INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Valley Medical Group, P.C. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Valley Medical Group, P.C. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valley Medical Group, P.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Medical Group, P.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Medical Group, P.C. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Medical Group, P.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Medical Group, P.C. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion --

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALLEY MEDICAL GROUP, P.C.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN:

The following description of the Valley Medical Group, P.C. 401(k) Plan, (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established on January 1, 2000, and most recently amended and restated effective January 1, 2022. The Plan covers all U.S. resident, non-union, non-leased employees of Valley Medical Group, P.C. (the "Company") scheduled to work at least 1,000 hours annually and who have completed six months of service and are age eighteen or older during the year of initial eligibility. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

The Company is the Plan Administrator and is responsible for the monitoring and administration of the Plan. Scott Freeman Retirement Plan Consulting, LLC, the Plan's third-party administrator, is responsible for the general administration of the Plan. Voya Financial serves as the asset custodian of the Plan (see Note 5).

Contributions

Each year, participants have the right to elect to defer a portion of compensation not to exceed a dollar limit established by the Internal Revenue Code (IRC) (\$20,500 and \$19,500 in 2022 and 2021, with an additional \$6,500 in catch-up contributions for participants over 50 years of age in 2022 and 2021) which, will be contributed to the Plan on their behalf. Any participant and/or employee who does not have a specified amount contributed to the Plan will automatically have compensation deferred at a rate of 4% effective January 1, 2021, unless they have elected otherwise. Until the participant elects otherwise, these automatic participant contributions are invested in a default investment which is determined based upon anticipated retirement date. The Plan provides a matching contribution equal to 25% of a participant's elective deferral that does not exceed 6% of compensation and this amounted to \$247,407 and \$231,483 in 2022 and 2021, respectively.

In addition, the Company, at the discretion of its Board of Directors, may make a discretionary match equal to a percentage of the amount of the salary reduction each individual elected to defer for the benefit of eligible employees. All discretionary matching contributions, if any, will be made to eligible participants who are actively employed on the last day of the plan year and have worked at least 1,000 hours. Effective January 1, 2022, the discretionary match excludes any catch-up contributions. There were discretionary matching contributions of \$75,000 and \$100,000 for the years ended December 31, 2022 and 2021, respectively, which were contributed after the Plan year end and recorded as a contribution receivable.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Rollover contributions from other qualifying plans, as determined by the Plan administrator, may be contributed to the Plan. Participants shall be 100% vested in the value of their rollover account at all times.

1. DESCRIPTION OF PLAN: (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and, (b) Plan (losses) earnings, and charged with an allocation of administrative expenses. Allocations are based on employment classification, participant account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant loans receivable

Participants may borrow from the Plan any amount greater than \$1,000 but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Loans are for a period not to exceed five years (except, longer terms are available for loans issued for the purchase of a principal residence). The loans are secured by the balance in the participant's account. The rate of interest is variable and is based on the prevailing rate used by commercial lending institutions and is generally the prime rate (7.50% as of December 31, 2022 and 3.25% as of December 31, 2021) plus 1.5% as of the date of loan issuance. Interest rates charged to participant loans ranged from 4.75% to 7.75%. Principal and interest is paid through payroll deductions so long as the participant is employed by the Company and thereafter by regular installment payments.

Forfeitures

If a participant terminates employment with the Company at a time when the participant is less than 100% vested, the non-vested portion of employer contributions is forfeited. Forfeitures are left in the Plan to first cover future administrative expenses and then to reduce future employer contributions. There were approximately \$30,600 and \$20,000 of forfeited non-vested accounts at December 31, 2022 and 2021, respectively. Forfeitures were not used during 2022 or 2021.

Vesting

Participants are immediately vested in their salary reduction amounts contributed to the Plan plus actual earnings thereon. The employer contributions are vested in accordance with the following schedule and are based on vesting years of service, however, in the event of death or total and permanent disability, participants will become 100% vested. A participant is 100% vested after five years of credited service.

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN: (CONTINUED)

Payment of benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive their vested benefit in one of three ways: (1) a rollover to a personal individual retirement account or other qualified plan, (2) a lump sum distribution, or (3) a combination rollover and lump sum distribution. Additionally, on attainment of the normal retirement age of age 59 ½, a participant may elect to withdraw funds from the Plan.

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 (the "Act") was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2025, however, plans must operate in accordance with effective date of each new provision.

Major provisions of this Act that may affect the Plan include:

- Increase in the required minimum distribution age from 72 to 73, beginning in 2023.
- Catch up contributions for any participants over age 50 who earn over \$145,000 are now required to be made on a Roth basis.
- Further expansion of eligibility to long-term part-time workers, which will allow participation after two consecutive years of 500 or more hours.
- The limit for mandatory cash outs will be raised from \$5,000 to \$7,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and Department of Labor ("DOL") rules and regulations for reporting and disclosure under ERISA require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts, which are stated at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. All investments are participant directed.

VALLEY MEDICAL GROUP, P.C.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment valuation and income recognition (continued)

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 3 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits. The net (depreciation) appreciation in the fair value of its investments consists of realized gains or losses and unrealized (depreciation) appreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Participant loans receivable

Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2022 and 2021. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Payment of benefits

Benefits are recorded when paid.

Expenses

Plan expenses relating to the management of the investments are paid by the Plan (see Note 8); however, the Plan sponsor pays other administrative plan expenses.

Employee excess contributions refundable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

3. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes inputs into three broad levels as follows:

- Level 1** Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2** Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3** Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the Securities and Exchange Commission. These funds are valued at the closing price recorded on the active market in which these individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements at December 31, 2022				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ <u>20,808,235</u>	\$ <u>20,808,235</u>	\$ <u>-</u>	\$ <u>-</u>
Fair Value Measurements at December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3

4. INVESTMENT CONTRACT:

The Plan has an investment option, the Voya Fixed Account (a fully benefit-responsive contract), which is a stable value fund invested through a group annuity contract administered by Voya Retirement Insurance and Annuity Company ("Voya"). The fund invests primarily in guaranteed investment contracts (GIC's) and security backed investment contracts. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fair value of the contract represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract is valued at fair market value and is then adjusted to contract value, when necessary as reported to the Plan by the issuer, Voya. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate was 1.14% and 1.0% for 2022 and 2021, respectively. Such interest rate is reviewed on an annual basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

5. INFORMATION CERTIFIED BY CUSTODIAN:

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, certified to the Plan administrator the fair value and physical custody of investments and notes receivable from participants to be complete and accurate as of December 31, 2022 and 2021 and investment transactions for the Plan years ended December 31, 2022 and 2021 and investments included in the statements of net assets available for benefits, interest and dividend income, and net (depreciation) appreciation in the fair value of investments included in the statements of changes in net assets available for benefits and the information contained in Notes 3 and 4 concerning investments and information included in the schedule of assets (held at end of year).

VALLEY MEDICAL GROUP, P.C.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

6. TAX STATUS:

The Plan operates under a volume submitter plan document with an opinion letter dated June 30, 2020, in which the IRS stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this opinion letter. However, the Plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

For the year ended December 31, 2022, Plan management discovered an operational error whereby Plan management for one pay period coded the employer match as employee deferrals when submitting the money to Voya. Due to this error, the employer match for that pay period was accounted for as employee deferrals in Voya's reporting. The total employer match coded to employee deferrals was \$8,837. Plan management discovered the error in July 2023 and is currently in the process of working with Voya to correct the error in their reporting.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. RELATED PARTY TRANSACTIONS:

Certain Plan investments were held and managed by Voya, the custodian of the Plan. As such, these transactions qualify as party-in-interest transactions. Contract administrative fees paid to Voya by the Plan amounted to \$52,166 and \$49,118 for the years ended December 31, 2022 and 2021, respectively. Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services at no cost to the Plan.

9. RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in any combination of mutual fund options, annuity contracts and guaranteed investment accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through August 21, 2023, the date on which the financial statements were available to be issued.

SUMMARY ANNUAL REPORT
for
Valley Medical Group, P.C. 401(k) Plan

This is a summary of the annual report for Valley Medical Group, P.C. 401(k) Plan, 04-2945394/001 for 01/01/2022 through 12/31/2022. The annual report has been filed with the Employee Benefits Security Administration, formerly known as the Pension and Welfare Benefits Administration, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Basic Financial Statement

Benefits under the plan are provided by insurance and trust. Plan expenses were \$1,185,811. These expenses included \$52,166 in administrative expenses and \$1,133,645 in benefits paid to participants and beneficiaries, and \$0 in other expenses. A total of 695 persons were participants in or beneficiaries of the plan at the end of the plan year, although not all of these persons had yet earned the right to receive benefits.

The value of plan assets, after subtracting liabilities of the plan, was \$24,169,254 as of 12/31/2022, compared to \$27,170,674 as of 01/01/2022. During the plan year the plan experienced a decrease in its net assets of (\$3,001,420). This decrease includes unrealized appreciation or depreciation in the value of plan assets; that is, the difference between the value of the plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year. The plan had total income of (\$1,815,609), including employer contributions of \$322,407, employee contributions of \$1,833,132, gains of \$0 from the sale of assets and earnings from investments of (\$3,979,643).

Your Rights to Additional Information

You have the right to receive a copy of the full annual report, or any part thereof, on request. The items listed below are included in that report:

1. An accountant's report;
2. Financial and information on payments to service providers;
3. Assets held for investment;
4. Insurance information including sales commissions paid by insurance carriers;

To obtain a copy of the full annual report, or any part thereof, write or call the office of Valley Medical Group, P.C., who is Plan Administrator at 329 Conway Street, Greenfield MA 01301, (413) 772-3336. The charge to cover copying cost will be \$2.50 for the full annual report, or \$0.25 per page for any part thereof.

You also have the right to receive from the plan administrator, on request and at no charge, a statement of the assets and liabilities of the plan and accompanying notes, if any, or a statement of income and expenses of the plan and accompanying notes, if any, or both. If you request a copy of the full annual report from the plan administrator, these two statements and accompanying notes, if any, will be included as part of that report. The charge to cover copying costs given above does not include a charge for copying of these portions of the report because these portions are furnished without charge.

You also have the legally protected right to examine the annual report at the main office of the plan at 329 Conway Street, Greenfield MA 01301 and at the US Department of Labor in Washington DC, or obtain a copy from the US Department of Labor upon payment of copying costs. Requests to the Department should be addressed to: Public Disclosure Room, Room N-1513, Employee Benefits Security Administration, US Department of Labor, 200 Constitution Avenue, NW, Washington DC 20210.
