Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of COLONY TIRE CORPORATION 401(k) PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in the **INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE** note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

REPORT OF INDEPENDENT AUDITORS

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of COLONY TIRE CORPORATION 401(k) PLAN and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about COLONY TIRE CORPORATION 401(k) PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

REPORT OF INDEPENDENT AUDITORS

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of COLONY TIRE CORPORATION 401(k) PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about COLONY TIRE CORPORATION 401(k) PLAN's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H (Line 4i) Form 5500 - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H (Line 4a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

REPORT OF INDEPENDENT AUDITORS

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF THE PLAN

The following description of the Colony Tire Corporation (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have attained the age of 18. The Plan was established on October 1, 1990. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated effective December 1, 2021 to allow for participant Roth deferrals and in-plan Roth conversions. Additionally, the Plan added an option that allows for a separate deferral election for bonus pay. Other significant Plan provisions remain the same under the new agreement.

Contributions

Participants may elect to contribute up to 100% of eligible compensation as defined in the Plan. Participants may also elect to designate their salary deferrals as Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). In addition, the Company may make discretionary matching and profit sharing contributions to the Plan. For the years ended December 31, 2022 and 2021, the Company made matching contributions of forty percent of the amount contributed by the employee up to five percent of each participant's eligible compensation. During the years ending December 31, 2022 and 2021, the Company made discretionary profit sharing contributions of \$250,000 each year, respectively, to the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options periodically. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

COLONY TIRE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's matching contribution and discretionary profit sharing contribution to their accounts plus actual earnings is based on the following schedule:

COMPLETED YEARS OF SERVICE	PERCENT VESTED
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in either a lump-sum amount or in annual installments over a specified period, or roll over the balance into an individual retirement account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Accounts of less than \$5,000 may be paid out upon termination of employment.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, with a minimum of \$1,000. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 2% at the time the loan is originated. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures may be used to reduce future employer contributions, pay Plan administrative expenses, or be allocated to participants. At December 31, 2022 and 2021, forfeited, nonvested accounts totaled \$45,010 and \$46,666, respectively. During the year ended December 31, 2022, \$21,890 of forfeitures were used to reduce employer contributions and \$42,263 were used to pay Plan expenses.

NOTES TO FINANCIAL STATEMENTS

SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodians, and insurance company. See the **FAIR VALUE MEASUREMENTS** note for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Notes receivable from participants on the statements of net assets available for benefits is net of an allowance for credit losses of \$17,638 as of December 31, 2022 and 2021. The allowance represents notes receivable from participants in default and were treated as deemed distributions to the participants in prior years, according to income tax regulations. However, these loans are still considered Plan assets of active participants, until a distributable event occurs based upon terms of the Plan document.

COLONY TIRE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Participants' accounts are charged a maintenance expense fee of .05%. These fees are used to cover annual expenses of the Plan. The funds are maintained in an Expense Account of Service Expenditures (EASE). The balance in the account was \$5,010 and \$2,950 at December 31, 2022 and 2021, respectively.

Subsequent Events

The Plan has evaluated subsequent events through August 7, 2023, the date the financial statements were available to be issued.

INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by Voya Retirement Insurance and Annuity Company, the Plan's Trustee as of December 31, 2022 and 2021, and was not subjected to any auditing procedures performed:

- a. Total investments, as shown in the accompanying statements of net assets available for benefits, of \$26,653,202 and \$32,142,952 as of December 31, 2022 and 2021, respectively.
- b. Net notes receivable from participants, as shown in the accompanying statement of net assets available for benefits, of \$674,000 as of December 31, 2022 and \$832,833 as of December 31, 2021.
- c. Net investment loss as shown in the accompanying statement of changes in net assets available for benefits of \$5,288,460 and interest income on notes receivable from participants of \$41,282 for the year ended December 31, 2022.
- d. All investment-related information in the accompanying supplementary schedule of assets (held at end of year) as of December 31, 2022.

COLONY TIRE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds are stated at fair value as reported by the Trustee and are based on the fair value of the underlying securities. The fair value of the underlying securities is based on quotations from national exchanges. Prices are published and transacted on daily.

COLONY TIRE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

<u>ASSETS AT FAIR VALUE AS OF DECEMBER 31, 2022</u>				
	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	<u>\$23,105,449</u>	<u>\$</u>	<u>\$</u>	<u>\$23,105,449</u>
Investments at fair value	<u>\$23,105,449</u>	<u>\$</u>	<u>\$</u>	<u>\$23,105,449</u>
<u>ASSETS AT FAIR VALUE AS OF DECEMBER 31, 2021</u>				
	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	<u>\$28,740,810</u>	<u>\$</u>	<u>\$</u>	<u>\$28,740,810</u>
Investments at fair value	<u>\$28,740,810</u>	<u>\$</u>	<u>\$</u>	<u>\$28,740,810</u>

GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC) beginning December 2015. The contract value of the investment contract with VRIAC was \$3,547,753 and \$3,402,142 at December 31, 2022 and 2021, respectively. VRIAC maintains the contribution in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The interest rate guaranteed to the Plan for 2022 and 2021 was 1.0%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is a relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transaction under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of the equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

COLONY TIRE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions for the applicable year. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan does not consider Company contributions to the Plan to be party in interest transactions. The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

The recordkeeper, third party administrator, and investment advisor all receive payments from the Plan and are considered parties in interest. Fees paid by the Plan for these services amounted to \$192,732 for the year ended December 31, 2022.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

TAX STATUS OF THE PLAN

The Plan Sponsor adopted NOVA 401k Associates Inc.'s non-standardized pre-approved profit sharing plan document. The Internal Revenue Service has issued an opinion letter dated June 30, 2020, which states that the prototype plan sponsored by NOVA Associates Inc. is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since this issuance, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

COLONY TIRE CORPORATION

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

PROHIBITED TRANSACTION - LATE CONTRIBUTIONS

During 2021, the Company failed to remit certain employee contributions to the Plan totaling \$35,042 within the period prescribed by Department of Labor regulations. The Company intends to make a contribution during 2023 to the affected participant's accounts to compensate those participants for lost income due to the 2021 delays.
