INDEPENDENT AUDITORS' REPORT

To the Trustees of the
TTG Imaging Solutions, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TTG Imaging Solutions, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TTG Imaging Solutions, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TTG Imaging Solutions, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TTG Imaging Solutions, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TTG Imaging Solutions, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TTG Imaging Solutions, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of TTG Imaging Solutions, LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a contributory defined contribution plan sponsored by TTG Imaging Solutions, LLC and its related entities, Cardiac Imaging Solutions, LLC, TTG Isotopes, LLC, (collectively the "Company" and/or "Plan Sponsor") under the provisions of section 401(a) of the Internal Revenue Code ("IRC") for the benefit of eligible employees of the Company.

All employees, except those specifically excluded in the Plan document, who are 21 years of age, have completed 1,000 hours and one year of service from the employment commencement date, completed 3 months of service as defined in the Plan document, are eligible to participate. Effective January 1, 2022, the Plan was amended for its service requirement to one month of service and to remove nonresident aliens as excluded employees. Effective September 1, 2022, the Plan was amended to allow all individuals who became employees due to acquisition will be eligible as of the first day of the month after 30 days following the close of acquisition. As defined in the Plan document, employees are eligible to enter the Plan on the first day of the month coinciding with the hours of service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

TTG entered into asset purchase agreements for SouthWestern Imaging Systems & Service (SWISS) on December 1, 2020; this acquisition acquired substantially all the assets of SWISS and was purchased with cash. The acquired employees of SWISS were granted years of service and were allowed to participant in the Plan on January 1, 2021. Further, TTG entered into asset purchase agreements with Osiris Medical on March 23, 2021, and Medical Imaging Technologies (MIT) on August 16, 2021. Each acquisition acquired substantially all the assets of the organizations. Each acquisition was purchased with cash. The acquired employees of each entity were granted years of service and allowed immediate access to the Plan. Special entry dates were provided for former employees of all of these acquisitions as defined in the Plan document.

Effective September 1, 2022, the Plan was amended to include employees of Acceletronics, Inc. who became employees of TTG Imaging Solutions LLC due to an acquisition. Employees were eligible for participation on October 1, 2022. As a result, the eligible employees were able to rollover their account balances into the Plan that totaled \$529,832 and transferred \$28,266 into the Plan for notes receivable from participants of this acquisition. All funds are 100% vested and prior years of service is credited to the participant's account.

Effective January 1, 2022, the Plan was amended and restated in its entirety to incorporate certain amendments necessary to maintain the Plan's qualified status under the Internal Revenue Code of 1986, as amended, and regulations thereunder.

Contributions - Participants may contribute up to 100% of pretax and after-tax compensation, as defined in the Plan document, up to the annual limitation allowed by the Internal Revenue Code ("IRC"). The Plan includes an auto-enrollment provision whereby eligible employees of the Plan are automatically enrolled in the Plan, unless they

NOTES TO FINANCIAL STATEMENTS

affirmatively elect not to participate, with an elective default deferral rate of 3% of pre-tax deferral of eligible compensation (effective January 1, 2022, the previous deferral escalation was removed from the Plan). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes qualified automatic enrollment arrangement ("QACA") safe harbor matching contributions not to exceed 1% of participant compensation, plus 50% of the participant's elective deferrals that exceed 1% of the participant's compensation but not to exceed 6% of the participant's compensation. Effective January 1, 2022, the Company matches a safe harbor contribution of the participants' contributions equal to 100% of the first 3% and 50% of the participant's contributions between 3% and 5% of the participant's eligible compensation, as defined in the Plan document. The Plan also provides for a discretionary nonelective employer contribution to be contributed to the participants' accounts at the discretion of the Company for eligible employees who have completed one year of service.

All participants who have attained age 50 before close of the Plan year are eligible to make additional elective deferrals in accordance with, and subject to the limitations of, Internal Revenue Code Section 414(v).

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's matching and discretionary profit sharing contributions, (b) Plan income and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and safe harbor contributions (effective January 1, 2022) plus actual earnings thereon. The Plan's vesting for QACA safe harbor contributions made prior to January 1, 2022, are 100% vested after a participant reaches two years of service. The Company's discretionary match and profit-sharing contributions portion plus earnings thereon is based on years of continuous service according to the following 6-year graded schedule. When a participant withdraws from the Plan, prior to becoming fully vested, the non-vested portion of the participants account is forfeited.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Vesting includes service eligibility with Main Medical, Inc., ODI Diagnostics, LLC, Ultrasound Consultant Services, Inc., MIT, Osiris Medical, LLC, Cardiologic LLC, Northeast Electronics, Inc, Mtek Solutions LLC (Absolute Imaging Solutions), Molecular Imaging Specialists, LLC, Nuclear Imaging Services, LLC, TTG Isotopes, LLC (effective January 1, 2022) (formerly Nuclear Imaging Isotopes, LLC and Lakeshore Isotopes), and SWISS and any further entity that the Company acquires will be counted but only with

NOTES TO FINANCIAL STATEMENTS

respect to individuals who are employees of the acquired entity at the time of the acquisition.

Investment Options - Participants may invest their voluntary contributions, rollover contributions and the Company's contributions, plus actual earnings thereon into any of the investment options offered by the Plan. The participants may change their investment elections for new contributions and existing balances daily.

Payment of Benefits - A participant who has attained age 59½, has incurred a hardship (as defined in the Plan document) or has become disabled may receive a distribution from the Plan. The Plan may also make a distribution upon termination of service or death.

Notes Receivable from Participants - The Plan document allows participants to borrow, subject to certain restrictions, against their vested account balances. A participant may not borrow less than \$1,000, nor may a participant borrow more than the lesser of \$50,000 or 50% of any participant's current vested interest in his/her account.

Notes are repayable over a specified period not to exceed five years. If, however, notes are to be used for the purchase of a participant's principal residence, the note is payable over a specified period not to exceed 10 years. Participants are allowed only one note at a time, unless one loan is a principal residence loan amortized over a period greater than 5 years. The note will bear interest at a fixed rate on the date the note is granted. Notes are secured by the vested balance in the participant's account and are repaid through payroll deduction.

Forfeited Accounts - Forfeitures are used to reduce future employer contributions of the Plan, in accordance with the Plan's provisions.

Plan Administration Expenses - Expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or (depreciation) of fair value of investments.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments - Investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

orderly transaction between market participants at the measurement date. Investment contracts are measured at contract value. Contract value is the amount that participants would receive if they were to initiate permitted transactions under terms of the Plan.

Net Appreciation or (Depreciation) in the Fair Value of Investments - The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or (depreciation) in the fair value of its investments, which consist of the realized gains and losses from sales of investments and the unrealized appreciation or (depreciation) on those investments.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are recorded as a deemed distribution based upon the terms of the Plan document.

Payments to Benefits - Benefits are recorded when paid.

3. CERTIFIED INFORMATION

Certain information related to cash, investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The common collective trusts are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require a 30-day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Total</u>
<u>December 31, 2022</u>		
Investments Measured at Fair Value		
Mutual Funds	\$ <u>7,448,448</u>	\$ 7,448,448
Investments Measured at Net Asset Value (a)		
Common Collective Trusts		<u>1,217,152</u>
Total		\$ <u>8,665,600</u>

Investments Measured at Net Asset Value (a)		
Common Collective Trusts		<u>1,314,104</u>
Total		\$ <u>9,014,869</u>

- a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

5. GROUP ANNUITY CONTRACT WITH THE STANDARD INSURANCE COMPANY

The Plan maintains a traditional fully benefit-responsive guaranteed investment contract with The Standard Insurance Company ("The Standard"). The Standard maintains the contributions in a general account. The terms of the guaranteed investment contract are consistent as described below. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract is \$173,171 and \$898,442 at December 31, 2022 and 2021, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The Standard may terminate the contract with 30 days advance written notice to the contract owner for a reasonable cause.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2022</u>	<u>2021</u>
Based on actual earnings	1.90%	1.64%

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. TAX STATUS

The volume submitter plan from which the Plan was drafted has received a favorable determination from the IRS dated March 31, 2014. Effective January 1, 2022, the pre-approved plan from which the Plan was drafted was restated and received a favorable determination letter from the IRS dated June 30, 2020. The Plan has been amended since receiving its determination letter. The plan administrator believes that the Plan is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA at any time. In the event of Plan termination, participants will become fully vested and nonforfeitable and assets will be allocated to each participant based on his/her respective account balance after payment of all liquidation or termination expenses, pursuant to the directors of the plan administrator.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian as defined in the Plan document. Transactions with the Custodian qualify as party-in-interest transactions. Any fees for investment management services are included in net appreciation (depreciation) in fair value of the investments.

10. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events in accordance with ASC Topic 855, Subsequent Events, through August 21, 2023, which is the date these financial statements were available to be issued. During their evaluation, the following subsequent event was identified.

Effective January 1, 2023, the Plan was amended regarding eligibility requirements and definition of compensation.
