INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Ocean Health Initiatives, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ocean Health Initiatives, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ocean Health Initiatives, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ocean Health Initiatives, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ocean Health Initiatives, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ocean Health Initiatives, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ocean Health Initiatives, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following brief description of the Ocean Health Initiatives, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution Plan, qualifying under section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Ocean Health Initiatives, Inc., (the “Employer”) and their beneficiaries funds for retirement.

Eligibility

Employees become eligible for participant deferrals in the Plan following the attainment of twenty-one years of age and the completion of three consecutive months of service. The Plan excludes nonresident aliens. An employee becomes eligible for Employer discretionary matching contributions following the attainment of twenty-one years of age and the completion of one year of service with at least 1,000 service hours. Participants’ entry dates for the Plan are the first day of each quarter of the Plan year.

Participant Contributions

An employee participating in the Plan may contribute through payroll deductions pretax deferrals or Roth deferrals in any amount up to 90% of compensation, not exceeding amounts as determined by the Internal Revenue Service (“IRS”) and may transfer in amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional “catch up” contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are automatically enrolled at a deferral rate of 1% of compensation unless they choose not to participate. Participants may increase or decrease their level of participation or suspend contributions before each payroll period.

Employer Contributions

The Employer makes a matching contribution of 50% of the participant’s deferral up to the first 10% of compensation. The matching contribution formula is applied on a per payroll period basis.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investments, with varying investment objectives as investment options. Each participant’s account is credited with the participant’s contributions, the Employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant’s account is reduced by withdrawals, losses on investments, expenses of the Plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participant's contributions and earnings or losses thereon are fully vested. The Employer contributions and earnings or losses thereon are 100% vested after the completion of five years of continuous service based upon the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each 12 months of continuous service or, if less than a year of service, when his or her account is credited with 1,000 hours of service. A participant is always 100% vested in his or her own deferred salary contribution and earnings to the Plan, but with respect to the Employer contributions, any unvested portion of his or her account shall be forfeited upon termination. A participant is considered 100% vested upon termination of service due to death or disability.

Payment of Benefits

Prior to age 59-1/2, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability, or termination of employment. After attaining age 59-1/2, 100% of the participant's vested account may be withdrawn for any reason via lump-sum or annuity. In the event of termination of service due to death, total disability, retirement, or termination of employment, participants whose vested balance exceeds \$5,000 may elect to receive a lump-sum, or period installments, or have the vested interest of his or her account transferred to an individual retirement account or a qualified retirement plan maintained by another employer. If a participant's vested balance is \$5,000 or less, the participant will receive a lump-sum distribution. Upon the death of a participant, benefits are payable to a surviving spouse or other beneficiary.

The Plan allows for hardship withdrawals based upon any of the following criteria:

- Expenses for medical care
- Costs directly related to the purchase of a principal residence for the participant
- Payments for burial or funeral expenses for certain relatives of the participants, as defined in the Plan
- Payment of tuition and related expenses for post-secondary education, as defined in the Plan
- Expenses for the repair of damage to the participant's principal residence, as defined in the Plan
- Payments necessary to prevent the eviction of the participant from his or her principal residence or foreclosure on the mortgage on that residence

Notes Receivable from Participants

The Plan allows for loans to be extended to participants for any reason. All loans are considered a direct investment of the participant, and payments of principal and interest are credited to the participant's account. The minimum a participant may borrow is \$1,000 and the maximum is 50% of his or her vested balance reduced by the participant's highest outstanding loan balance during the one-year period immediately prior to the date in which such loan is made, not to exceed \$50,000. Loans bear interest rates at 1% above the prime interest rate. The loans bore interest at reasonable rates (as defined in the Plan agreement). Principal and interest are paid ratably through payroll deductions.

December 31, 2022 and 2021

Loans are to be repaid within a five-year period. Unless the loan proceeds were used to acquire a principal residence, the loan repayment may be extended to ten years. A participant is permitted to have only one loan outstanding at any time. The interest rates on outstanding loans at year end ranged from 4.25% to 8% and loans mature on various dates through 2027.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 3.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded in the month it is earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Certain investment related expenses are included in investment income and are not readily determinable.

Administrative Expenses

For the year ended December 31, 2022, \$81,676 of administrative costs were charged to the Plan participants. Other direct expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Employer. Participants are charged service fees for any loan or distribution transactions they request. In addition, certain fees assessed by investment fund managers have been offset against net depreciation in fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are to be disposed of in the Plan year in which the forfeiture occurs. Forfeitures of Employer matching contributions will be used first to pay Plan administrative expenses, and then used to reduce any Employer contributions. At December 31, 2022 and 2021, the Plan had \$778 and \$753, respectively of forfeited non-vested accounts. During 2022, \$23,582 of forfeitures were applied to employer contributions.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate volatility, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Ocean Health Initiatives, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Excess Contribution Liability

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15 of the subsequent year.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are designed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end. Since NAV is a quoted price in an active market, they are classified within Level 1 of the valuation hierarchy.

Common/Collective Trusts: Valued at net asset value as determined by the issuer of the fund based on the fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

				<u>\$ 7,488,126</u>

*In accordance with FASB Accounting Standards Codification ("ASC") Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a summary of the Plan's investments for which fair value is estimated using the net asset value per share as of December 31:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common/collective trusts	\$ 1,219,145	\$ 2,837,983	\$ -	Daily	None

4. PLAN TERMINATION

The Employer intends to continue the Plan indefinitely for the benefit of its employees but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

Any amount in the forfeiture account upon termination, which has not been applied to reduce the Employer's contribution or pay expenses, shall be allocated on a pro rata basis to the participants' accounts.

5. INFORMATION CERTIFIED BY TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Reliance Trust Company, the trustee, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the trustees, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, at December 31, 2022 and 2021.

Current year excess contributions payable	10,996	
Change in net assets available for benefits per Form 5500	<u>\$ (880,804)</u>	

7. INCOME TAX STATUS

The Plan obtained its latest determination letter on October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. RELATED PARTY TRANSACTIONS

ADP Retirement Services provides recordkeeping services to the Plan and is a subsidiary of Reliance Trust Company, which is the trustee as defined in the Plan. Transactions with this provider qualify as party-in-interest transactions. Notes receivable from participants also qualifies as party-in-interest transactions.

9. REFUND OF EXCESS CONTRIBUTIONS

The Plan failed the IRC 401(k) Actual Deferral Percentage (“ADP”) compliance test of participant contributions for the year ended December 31, 2022. The Plan corrected the test failure by returning the excess contributions to the highly compensated employees in the following year before March 15.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of July 24, 2023, the date for which the financial statements were available to be released. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require disclosure in or adjustment to the financial statements.
