INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees
Hoffman Car Wash, Inc. Retirement Plan
Albany, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Hoffman Car Wash, Inc. Retirement Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Hoffman Car Wash, Inc. Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Hoffman Car Wash, Inc. Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Hoffman Car Wash, Inc. Retirement Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Hoffman Car Wash, Inc. Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within year), as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Hoffman Car Wash, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of **Hoffman Car Wash, Inc. Retirement Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Plan Amendment and Partial Termination

The Plan was restated in its entirety effective January 1, 2022 to include the following required regulatory changes:

- The Bipartisan Budget Act of 2018 and final regulations relating to hardship withdrawals
- Tax Cuts and Jobs Act
- Setting Every Community Up for Retirement Enhancement (SECURE) Act
- Coronavirus Aid, Relief, and Economic Security (CARES) Act

In addition to the regulatory changes noted above, the Plan was amended to change the entry date for newly eligible participants from a semi-annual entry date of January 1st and July 1st to the first day of each month after meeting the 1,000 hour of service requirement. This change was effective September 1, 2022.

The Plan Sponsor determined the Plan experienced a partial plan termination effective December 15, 2021. The partial termination resulted from the sale of Jiffy Lube franchises owned by two of the participating employers. The participants who were affected by the partial plan termination were made 100% vested pursuant to the partial termination rules outlined in the plan document. The affected participant account balances are expected to be distributed upon request.

General

The Plan is a defined contribution plan covering all eligible employees of Hoffman Car Wash, Inc. (Sponsor Employer) and employers under common control, Hoffman Development Corporation, T. Hoffman Development Corporation, TCP Albany Auto Finance, LLC, TCP Holdings, LLC, TCP Sales Holdings, LLC, THD2 Company, LLC, HDC2 Company, LLC, and InnovateIT Carwash Equipment, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

At December 31, 2022, the management of TCP Auto Sales, LLC and TCP Albany Finance, LLC has formally resolved to discontinue operations of these two entities and a plan of winding down has begun to settle liabilities and to monetize assets. Management expects the settlement process to take up to 36 months. Currently, the employee base has not been significantly impacted by this plan of liquidation.

The Plan is administered by the trustees of the Plan. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

All employees who have completed 1,000 hours of service during their initial or subsequent eligibility computation period are eligible to participate in the salary reduction, employer matching portion, and employer profit sharing portion of the Plan. Individuals who become employees by virtue of an acquisition, merger, or similar transaction are subject to certain rules. The Plan will also allow eligibility for long-term part-time employees to participate in the Plan under the provisions of the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Contributions

Participant Contributions - A participant may elect to defer any percentage of their compensation each year up to the maximum allowed by law, but not to exceed 75% for regular payroll periods. For certain designated payroll periods, participants may defer up to 100% of compensation. Participants may designate all or any portion of their deferrals as Roth contributions. The Plan includes an automatic enrollment deferral of 5% for newly eligible employees who fail to provide an enrollment agreement to the contrary, and specifies the investment options for such automatic enrollments. Each participant may change the rate of their elective deferrals in accordance with rules established by the employer. A participant allocates their 401(k) contributions among various investment choices.

Rollover Contributions - Participants may make rollover contributions after meeting the eligibility requirements for participation in the Plan.

Matching Employer Contributions - The employer will match elective contributions by making a contribution to the 401(k) account. The amount of this contribution will be equal to 100% of the elective contributions up to 5% of compensation.

Profit Sharing Employer Contributions - The employer may make discretionary profit-sharing contributions to the Plan. If a profit-sharing contribution is made, it is subject to the provisions concerning top heavy plan requirements. Each participant will be assigned their own individual class, as defined under the top heavy plan minimum benefit requirements, and is eligible to share in the discretionary contribution for their respective class.

The employer contribution is allocated to each eligible participant, by class, in the ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying participants within the same class for the Plan year. There were no profit sharing contributions for the Plan years ended December 31, 2022 and 2021.

Participant Accounts

The Plan is a 401(k) salary deferral and profit-sharing plan under which a record keeping account is set up in each participant's name to show the value of their retirement benefit. The participant's share of contributions and investment earnings is added to their account. Subtractions include withdrawals made by the participant and the participant's share of investment losses. Each participant directs the investment of their account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant salary deferrals, plus or minus any earnings or losses, are 100% vested. Employer matching and profit-sharing contributions, and earnings or losses thereon, vest in accordance with the following table:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Hoffman Car Wash, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Vesting (Continued)

If a participant terminates before their matching and/or profit-sharing account is fully vested, the non-vested portion of their account is forfeited. Forfeitures may be applied to payment of Plan administration expenses. Otherwise, forfeitures are applied toward employer matching or profit-sharing contributions, as applicable. Terminated participants who return to work before incurring five consecutive one-year breaks in service may recapture their forfeited benefit upon restoring to the Plan the distribution received at termination.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the custodians. Principal and interest is paid ratably through weekly payroll deductions. Participants may only have one outstanding loan at any one time.

Payment of Benefits

Normal Retirement - A participant's account is 100% vested and payable upon retirement at age 65.

Early Retirement - The Plan does not allow for early retirement.

Late Retirement - If a participant continues working after their normal retirement date, they will remain in the Plan as an active member. The participant's account is 100% vested and will become payable when they actually retire from active employment, subject to minimum distribution rules at age 72 or later.

Disability Retirement - If a participant becomes disabled and is unable to continue working, their account is 100% vested, regardless of the number of years of service.

Death Benefits - If a participant dies while an active member of the Plan, their account is 100% vested and payable to the designated beneficiary. If the participant is married, their spouse will automatically be the beneficiary unless they specify otherwise with the written consent of the spouse.

Hardship Withdrawals - A participant may request a distribution from the Plan in the event of a financial hardship in an amount not to exceed the participant's elective deferrals.

In-Service Withdrawals - A participant may request a distribution from the Plan from any rollover contributions at any time.

Other - Participants who attain age 59½ and continue to work may withdraw their elective deferrals plus the vested portion of the employer's matching and profit-sharing contributions.

Hoffman Car Wash, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Forfeitures

When a participant terminates before becoming 100% vested, the portion of their account to which they are not entitled may be used to pay any administrative expenses of the Plan. Otherwise, forfeitures are used to reduce the amount that the employer contributes to the Plan for matching or profit-sharing contributions, as the case may be. As of December 31, 2022 and 2021, forfeited non-vested account balances were \$29,925 and \$35,865, respectively. Forfeitures of \$103,307 and \$85,182 were used during the years ended December 31, 2022 and 2021, respectively, to reduce employer contributions.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document. Interest income on the notes is recorded when the payments are withheld from the participants. Any interest that is withheld but not received by the Plan prior to year end is accrued and reflected as interest on notes receivable from participants in the accompanying statements of net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan Document for purposes of Form 5500 reporting. However, for purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as determined and certified to by the Plan's custodians. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Revenue Sharing Credits

The Plan Sponsor will pay certain administrative expenses of the Plan if not paid directly by the Plan. The Plan also receives revenue sharing credits from the Plan's custodian which are netted against administrative fees paid by the Plan.

NOTE 3 - CERTIFIED PLAN INVESTMENTS

Certified Investments

The information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC, the custodians of the Plan, under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 3 - CERTIFIED PLAN INVESTMENTS (Continued)

During the years ended December 31, 2022 and 2021, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated (depreciated) in value by \$(4,794,266) and \$1,359,437, respectively. The Plan earned interest and dividends on investments of \$999,554 and \$1,760,525 for the years ended December 31, 2022 and 2021, respectively. The Plan earned interest income of \$28,462 and \$31,642 on the notes receivable from participants for the years ended December 31, 2022 and 2021, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no other changes in methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Hoffman Car Wash, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	20,593,935	-0-	-0-	20,593,935

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	24,202,368	-0-	-0-	24,202,368

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2022 and 2021.

NOTE 5 - FIXED INCOME CONTRACT

Effective March 1, 2017, the Plan has a fully benefit-responsive fixed income contract (traditional investment contract) with Great-West Life & Annuity Insurance Company of New York (GWL&A). GWL&A maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed income contract holder is contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value as reported by GWL&A, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Hoffman Car Wash, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 5 - FIXED INCOME CONTRACT (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited daily on a portfolio basis and is determined by GWL&A prior to the last day of the previous calendar quarter and is reset quarterly. The credited interest rate is subject to the discretion of GWL&A; however, it will not be less than the rate established in the agreement. The average yield and crediting interest rate was approximately 1.0% and .9% for the years ended December 31, 2022 and 2021, respectively. The minimum crediting interest rate established by the agreement is 0%.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options (3) bankruptcy of the Plan Sponsor, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The fixed income account was subject to certain transfer and cessation restrictions as follows:

Transfers, Distributions

Amounts may be transferred from the participant's account balance in the Key Guaranteed Portfolio Fund at any time. The value of the Key Guaranteed Portfolio Fund in respect of the participant will be determined as the value of (a) minus (b) where: (a) is the sum of the participant's Key Guaranteed Portfolio Fund contributions plus interest and transfers to the Key Guaranteed Portfolio Fund; and (b) is the sum of: i. any amounts distributed; and ii. any transfers from the Key Guaranteed Portfolio Fund; and iii. premium tax, if applicable.

Cessation Options

On the contribution cessation date, the group contract holder may elect a cessation option. If no option is elected within 30 days of the contribution's cessation date, GWL&A is hereby instructed to comply with cessation option 1 below. The cessation options are: (1) Maintenance of each Participant Annuity Account - GWL&A will maintain the sum of each participant annuity account value in the Key Guaranteed Portfolio Fund until it is applied to a payment option or distributed to a participant or beneficiary. (2) Payment at Book Value - GWL&A will pay to the group contract holder the sum of the participant annuity account value in the Key Guaranteed Portfolio Fund. GWL&A reserves the right to defer payment of this amount but not longer than 12 months from the contribution cessation date. (3) Any other cessation option allowable under applicable law as mutually agreed upon in writing by GWL&A and the group contract holder.

NOTE 6 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS

The fixed income account is invested in the general assets of one of the custodians (Great-West Life & Annuity Insurance Company of New York), and therefore, they are considered party-in-interest transactions. The fixed income account had a contract value of \$1,258,341 and \$1,312,736 at December 31, 2022 and 2021, respectively.

As previously discussed, the Plan may issue notes receivable to participants that are secured by participant account balances. The value of the notes receivable outstanding were \$400,008 and \$573,158 at December 31, 2022 and 2021, respectively. Interest income received on participant loans was \$28,462 and \$31,642 for the

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 6 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS (Continued)

years ended December 31, 2022 and 2021, respectively. All of these transactions qualify as party-in-interest transactions.

Additionally, the Plan paid recordkeeping and third-party administrative fees to Great-West Life & Annuity Insurance Company of New York and administrative fees to service providers for the years ended December 31, 2022 and 2021. These transactions qualify as party-in-interest transactions. Fees paid during the year for recordkeeping and administrative services rendered by parties-in-interest were based on customary and reasonable rates for such services and are included as deductions for administrative expenses on the statements of changes in net assets available for benefits. The Plan also receives revenue sharing credits from the Plan's custodian which are netted against administrative fees paid. These credits totaled \$122,058 and \$127,611 for the years ended December 31, 2022 and 2021, respectively. Total administrative expenses, net of revenue sharing credits, amounted to \$13,617 and (\$10,502) for the years ended December 31, 2022 and 2021, respectively.

NOTE 7 - TERMINATION of PLAN

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan shall terminate upon any of the following events: termination of the Plan by the employer and/or dissolution or merger of the employer, unless the successor makes provisions to continue the Plan. In this situation, the successor must substitute itself as the employer under this Plan.

Upon full termination of the Plan, the account balance of each affected participant shall be 100% vested and non-forfeitable. The amount of the fund assets shall be allocated to each participant subject to provisions for expenses of administration of the liquidation, in the ratio that such participant's account bears to all accounts.

NOTE 8 - TAX STATUS

Effective January 1, 2022, the Plan adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Non-Standardized Pre-Approved Plan, as then designed, was in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving this opinion letter. However, the Plan Administrator believes that the Plan is currently designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - RECONCILIATION of FINANCIAL STATEMENTS to FORM 5500

The following is a reconciliation between financial statement amounts and Form 5500 at December 31, 2022:

Benefits Paid per Financial Statements	1,974,549
Less: Deemed Distributions	<u>(7,171)</u>
Total Benefits Paid per Form 5500	1,967,378
Administrative Expenses per Financial Statements	13,617
Plus: Credit from Service Provider	<u>122,058</u>
Total Administrative Expenses per Form 5500	135,675

NOTE 11 - SUBSEQUENT EVENTS

The Plan was amended effective March 1, 2023 to adjust the 1,000 hour of service/plan year provisions for rehired employees.

Subsequent events have been evaluated through August 1, 2023, which represents the date the financial statements were available to be issued.
