INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
MRCI 403(b) Plan
Mankato, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of MRCI 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of MRCI 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of MRCI 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MRCI 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MRCI 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MRCI 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated September 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MRCI 403(b) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the MRCI 403(b) Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Mankato Rehabilitation Center, Inc. (the Employer). Employees of the Employer are eligible to participate in the salary deferral portion of the plan immediately coinciding with or following their date of hire. The Plan excludes collectively bargained employees, non-resident aliens, independent contractors, and on-call substitutes expected to work less than 20 hours per week. Prior to October 1, 2021, participants were eligible for the Employer discretionary matching and non-elective contributions after completion of two years of service and attainment of age 18. Beginning October 1, 2021, participants were eligible for the Employer contributions immediately coinciding with or following their date of hire.

The Plan year is the twelve-month period ending December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participants may elect to contribute a percentage of eligible compensation to the Plan, up to the maximum amount allowed under the Plan, and subject to various regulatory limits. The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, also known as rollover contributions.

The Plan also permits after-tax (Roth) contributions as an eligible type of participant elective deferral.

Employer Matching and Discretionary Contributions

The Employer may make discretionary matching contributions up to a maximum of 6% of eligible compensation. The Employer matched 100% of elective deferrals up to 3% of eligible compensation from January 1, 2021 through June 30, 2021 and 100% of elective deferrals up to 6% of eligible compensation through the remainder of the year ended December 31, 2021. The Employer may also make discretionary non-elective contributions. There were no Employer non-elective contributions for the year ended December 31, 2021. A participant must be employed on the last day of the Plan year and complete at least 1,000 hours of service during the year to receive an allocation of the Employer non-elective contribution.

All contributions are subject to certain limitations.

Participant Accounts

Each participant is credited with his/her contribution and allocations of the Plan's earnings as well as Employer match and discretionary contributions, if applicable. Allocations are based on account balances or compensation as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from his/her vested account.

Retirement

A participant's normal retirement date is at age 65. A participant who retires will be entitled to the full value of his/her account, calculated as of the trust valuation date coinciding with or following the retirement date and will also be entitled to an allocation of the Company's contribution for that year.

Vesting

Participants are immediately vested in all contribution sources plus actual earnings thereon.

MRCI 403(b) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

Benefit Payments

Upon termination of employment, death, disability, or retirement, the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan also permits distributions in the event of a financial hardship, as defined in the Plan. If the participant terminates employment and the participant's vested account balance doesn't exceed \$5,000, the plan administrator will authorize the benefit payment without the participant's consent. For forced payouts of account balances that exceed \$1,000, the Plan will automatically roll the balance into a qualified individual retirement account if no other election is made.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her contributions in any of several available investment options.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Loans are treated as a directed investment and are available upon request. Loan terms are five years or less, or ten years or less for a loan on a primary residence. The loans are secured by the balance in the participant's account. The annual interest rate on participant loans is equal to the prime rate plus 2 percent as published in the Wall Street Journal (or any comparable successor rate so published). Loans currently outstanding bear interest at rates ranging from 5.25-7.50 percent and have various maturities through September 2026.

Forfeited Accounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$3,207 and \$3,771, respectively. These accounts will be used to reduce Company contributions into the Plan or pay Plan expenses in accordance with the Plan document. For the year ended December 31, 2021, forfeited non-vested accounts of \$38,912 were used to pay for the Plan's expenses.

COVID-19

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to the global outbreak of the novel coronavirus (COVID-19). The CARES Act included several relief provisions available to retirement plans and their participants. The Plan implemented the following relief provisions and Plan management intends to formally amend the Plan as required:

- COVID-19 related distributions: Qualified participants could receive COVID-19 related distributions of up to \$100,000 of their vested Plan account during 2020 without an early withdrawal penalty. These distributions are eligible for repayment within three years
- Participant loans: Increase of loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments during the year ended December 31, 2020. Repayments were required to resume in January 2021. Impacted loans were re-amortized to extend the payoff period by one year and include accrued interest for the suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

The economic impact of COVID-19 or any other pandemic could adversely affect the Plan's financial condition. Resurgence of outbreaks could continue to impact the Plan and given the ongoing uncertainty surrounding the nature of COVID-19, its magnitude, and its duration, future effects remain difficult to predict at this time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with United States of America generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with the United States of America generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note 3). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. The Plan pays certain base level and per participant fees for the Plan's recordkeeping along with additional fees for third party administration. The total expenses incurred by the Plan are also subject to be offset by amounts received from revenue sharing agreements which are based on average daily balances in various investment funds.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2021, are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 17, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements:

	Level 1	Level 2	Level 3	Total
December 31, 2021

Note 4: Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The plan administrator and the plan's tax counsel believe that terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Note 5: Risks and Uncertainties

The assets of the Plan are invested in various individual investment funds according to the direction of the plan participants. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits, and accordingly, account balances of participants in the Plan.

Note 6: Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Capital Bank and Trust:

	2021	2020
Assets at December 31:		
Investments, at fair value	\$ 11,859,042	\$ 11,167,943
Notes receivable from participants	97,950	101,311
Income for the Year Ended December 31:		
Net appreciation in fair value of investments	853,006	
Dividends and interest	641,034	
Interest on notes receivable from participants	6,162	

Note 7: Concentrations

Five investment balances accounted for approximately 71 and 73 percent of total investments as of December 31, 2021 and 2020, respectively.

Note 8: Party-in-Interest Transactions

Transactions resulting in the Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA, unless a specific exemption exists. Capital Bank and Trust, the trustee of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions and are indicated as such on the Schedule of Assets (Held at End of Year). However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 9: Plan Termination

Although it has expressed no intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would automatically become 100% vested in their account balances.

Note 10: Plan Errors

During 2021 and 2020, certain employees received bonuses that were incorrectly excluded from compensation in the calculation of employee elective deferrals and employer matching contributions. This constitutes an operational failure within the Plan. Management has evaluated the effect of this plan error and determined it is not material to the overall financial statements, and thus no receivable has been recorded by the Plan. The plan sponsor will make corrections to the Plan as soon as administratively feasible, will contribute any required lost earnings, and will pay any applicable excise tax for both the 2021 and 2020 Plan errors. These corrections will be made from the Company's assets, not the assets of the Plan.
