest in their account. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the Plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan. Terminated participants with account balances of \$5,000 or less are subject to mandatory distributions.

Plan Loans - Prior to April 15, 2019 the Plan provided for loans which were funded from the general assets of the recordkeeper, TIAA and CREF. Accordingly, these plan loans were not reported on the statements of net assets available for benefits and related interest income is not reported on the statement of changes in net assets available for benefits. Effective April 15, 2019, any new loans were funded directly from participant accounts.

The interest rate for plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract. Participants may borrow a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years.

There were \$2,491 and \$3,409 in outstanding plan loans at December 31, 2022 and 2021, respectively.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's account. The loan interest rate is fixed. Loan terms range from two to five years or up to ten years for the purchase of a primary residence. Interest rates ranged from 4.25% to 8.50%. Principal and interest are paid ratably through participant's auto bank draw from their personal bank account.

There were \$78,984 in outstanding participant loans as of December 31, 2022.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits - Benefits are recorded when paid. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Transaction based fees for notes receivable from participants and distributions are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Unallocated Assets - The Plan holds certain assets in an unallocated account which is used to recapture a portion of the expense ratios charged by the Plan's investments (revenue sharing payments). Based on the agreement with the Plan's custodian, revenue sharing payments can only be used to pay the Plan's administrative expenses. For the year ended December 31, 2022, the Plan received \$290 of revenue sharing payments which were used to pay administrative expenses. Unallocated assets totaled \$15,664 and \$17,624 respectively, as of December 31, 2022 and 2021.

Reclassification - Certain amounts in the prior periods presented have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported changes in net assets available for benefit.

Subsequent Events - The Plan's management has evaluated subsequent events through August 7, 2023, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities.

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Variable Annuity Accounts - CREF is a registered investment company and consists of eight accounts which fund variable annuity contracts issued by CREF. The fair values of accumulation units held in CREF accounts are based on each account's daily published net asset value (NAV). NAV is based on the market value of its underlying securities determined by market quotations or prices obtained from independent pricing sources. The CREF Money Market Account is valued at amortized cost, which approximates fair value. Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

Fixed Annuity Contracts - The TIAA Traditional Annuity are fixed annuity contracts (guaranteed investment contracts) that are fully and unconditionally guaranteed by TIAA. As an insurance company, TIAA is required to maintain contingency reserves to ensure that it will be able to fulfill its contractual obligations to policyholders. The TIAA Traditional Annuity that is not considered fully benefit-responsive and measured at fair value is offered through the Retirement Annuity (RA) and Retirement Choice (RC) contract types.

Under RA and RC contracts, participant-initiated withdrawals or transfers may be subject to certain liquidity restrictions and/or fees. RA and RC contracts are reported at contract value, which is the aggregation of contributions, plus interest, less any withdrawals. Contract value approximates a discounted cash flow value (fair value) calculated using an appropriate risk-adjusted market discount rate which correlates closely with historical crediting rates for these contracts.

Fair value is determined annually for financial statement reporting purposes. When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability.

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account - The TIAA Real Estate Account (REA) is a pooled separate account which funds variable annuity contracts issued by TIAA. The fair value of accumulation units held in the REA is published daily and based on market values of the underlying real estate properties determined by external appraisals, which are estimates of property values based on a professional's opinion. The REA may also hold real estate-related marketable securities which are valued using independent pricing sources. Accumulation units in the REA are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Fair Value Measurements as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	<u>Fixed Annuity Contracts</u>
Purchases	\$ 1,266,684

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

<u>Name</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>December 31, 2022 Range (Average)</u>	<u>December 31, 2021 Range (Average)</u>
Fixed annuity contracts	Discounted cash flow	Risk-adjusted discount rate applied	RA: 3.70% - 6.25% (3.86%) RC: 3.95 - 6.50% (4.14%)	RA: 3.00% - 3.80% (3.88%) RC: 2.75 - 3.90% (4.17%)

Note 4 - Fully Benefit-Responsive Investment Contracts

TIAA Traditional Annuity - In addition to the nonbenefit-responsive TIAA Traditional Annuity described in Note 3, the Plan also holds benefit-responsive TIAA Traditional Annuities through the Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), and Retirement Choice Plus (RCP) contract types. GSRA, SRA, and RCP contracts provide for full participant-directed liquidity and are reported at contract value. Contract value is the aggregation of contributions, plus interest, less any withdrawals.

Each contract is fully and unconditionally guaranteed by TIAA. As an insurance company, TIAA is required to maintain contingency reserves to ensure that it will be able to fulfill its contractual obligations to policyholders. Sponsor initiated withdrawals from the RCP contract are allowed over a five year period with 30 days advance written notice from the Sponsor. No events limit the ability of the Plan to transact at contract value with TIAA and that also would limit the ability of the Plan to transact at contract value with participants.

Note 5 - Information Prepared and Certified by the Custodian

The Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2022 and 2021, and investment income or loss and transactions for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA and CREF. TIAA and CREF have been authorized by TIAA, FSB to certify investments for which TIAA, FSB is the directed custodian. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

LAKESIDE SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 6 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by TIAA and CREF and fixed and variable annuity contracts issued by TIAA and CREF. TIAA and CREF is the recordkeeper for these investments. Transactions with such investments and fees charged by TIAA and CREF and its affiliates for managing the investments, qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Income Tax Status

The Sponsor adopted a TIAA ERISA 403(b) volume submitter plan document. TIAA received an approval letter from the IRS dated March 31, 2017, which states that the volume submitter plan document satisfies the applicable provisions of Section 403(b) of the IRC. The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10 - Concentrations of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of fixed annuity contracts issued by TIAA. The investments represent approximately 21% and 18% of total Plan investments as of December 31, 2022 and 2021, respectively. The Plan's management seeks to limit its credit exposure by placing its contracts with high-credit quality institutions.
