Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of Goodwill Industries of North Central Wisconsin, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants ("team members") should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan established for a not-for-profit organization, commonly known as a Code Section 403(b) savings plan. Goodwill Industries of North Central Wisconsin, Inc. (the "Employer") is the plan sponsor and is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code ("IRC").

The Plan covers substantially all employees of the Employer, except for nonresident aliens or student employees. Team members may enter the Plan and make deferral contributions upon their date of hire. Team members are eligible to receive discretionary Employer matching contributions after attaining the age of 18, completion of 1,000 hours of service, and are employed at December 31 of the Plan year. Team members eligible for discretionary Employer matching contributions may enter the Plan immediately after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Audit Committee is responsible for oversight of the Plan. The Employer determines the appropriateness of the Plan's investment offerings, monitors investments performance, and reports to the Audit Committee.

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that team members may choose to direct their contributions and/or all or part of their account balances among the Plan's investment alternatives. All investments are participant-directed.

Contributions

Each year, team members may contribute annual pretax compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Service ("IRS"). The Plan also allows Roth contributions. Team members who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows team members to roll over distributions from other qualified retirement plans (rollovers).

The Employer can make discretionary matching contributions equal to 100% of the team member's total contribution, with the maximum contribution equal to 6% of the team member's eligible compensation. Catch-up contributions are matched. Rollovers are not matched. The Employer's discretionary matching contributions totaled \$635,338 and \$562,293 in 2022 and 2021, respectively (the Employer's discretionary match was 6% in 2022 and 2021).

Goodwill Industries of North Central Wisconsin, Inc. 403(b)

Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each team member's account is credited with the team member's contribution, the Employer's discretionary matching contribution, and allocations of plan earnings (losses) or forfeitures. Team member accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on team member earnings, account balances, or specific team member's transactions, as defined. The benefit to which a team member is entitled is the benefit that can be provided from the team member's vested account.

Vesting

Team members hired before January 1, 2020, are immediately vested in their voluntary contributions and discretionary Employer contributions plus actual earnings (losses) thereon. Team members hired on or after January 1, 2020, are immediately vested in their voluntary contributions, but the discretionary Employer contributions are subject to the modified vesting schedule. Team members vest at a rate of 25% in the first year of service, 50% in the second year of service, and 100% in the third year of service. Team members become fully vested after three years of service, or upon death or disability.

Payment of Benefits

Upon retirement, termination of employment, or disability, a team member's vested account balance is payable to him or her, or in the event of death, to the team member's beneficiary. Team members may elect to receive either a lump-sum amount equal to the value of their interest in their account, annual installments over a period of time, or a joint and survivor annuity. In-service distributions are available from a team member's deferral account, including rollovers, provided they have attained age 59 1/2, suffer a financial hardship, or become disabled. A lump-sum distribution will automatically be paid to terminated team members with vested account balances less than \$5,000.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Goodwill Industries of North Central Wisconsin, Inc. 403(b)

Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to recordkeeping and benefit payments are charged directly to the team member's account and are included in administrative expenses. Investment advisory and management fees are allocated proportionately to team members participating in the Plan based on their respective account balances and are included in net investment income or loss.

Scope Limitation

The Plan maintained other investment contracts for which management has been unable to obtain information from custodians or record keepers that is necessary to be able to include these contracts in the accompanying financial statements. Management believes they have made good faith efforts to obtain this information, and in accordance with Department of Labor ("DOL") Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*, has elected to exclude such contracts with which it has not been involved subsequent to January 1, 2009.

Excess Contributions Payable

At December 31, 2022 and 2021, amounts payable to participants totaled \$19,324 and \$15,157, respectively. Contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The excess contributions were distributed to the applicable participants during the following plan year as required by regulations.

Subsequent Events

The Plan has evaluated subsequent events through August 22, 2023 which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using a NAV of \$1.

Pooled separate accounts: Fair value of pooled separate accounts is based on the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on professional's opinion. The accounts must publish their daily NAV and transact at that price.

Unallocated contracts: Stated at contract value which approximates fair value as determined by the issuer. The fair value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,186,928	\$ 0	\$ 0	\$ 17,186,928

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value 12/31/22	Fair Value 12/31/21	Principle Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average Custom
TIAA-CREF Unallocated Contracts	\$567,637	\$566,806	Discounted cash flow	Risk-adjusted discount rate	3.25-6.60%	3.52%

Note 4: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and accrued interest receivable held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Associated Trust Company, N.A. ("Associated"), and Teachers Insurance and Annuity Association and College Retirement Equities Fund ("TIAA-CREF"), the Custodians of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by TIAA-CREF, a Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments because they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan to Associated, a custodian, as defined by the Plan, for investment management services and administrative expenses amounted to \$86,842 and \$95,041 for 2022 and 2021, respectively.

Goodwill Industries of North Central Wisconsin, Inc. 403(b)

Retirement Plan

Notes to Financial Statements

Note 6: Tax Status

The Employer adopted a volume submitter document with an IRS notification letter, which states the volume submitter plan document is in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Plan Termination

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, team members would become 100% vested in their Employer discretionary contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect team members' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:
