INDEPENDENT AUDITOR'S REPORT

The Plan Administrators
Cooper Electrical Construction Company
401(k) Savings Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements for Cooper Electrical Construction Company 401(k) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits, as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank, similar institution, or insurance carrier ("qualified institution") that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from Charles Schwab Bank ("the Trustee"), as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section –

- The amounts and disclosures in the financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except, as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we –

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets Held at Year End December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

A. DESCRIPTION OF PLAN

The following description of Cooper Electrical Construction Company (“the Company”) 401(k) Savings Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. **General.** The Plan is a defined contribution plan for all full-time employees of the Company who have completed two (2) months of service and are at least eighteen (18) years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
2. **Contributions.** Participants are eligible to contribute up to the allowable amount within the guidelines of the Internal Revenue Code (“IRC”). The Plan includes an automatic salary deferral arrangement for eligible participants wherein if the participant does not elect a percentage deferral of eligible compensation to be contributed to the Plan, the Plan Administrators will select deferral in the amount of 2% of the participant’s eligible compensation to contribute to the Plan. The participant may contribute pre-tax deferrals, or Roth deferrals, to the Plan. The employer will contribute a safe harbor matching contribution on behalf of eligible participants in the amount of 100% of the amount the eligible participant contributes for each payroll period up to the first 3% of the Plan’s compensation, plus 50% of the amount the eligible participant contributes between 3% and 5% of the Plan’s compensation, for a maximum total of 4%. The employer may also contribute a discretionary matching contribution, or a special matching contribution (QMAC or QNEC), to the Plan on behalf of the eligible participants. These contributions are discretionary with the Company and may not exceed the amount allowable under the IRC.
3. **Participant Accounts.** Participants may direct Charles Schwab Bank (“the Trustee”) as to the investment of their accounts among several investment options, reflecting varying degrees of risk. The participant accounts are credited with their salary deferrals, any employer contributions, earnings of the underlying investments, and forfeitures of terminated non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.
4. **Vesting.** Participants are immediately vested in their voluntary contribution plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is always 100% vested in employer safe harbor contributions. If the employer makes matching or other contributions, the vesting is on a three (3)-year cliff vesting schedule. Forfeitures of terminated participants’ balances are first applied toward payment of the Plan’s administrative expenses, and then any remaining balances will be used toward future Company contributions.
5. **Payment of Benefits.** Upon termination of service, a participant is eligible to receive his or her vested balance as soon as administratively feasible during the Plan year. Benefits may be paid as a lump sum, or in various forms of installments.

Upon demonstration of financial hardship, a participant is eligible to receive that portion of his or her account that consists solely of the participant’s deferred compensation contributed to the Plan.

6. **Forfeited Accounts.** As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. INVESTMENTS

The following is a summary of the investment information regarding the Plan, as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplementary schedule that were prepared by, or derived from, information prepared by the Trustee of the Plan on December 31, 2022 and 2021, and furnished to the Plan Administrators. The Plan Administrators have obtained certification from the Trustee that such information is complete and accurate.

	2022	2021
Investments in Net Assets of the Plan:		
Money market fund	\$ 215,792	\$ 51,937
Mutual funds	6,332,720	10,234,571
	<u>\$ 6,548,512</u>	<u>\$ 10,286,508</u>
Investment Income (Loss):		
Interest and dividends	\$ 188,671	
Net depreciation in fair value of investments	(2,078,050)	
	<u>\$ (1,889,379)</u>	

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Codification establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Codification are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Money market fund: Valued at cash value by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value (NAV) to transact at that price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. TAX STATUS

The Company obtained its latest determination letter on August 30, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

As of December 31, 2022, management believes there are no uncertain tax positions.

As of December 31, 2022, and including the previous three (3) years considering extensions, the Plan's Form 5500 is open and subject to examination by tax authorities with relevant jurisdiction. Should such an examination take place, management does not anticipate any significant issues related to the open years.

F. PLAN TERMINATION

The Company has the right, under ERISA, at any time, to suspend or discontinue its contributions under the Plan and to terminate the Plan and the trust created under the Plan agreement. Upon termination of the Plan, all amounts credited to the affected participants' accounts shall be 100% vested.

G. SUBSEQUENT EVENTS

The Plan evaluated events occurring subsequent to the statements of net assets available for benefits through August 16, 2022, the date the financial statements were available to be issued.
