Independent Auditor's Report

To the Plan Administrator
Pine State Trading Co. 401(k) Retirement Savings Plan
Gardiner, ME

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pine State Trading Co. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pine State Trading Co. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pine State Trading Co. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pine State Trading Co. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pine State Trading Co. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pine State Trading Co. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pine State Trading Co. 401(k) Retirement Savings Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Pine State Trading Co. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Pine State Trading Co. (the "Company") and its majority owned subsidiary who are at least 20 years of age and have completed at least three (3) months of service as defined by the plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended. The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investments and monitors investment performance.

Change in Trustee

Effective April 1, 2021, the Plan changed its trustee from Great-West Trust Company, LLC to Fidelity Management Trust Company. The Guaranteed Portfolio Fund, a general account product, remained at Great-West Life and Annuity Insurance Company due to liquidation restrictions until it was transferred on March 29, 2022.

Contributions

Each year, participants may contribute up to the maximum amount of their eligible compensation that will not cause the Plan to violate the ADP test for the Plan year. The employee deferral may not exceed the maximum dollar amount for the Plan year under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may contribute elective deferral amounts on a pre-tax basis or Roth after-tax basis. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Effective April 1, 2021, those participants who are automatically enrolled with a deferral rate greater than zero (who are not suspended from making deferral contributions) will have that deferral increased annually by 1% as a pre-tax deferral contribution until a deferral rate of 6% is reached. Company match contributions are discretionary. During 2022 and 2021, the Company matched 25% of the first 6% of eligible compensation that a participant contributed to the Plan. The Company match contributions to the Plan for the years ended December 31, 2022 and 2021, were $315,451 and $278,911, respectively. The Company's safe harbor nonelective contribution is equal to 3% of each participant's eligible compensation. The Company safe harbor contribution for the years ended December 31, 2022 and 2021, was $825,452 and $756,204, respectively. Contributions are subject to certain IRS limitations. Employee deferrals and Company match contributions are funded on a payroll basis; Company safe harbor contributions are funded on a semi-annual basis.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company safe harbor and discretionary match contributions, if applicable, and allocations of plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their eligible account balance. Loan terms generally cannot exceed 5 years, unless the loan is for the purchase of a principal residence, in which case the plan administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear a fixed rate of interest commensurate with local prevailing rates at the inception of the loan. Principal and interest are paid ratably through payroll deductions. Interest rates on notes outstanding at December 31, 2022 and 2021, ranged from 3.25% to 7.00%.

Payment of Benefits

Upon termination of service, a participant may receive a lump sum amount equal to the value of his or her vested account. If the balance is less than $5,000, the plan administrator may automatically distribute the balance as a lump-sum distribution. Provided certain conditions are met, participants may also be entitled to an in-service distribution upon attaining age 59 1/2. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan document.

CARES Act Provisions

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic. Certain design changes were made to the plan during 2020 as permitted pursuant to the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the fully benefit-responsive investment contracts (FBRICs). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to withdrawal charges are netted with benefit payments. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income (loss).

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and lowest priority to unobservable inputs ("Level 3"). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described, as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 36,383,360	$ -	$ -	$ 36,383,360

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,018,242	$ -	$ -	$ 44,018,242

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan had a fully benefit-responsive guaranteed investment contract (FBRIC) with Great-West Life and Annuity Insurance Company (Great West). The Guaranteed Portfolio Fund was a general account product. Great West was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The entire general account assets of Great West back these guarantees. The methodology for calculating the interest crediting rate was based on the earnings of the underlying assets in the entire medium long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate was reset quarterly. Effective March 29, 2022, the Guaranteed Portfolio Fund was terminated and funds were transferred to Fidelity Management Trust Company.

Effective April 1, 2021, the Plan has a FBRIC with the Standard Insurance Company (Standard), the Stable Asset Fund II. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The Stable Asset Fund II is a general account product which provides a guarantee of principal and guaranteed quarterly interest rate. The methodology for calculating the interest rate is based on the Standard Stable Asset Fund (the SAF) interest rate which is determined and declared quarterly. The interest is credited daily to deposits to the SAF at the daily equivalent of the SAF interest rate. The SAF interest rate will not be less than the Minimum Guaranteed Interest Rate of 1.00% per annum.

Because the guaranteed investment contracts meet the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Great West and Fidelity Management Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to equity wash provisions for the Guaranteed Portfolio Fund.

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs) (Continued)

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the investment contracts at December 31, 2022 and 2021, was $924,471 and $1,047,193, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5: Information Prepared and Certified by the Trustees and Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividend income and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life and Annuity Insurance Company, the custodian, as of March 29, 2022 and for the period January 1, 2022 to March 29, 2022, and as of and for the year ended December 31, 2021, Great-West Trust Company, LLC, the trustee, for the period January 1, 2021 to March 31, 2021, and Fidelity Management Trust Company, the trustee, as of and for the year ended December 31, 2022 and as of December 31, 2021 and for the period April 1, 2021 to December 31, 2021.

Note 6: Party-in-Interest Transactions

Certain plan investments were held under a guaranteed investment contract by Great-West Life and Annuity Insurance Company or are managed by Fidelity Management Trust Company. Great-West Life and Annuity Insurance Company, the custodian, as of March 29, 2022 and for the period January 1, 2022 to March 29, 2022, and as of and for the year ended December 31, 2021, Great-West Trust Company, LLC, the trustee, for the period January 1, 2021 to March 31, 2021, and Fidelity Management Trust Company, the trustee, as of and for the year ended December 31, 2022 and as of December 31, 2021 and for the period April 1, 2021 to December 31, 2021, are custodians or trustees the Plan and, therefore, these transactions qualify as party-in-interest transactions. Empower Retirement, an affiliate of Great-West Life and Annuity Insurance Company, and Fidelity Management Trust Company are the recordkeepers of the Plan. Total recordkeeping fees paid for years ended December 31, 2022 and 2021 are included in administrative expenses in the statements of changes in net assets available for benefits.

Note 6: Party-in-Interest Transactions (Continued)

LPL Financial LLC and Global Retirement Partners, LLC are defined as investment advisors to the Plan and are paid by the Plan for these services. Total investment advisory fees paid during the years ended December 31, 2022 and 2021 are included in investment fees in the statements of changes in net assets available for benefits.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8: Tax Status

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan Document with an IRS notification letter which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Management has made an evaluation of subsequent events through August 10, 2023, which is the date the financial statements were available to be issued.
