INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Amicus Therapeutics, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Amicus Therapeutics, Inc. 401k Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amicus Therapeutics, Inc. 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amicus Therapeutics, Inc. 401k Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amicus Therapeutics, Inc. 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amicus Therapeutics, Inc. 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of Amicus Therapeutics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Amicus Therapeutics, Inc, Amicus Biologics, Inc. and Amicus Therapeutics US, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Amicus Therapeutics, Inc. (the "Employer") and related employers and their beneficiaries funds for retirement.

Eligibility

Employees aged 21 years or older are eligible to begin participating in the Plan on their date of hire. The Plan excludes employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included in the Plan, and leased employees. Employees may enter the Plan on the first day of each month.

Employee Contributions

Each year, Plan participants may elect to defer between 1% and 90% of eligible regular compensation as defined by the Plan, and between 1% and 100% of eligible bonus compensation as defined by the Plan, on a pre-tax basis or with Roth 401(k) contributions, up to the Internal Revenue Service ("IRS") maximum limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with IRS limits. Employees are permitted to rollover part or all of an eligible rollover distribution they received from a prior employer's qualified plan.

Employer Contributions

Each Plan year, the Employer will make a nondiscretionary matching employer contribution equal to 100% of participants' eligible contributions up to the first 5% of eligible compensation deferred. The Employer may also elect to make an additional matching employer contribution on behalf of each eligible participant or may elect to make a discretionary nonelective contribution. For the year ended December 31, 2022, the Employer elected not to make any additional employer contributions.

Participant Accounts

Individual accounts are established for each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's pre-tax and Roth 401(k) contributions, the Employer contributions, if any, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, expenses of the Plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct Employer and employee contributions to any of several investment options. Participants may redirect their investment of future contributions or transfer existing account balances on any business day.

December 31, 2022 and 2021

Vesting

Participants are immediately 100% vested in their employee pre-tax, Roth 401(k), rollover contributions, and earnings thereon. Vesting in the Employer's contribution portion of their account plus actual earnings thereon is based on years of service. Effective March 1, 2013, a participant is 100% vested in the Employer's matching contribution after one year of service. Participants who terminated prior to March 1, 2013 are subject to a 4-year graded vesting schedule. Participants are subject to a 4-year graded vesting schedule in the Employer's nonelective employer contribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The loans bear interest at rates ranging from 4.25% to 8.00% with maturities through 2027. Loan proceeds are to be withdrawn from available contribution sources and investment options in the order established by the trustee. Principal and interest are paid ratably through payroll deductions.

Hardship Withdrawals and In-Service Withdrawals

Hardship withdrawals must be approved by the trustee, must be in accordance with guidelines established by the IRS, and can be taken from a participant's deferral contributions, vested Employer contributions and Employer non-elective contributions. The minimum hardship withdrawal is \$500. Participants are eligible for an in-service withdrawal once they attain the age of 59-1/2. Participants who have attained age 59-1/2 may elect to withdraw all or a portion of their entire account while still employed with the Employer.

Payment of Benefits

Benefits payable upon retirement, death, disability, or termination of employment or of any other reason may be paid out in a lump sum.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses and/or used to reduce future Employer contributions. At December 31, 2022 and 2021, the forfeiture account balance was \$948 and \$1,284, respectively. Forfeitures of nonvested benefits in the amount of \$19,500 were used to offset employer contributions in 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements
December 31, 2022 and 2021

Risks and Uncertainties

The Plan provides for various investment options in mutual funds as well as a self-directed investment option. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis and dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as unrealized gains and losses on investments.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Employer. All expenses except for transaction fees and investment fund expenses have been paid by the Employer. Participants are charged service fees for any loan transactions they request. In addition, certain investment related expenses have been included with net appreciation in fair value of investments and are not readily determinable. For the year ended December 31, 2022, \$2,211 of administrative fees were charged to the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee except for comparing such information with information reported in the financial statements. Based on information provided and certified by the trustee, Fidelity Management Trust Company, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

4. FAIR VALUE MEASUREMENTS (UNAUDITED)

The Financial Accounting Standards Board established a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for identical assets in inactive markets or for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies - Mutual Funds: Shares of the registered investment companies – mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end. Since NAV is a quoted price in a market that is active, they are classified within Level 1 of the valuation hierarchy.

Common Stock: Shares of common stock are valued based on market prices in active markets. The common stock is priced daily and is classified within Level 1 of the valuation hierarchy.

Amicus Therapeutics, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Interest Bearing Cash: Shares of interest-bearing cash are valued based on cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. INCOME TAXES

The Plan adopted a volume submitter profit sharing plan and the sponsor of this Plan has received an opinion letter, dated June 30, 2020, from the IRS that the Plan is acceptable under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has subsequently been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. PARTY-IN-INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company ("Fidelity") or its affiliates. Further, the Plan has paid administrative expenses of \$2,211 to Fidelity during the year ended December 31, 2022. In addition, investment related expenses with Fidelity are reflected as a reduction of investment income. Fidelity is the trustee, as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Notes receivable from participants also qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits and the changes in net assets available for benefits to the amounts reported on Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 57,255,840	\$ 64,365,879
Employer contributions receivable	<u>(515,529)</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u>\$ 56,740,311</u>	<u>\$ 64,365,879</u>
Changes in net assets for benefits per the financial statements	\$ (7,110,039)	
Employer contributions receivable	<u>(515,529)</u>	
Changes in net assets available for benefits per Form 5500	<u>\$ (7,625,568)</u>	

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of August 1, 2023, the date for which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require disclosure in or adjustment to the financial statements.
