Independent Auditors' Report

The Plan Administrator and Participants of Crohn's & Colitis Foundation 403(b) Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Crohn's & Colitis Foundation 403(b) Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Plan Administrator and Participants of
Crohn's & Colitis Foundation 403(b)
Defined Contribution Plan**
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Plan Administrator and Participants of
Crohn's & Colitis Foundation 403(b)

Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The Crohn's & Colitis Foundation, Inc. (the "Foundation") adopted the Crohn's & Colitis Foundation 403(b) Defined Contribution Plan (the "Plan") on October 1, 1982. Effective April 7, 2017, the Plan changed its name from Crohn's and Colitis Foundation of America Defined Contribution Retirement Plan to Crohn's & Colitis Foundation 403(b) Defined Contribution Plan. The following description of the Plan provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering all eligible employees of the Foundation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are eligible to make salary reduction contributions to the Plan on the first day of employment. Employees are eligible to receive employer contributions upon completing one year of service and have worked 1,000 hours.

Contributions

Each year, participants may elect to have a percentage or fixed amount deducted on a pre-tax or Roth basis from their compensation as defined by the Plan. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Foundation. Participants who are age 50 or older by the end of the Plan year can make catch-up contributions to the Plan. There is an annual dollar limit as to the amount that can be contributed on a pre-tax basis into the Plan which is determined by the Internal Revenue Service ("IRS"). Participants may roll over amounts representing distributions from other qualified plans.

The Plan provides for an employer nonelective contribution which is allocated to each participant based on a graded formula not to exceed the Internal Revenue Code ("IRC") annual limit.

Employees hired before June 30, 2022, received employer contributions made by the Foundation as specified in the schedule below.

<u>Years of Service</u>	<u>Contribution Percentage</u>
Greater than one year, but less than or equal to two years	3%
Greater than two years, but less than or equal to three years	4%
Greater than three years, but less than or equal to six years	5%
Greater than six years	6%

1. Description of Plan (continued)

Contributions (continued)

Effective July 1, 2022, the Foundation amended the Plan whereby employees receive employer contributions made by the Foundation as specified in the schedule below:

<u>Years of Service</u>	<u>Contribution Percentage</u>
Greater than six months, but less than or equal to two years	3%
Greater than two years, but less than or equal to three years	4%
Greater than three years, but less than or equal to five years	5%
Greater than five years, but less than or equal to ten years	6%
Greater than ten years	7%

Effective August 1, 2020, the Foundation amended the Plan to make all employer contributions discretionary. In connection with the amendment, employer contributions are to be made each year on a quarterly basis at the discretion of management.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus earnings thereon. An employee hired prior to January 1, 2014 is one hundred percent (100%) vested in employer contributions including allocated earnings. A participant hired on or after January 1, 2014 is one hundred percent (100%) vested in employer contributions including allocated earnings after 3 years of eligible service.

Participant Accounts

Each participant's account is credited with employer and participant contributions and the investment earnings thereon. The contributions are allocated among investment options according to the participant's instructions. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

1. Description of Plan (*continued*)

Loans to Participants/Collateralized Assets

Up until September 25, 2020, a participant could have elected to take out a loan subject to the rules and limitations of the Plan and the terms of the applicable contract with Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA and CREF"). Loans were limited to voluntary and rollover contributions. Defaults on loans were treated as deemed distributions at the time of default.

The Plan offered a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum of \$1,000 up to a maximum of 45% of his/her vested balance or \$50,000 (whichever is less). Loans to the participant were made directly from TIAA and CREF at the Moody's Corporate Bond Index rate. The participant's account was not reduced by the loan amount, but served as security for the loan. The loan amount was moved into a fixed income collateral account within the borrower's account.

The loan was to be repaid directly to TIAA and CREF within a five year period in substantially equal payments (not less frequently than quarterly). The five year repayment period did not apply to a loan that was used to acquire a principal residence of the borrower. The law treats the amount of any loan not repaid five years after the date of the loan as a taxable distribution on the last day of the five-year period or, if sooner, at the time the loan is in default.

At December 31, 2022 and 2021 there were 23 and 36 collateralized loans outstanding with total principal balances due of \$92,115 and \$165,162, which also represents a collateralization of participant accounts. Of these loans, there were zero loans deemed distributed at December 31, 2022 and 2021. Interest rates on these loans ranged from 4.00% to 5.18% with maturities through 2030.

Notes Receivable From Participants

Effective September 25, 2020, collateralized loans are no longer offered to Plan participants. Any loan a participant has taken after this date are made directly from their retirement account. A participant of the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of their vested account balance or \$50,000 (whichever is less). Loans may only be made from accounts attributable to pre-tax elective deferrals, employer contributions and rollovers from other plans. Participants may only have three outstanding loans at a time. The interest rate is based on the prime rate plus 1%. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years. Former employees of the Foundation are not eligible to request a loan. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. In the event of a hardship distribution, only the participant's elective deferrals and earnings thereon are eligible to be distributed. In-service withdrawals are permitted in the case of demonstrated financial hardship, disability, attaining age 59 ½, and for pre-1989 elective deferrals in an annuity contract.

Forfeitures

In the event that an employee (hired on or after January 1, 2014) terminates before becoming fully vested in his or her account balance, the non-vested portion of the participant's account balance will be forfeited if a participant takes a full withdrawal from the Plan accounts or is separated for five consecutive years. Any forfeiture may be used by the Plan to reduce future employer contributions.

December 31, 2022 and 2021, forfeited account balances held in nonparticipant directed accounts were \$566 and \$541. During 2022, no forfeitures were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Defined Contribution Plan**

Notes to Financial Statements
December 31, 2022

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The contract value, which is derived from a discounted cash flow analysis and other factors, approximates fair value. Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The TIAA Real Estate is a pooled separate account that is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses relating to investment management are paid directly by the respective investment vehicles and are included in net depreciation in fair value of investments. Other administrative expenses of the Plan are generally paid directly by the Plan.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 22, 2023.

3. Information Certified (*Unaudited*)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

	<u>\$ 30,948,745</u>	<u>\$ 3,441,261</u>	<u>\$ 938,285</u>	<u>\$ 35,328,291</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Certain amounts in the 2021 fair value leveling have been reclassified to conform to the 2022 presentation.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During 2022, there were no transfers among levels 1, 2, or 3.

4. Investments (continued)

The following table sets forth a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	TIAA Traditional Non Benefit Responsive
Balance, beginning of year	\$ 3,441,261
Interest income	139,781
Contributions	12,935
Benefit payments	(95,369)
Fees	(293)
Purchases	316,448
Sales	(404,796)
Balance, end of year	<u>\$ 3,409,967</u>

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure fair value of those financial instruments, and the significant unobservable inputs and ranges of those inputs:

Type	2022 Fair Value	2021 Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Non Benefit Responsive	\$3,409,967	\$3,441,261	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.70% - 6.50%

The TIAA Traditional Annuity Account is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity, ("SRA") and the Retirement Choice Plus ("RCP") contracts. The non benefit responsive contracts are: the Group Retirement Annuity ("GRA"), Retirement Annuity ("RA") and Retirement Choice ("RC") contracts. The Plan utilizes the GSRA, SRA and RCP contracts, which are reported at contract value, and the GRA, RA and RC contracts, which are reported at fair value.

**Crohn's & Colitis Foundation 403(b)
Defined Contribution Plan**

Notes to Financial Statements
December 31, 2022

4. Investments (*continued*)

Under GSRA, SRA and RCP contracts, lump-sum withdrawals and transfers can be done at any time. Due to the increased liquidity of GSRA, SRA and RCP contracts, these contracts are credited with lower interest rates. Under GRA, RA and RC contracts, lump-sum cash withdrawals are not allowed and withdrawals and transfers must be spread out in ten annual installments.

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion is 3% and represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 12% and 11% of the Plan's net assets available for benefits as of December 31, 2022 and 2021 and represents an obligation of TIAA and CREF to repay as amounts come due. The credit risk of the issuer, at December 31, 2022, was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of June 2022), Standard and Poor's (AA+ as of September 2022), A.M. Best (A++ as of July 2022), and Fitch Ratings (AAA as of October 2022). The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

5. Plan Termination

Although it has not expressed any intention to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become one hundred percent (100%) vested in their employer contributions.

6. Tax Status

The Foundation has adopted an IRS approved volume submitter plan that received an IRS opinion letter dated August 7, 2017. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2019; however, there are currently no examinations for any tax periods in progress.

Notes to Financial Statements
December 31, 2022

7. Party-in-Interest

Certain investments are managed by TIAA and CREF, the Plan's record-keeper and investment consultant. Accordingly, these transactions qualify as except party-in-interest transactions under ERISA.

Participants were able to obtain loans that were issued directly from TIAA and CREF to the participant. As security, a portion of the participants account in the Plan serves as collateral for the loan in case of default. Additionally, participants may now borrow from their accounts. These borrowings from participant accounts are recorded as notes receivable from participants in the statements of net assets available for benefits. Both types of loans qualify as exempt party-in-interest transactions under ERISA.

Certain employees of the Foundation who may be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
