Bethesda 403(b) Retirement Plan
Colorado Springs, Colorado

Opinion

We have audited the financial statements of Bethesda 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA, continued

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

BETHESDA 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN:

The following description of the Bethesda 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of Bethesda Associates and Subsidiaries (the Company) who are age twenty-one or older. The Plan was established on January 1, 1999, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute from 1% up to a maximum of 100% of annual compensation, as defined in the Plan and subject to the annual limits of the Internal Revenue Code. Unless directing otherwise, participants are automatically enrolled at 4% of eligible compensation upon date of hire. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a guaranteed investment contract as investment options for participants.

All employees are eligible to participate in the Plan. However, only employees 21 years of age or older with one year of service (as defined by the Plan) are eligible to receive employer contributions to the Plan. The Company may make discretionary contributions in an amount to be determined annually. The Company makes a discretionary contribution of 1% of eligible compensation along with a dollar for dollar matching contribution of up to 2% of eligible compensation. Contributions to the Plan are subject to certain limitations in accordance with federal income tax regulations.

TRANSFERS IN AND TRANSFERS OUT

During the year ended December 31, 2022, the Plan acquired the LifeStream Complete Senior Living, Inc. 403(b)(7) Retirement Plan (LifeStream Plan) and allowed participants from the LifeStream Plan to begin participating in the Plan and transferred assets equal to their balance in the LifeStream Plan to the Plan. The Plan was amended as of May 12, 2022 to add the assets to the Plan.

Additionally, the Company spun off one of its consolidated subsidiaries, OneChild, during the year ended December 31, 2022, and the participants employed by that subsidiary were transferred to a new plan sponsored by OneChild. The Plan was amended as of August 1, 2022 to spin off the assets.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) the Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN, continued:

VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of credited service, with a 20% increase every year thereafter until reaching 100% after the fifth year.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over an agreed upon-period as defined. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. On termination of service for any reason, if the value of the vested benefits does not exceed \$5,000, not counting any rollover contributions, the Company will automatically distribute the balance within one year of termination. Upon proof to the satisfaction of the plan administrator of an immediate and heavy financial need, amounts contributed may be withdrawn for hardship purposes.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

FORFEITED ACCOUNTS

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0 and \$1,654, respectively. These accounts are used to reduce future employer contributions and administrative expenses. During the year ended December 31, 2022, employer contributions were reduced by \$136,170 from forfeited nonvested accounts. In addition, the Plan sponsor used \$1,349 of forfeitures to pay Plan expenses during the year ended December 31, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual basis of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from the estimates that were assumed in preparing the financial statements.

BETHESDA 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments, except for fully-benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements and Note 4 for a discussion on fully-benefit responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants include participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The Plan paid direct administration fees of \$29,712 during the year ended December 31, 2022. Indirect fees, such as investment management fees, are included in net depreciation on the statement of changes in net assets available for benefits. All other administrative expenses, such as consulting and accounting fees, were paid by the Company.

3. FAIR VALUE MEASUREMENTS:

The Plan's investments, except for fully benefit-responsive investment contracts, are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2022 and 2021, all fair value measurements were pooled separate accounts and were reported using Level 2 inputs. The Plan's shares of the pooled separate accounts are determined on an accumulation-unit basis. The fair value of the Plan's pooled separate accounts are based on the underlying assets held within the accounts. Quoted market prices are used to value the underlying investments in the pooled separate accounts. Gains and losses (realized and unrealized) included in net assets available for benefits for the year ended December 31, 2022 are reported in net depreciation in fair value of investments.

BETHESDA 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANY:

The Plan has entered into benefit-responsive investment contracts with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the investment contracts at December 31, 2022 and 2021 was \$1,595,076 and \$943,240, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

6. TAX STATUS:

The Plan has received an opinion letter from the Internal Revenue Service dated November 22, 2017, stating that the written form of the underlying prototype plan document is qualified under Section 403(b) of the Internal Revenue Code (Code) and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 403(b) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code.

Notes to Financial Statements

December 31, 2022 and 2021

7. **RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. **PARTY-IN-INTEREST:**

As of December 31, 2022 and 2021, certain investments for the Plan are pooled separate accounts and investment contracts managed by AUL. AUL performs recordkeeping services for the Plan; therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan for these services amounted to \$29,712 for the year ended December 31, 2022.

9. **SUBSEQUENT EVENTS:**

Subsequent events have been evaluated through August 4, 2023, which represents the date the financial statements were available to be issued.
