Note 1. Plan Description

The following description of Luminator Technology Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Luminator Holding LP and Luminator Technology Group, Inc. (the Company) who have one month of service and are age 21 or older. Apollo Video Technology LLC is the Plan Sponsor. Employees who are subject to a collective bargaining agreement and interns are excluded from Plan eligibility. The Plan Administrator is responsible for oversight of the Plan. Company management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: Effective January 1, 2020, the Plan was amended to reduce service eligibility to one month of service and provide for automatic enrollment at 3% of eligible compensation for newly eligible employees unless the employee opts out of participation or elects a different percentage. Automatically enrolled participants deferral percentage will be increased 1% per year up to a maximum deferral of 8% unless otherwise elected. The amendment also provides for 100% immediate vesting for all contributions.

Effective January 1, 2020, the Plan was amended to change the name of the Apollo Video Technology 401(k) Plan to Luminator Technology Group 401(k) Plan and provide for a merger of the Luminator 401(k) Retirement Plan into this Plan

During 2020, the Plan also implemented certain Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions to allow for special coronavirus-related distributions, an increase in Plan loan amounts and deferral of loan payments.

Contributions: Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor made safe-harbor matching contributions during the plan year ended December 31, 2020, equal to 100% of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred. The Sponsor may also make discretionary profit-sharing contributions to the Plan. There were no profit-sharing contributions for the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution, as well as allocations of any profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and the Sponsor's safe-harbor matching contributions plus actual earnings thereon. Participants are vested in the Sponsor's discretionary profit-sharing contributions made prior to January 1, 2020 plus actual earnings thereon based on years of continuous service. Participants vest 20% per year after the second year of employment and are fully vested after six years of service. If a participant incurs a severance from employment due to death or disability, he or she will immediately become 100% vested.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to fund future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled $0 and $67,839 at December 31, 2020 and 2019, respectively. During 2020, $16,672 was used to pay plan expenses, and $68,971 was used to fund employer contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2020, and mature through 2025. Principal and interest are paid ratably through semi-monthly and weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Company management determines the Plan's valuation policies utilizing information provided by the Plan's trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2020) through August 23, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Ascensus as agent for Ascensus Trust Company (Trustee) and Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (Custodians)

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and the custodians that information provided to the Plan Administrator by the trustee and custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2020	2019
Investments at fair value:		
Registered investment companies	$ 30,715,715	$ 3,805,504
Notes receivable from participants	$ 624,024	$ 42,910

Ascensus also certified to the completeness and accuracy of $2,925,497 of net appreciation in fair value of investments, $438,725 of interest and dividends, and $34,200 interest on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2020.

Note 3. Information Certified or Provided by Ascensus as agent for Ascensus Trust Company (Trustee) and Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (Custodians)

Prudential Bank and Trust, F.S.B. certified to the completeness and accuracy of $84,621 of net depreciation in fair value of investments, $2,982 of dividends, and $1,812 interest on notes receivable from participants for the period January 1, through January 31, 2020. Prudential Retirement Insurance and Annuity Company certified to the completeness and accuracy of $4,738 interest income for the period January 1, through January 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. There were no transfers between the levels for the years presented.

Note 5. Related-Party and Party-in-Interest Transactions

Ascensus Trust Company is the trustee of the Plan and Vanguard is the custodian; therefore, transactions with the trustee and custodian qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled $46,477 for the year ended December 31, 2020. The Sponsor also paid certain administrative expenses of the Plan that are not included in these financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a form of a volume submitter plan sponsored by Farmer & Betts. The volume submitter plan has received an opinion letter dated March 31, 2014, from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the volume submitter plan's opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Merger

Effective January 1, 2020, the Plan accepted legal control of the net assets of the Luminator 401(k) Retirement Plan through a plan merger. As a result, net assets of approximately $27,115,000 were transferred to the control of the Luminator Technology Group 401(k) Plan. The merger had no impact on participant benefits or participant account balances.

Note 9. Nonexempt Transactions

During 2020, 2019, 2018 and 2017, the Sponsor inadvertently failed to deposit $64,240, $134,885, $149,134, and $81,400 of participant deferrals within the required time frame as stated by the DOL regulations. The Sponsor intends to reimburse the Plan for lost interest and to file Forms 5330 and intends to pay the applicable excise tax in 2023. The excise tax payments will be made from the Sponsor's funds and not from assets of the Plan.

Note 10. Subsequent Event

Effective January 1, 2021, the Plan was amended and restated by adopting a non-standardized pre-approved profit-sharing plan sponsored by Ascensus LLC. The pre-approved plan has received an opinion letter dated June 30, 2020, from the IRS as to the pre-approved plan's qualified status. The Plan's restated document includes a provision to permit participants to elect specific deferral amounts from any bonus payments.
