and Plan Participants and Beneficiaries

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of World Education Services, Inc. 403(b) Tax Deferred Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The accompanying financial statements and supplemental schedule are those of World Education Services, Inc. 403(b) Tax Deferred Annuity Plan (the "Plan"), and users of these financial statements and supplemental schedule are directed to the independent auditors' report on pages 1 through 4. Likewise, the brief description of the Plan contained herein is provided solely for purposes of general information, and interested persons should refer to the Plan agreement for a more complete description of the Plan's provisions. A copy of the Plan agreement can be obtained from World Education Services, Inc. ("WES"), which is the administrator of the Plan. The Plan was most recently restated effective September 27, 2018.

[1] General:

The Plan is a defined contribution plan designed to meet the requirements of Section 403(b) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan covers all eligible employees of WES. The Teachers Insurance and Annuity Association of America ("TIAA") and the College Retirement Equities Fund ("CREF") are the insurance companies for the Plan's non-mutual fund investments and TIAA, FSB, a federal savings association, is the custodian for the remaining portion of the Plan's investments (mutual funds). TIAA is the Plan's record-keeper. The Plan administrator controls and manages the operation and administration of the Plan.

[2] Eligibility for participation:

All employees are eligible to participate in the Plan immediately upon employment.

[3] Contributions:

Employee elective deferrals: Participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, subject to the Internal Revenue Service ("IRS") limit. Catch-up contributions are permitted under the Plan for those participants who have attained age 50 before the end of the plan year and who are therefore eligible to make catch-up contributions in amounts subject to the IRS limit. In no event, may a participant's pre-tax contributions exceed any statutory limitation. Participants may also roll-over, as contributions to their accounts, any distributions they may have received from other qualified defined-benefit or defined-contribution plans. Newly eligible employees are automatically enrolled in the Plan and contribute 3% of their compensation, as defined.

Employer matching contributions: The employer makes matching contributions equal to 100% of the first 3% of a participant's compensation that is contributed by such Plan participant and an additional 50% matching contribution of the next 2% of a participant's compensation to the Plan.

[4] Participant accounts:

Each participant's account is credited with the participant's contribution, WES's contribution, benefit payments or withdrawals, and allocations of Plan earnings (losses) and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[5] Vesting:

Participants are fully vested in all contributions to the Plan, plus actual earnings thereon, immediately when made.

Notes to Financial Statements
December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Plan loans:

As an alternative to borrowing directly from their Plan accounts (see Note A[7]), participants were able to borrow from TIAA, the insurance company. These loans were issued as separate contracts by TIAA and do not represent loans from, or distributions of, Plan assets. Instead, loans are collateralized using a participant's TIAA Traditional Annuity account balance in an amount equal to 110% of the outstanding loan balance. A participant was able to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 45%, of their vested account balances, subject to annuity contract and Plan provisions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of the participant's primary residence, as defined. Principal and interest is paid ratably by the participant to TIAA and not through a salary-reduction arrangement with WES.

Interest rates on outstanding loan amounts range from 4.00% to 4.78% as of December 31, 2022 and 4.00% to 4.36% as of December 31, 2021. Plan loan balances outstanding from participants to TIAA were approximately \$29,000 and \$45,000 as of December 31, 2022 and 2021, respectively. As of December 31, 2022 and 2021, approximately \$32,000 and \$50,000, respectively, of the participants' TIAA Traditional Annuity account balances were pledged as collateral.

In the event of default by a Plan participant, TIAA will collect any unpaid loan balance directly from Plan assets, and this collection will be treated as a distribution of assets to the participant. During 2022, there were no defaulted loans of this type distributed from the Plan.

These Plan loans are no longer offered by TIAA and the existing collateralized loans will remain in effect until they are paid off.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, as defined in the Plan's loan policy. Interest rates on outstanding loan balances range from 4.25% to 8.00% as of December 31, 2022 and from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid ratably by participants to the Plan. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided certain loan provisions. Participants, who met specific conditions, were eligible to take a COVID-19 related loan up to \$100,000 (an increase from \$50,000 previously allowed) for the period March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 could have been suspended until January 1, 2021 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to one year.

[8] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount, partial payments, installment payments or purchase an annuity contract equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[8] Payment of benefits: (continued)

Under the CARES Act, there was a provision for an optional distribution, as well as suspension of required minimum distributions ("RMDs") for anyone required to receive an RMD in 2020. The Plan Sponsor implemented the following provisions of the CARES Act and the Plan will be formally amended prior to December 31, 2025, as required by the Act.

Participants, who met specific conditions, were eligible to take coronavirus ("COVID-19") related distributions up to \$100,000 without a 10% early withdrawal penalty. Eligible distributions could be taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments are treated as tax-free rollovers into the participant's account.

The Plan sponsor elected to suspend paying RMDs to participants and beneficiaries that would otherwise be required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the Act had until August 31, 2020 to rollover the RMD to an eligible retirement plan.

[9] Plan termination:

Although it has not expressed any intent to do so, WES has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants may direct their contributions into any of four investment alternatives: (i) a fixed annuity contract, (ii) variable annuity contracts, (iii) a pooled separate account, and (iv) mutual funds (refer to Notes D and E for further discussions concerning each of these investment alternatives).

[3] Payment of benefits:

Benefits are recorded when paid.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Plan expenses:

The Plan pays administrative expenses to the extent that they are not paid by WES.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect (i) the reported amounts of net assets available for benefits at the date of the financial statements, (ii) the changes in net assets available for benefits during the reporting period, and (iii) when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[6] Subsequent events:

The Plan has evaluated subsequent events through August 17, 2023, the date on which the financial statements were available to be issued.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") and TIAA and CREF on behalf of TIAA, FSB, a federal savings association, with respect only to the Plan's investments held by TIAA, FSB, as directed trustee or custodian and record-keeper by TIAA for TIAA, FSB have certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification 820 *Fair Value Measurements* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term; the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during plan years 2022 and 2021.

TIAA Real Estate Account - This is a pooled separate, account/insurance company account and is a variable annuity product valued at net asset value ("NAV") per accumulation unit, as a practical expedient to measuring fair value, based on the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on the assessment of specialists and reported by TIAA. The TIAA Real Estate Account sometimes holds securities as well, and these are generally valued from independent pricing sources. Transactions out are limited to one per calendar year. The TIAA General Account provides the Real Estate Account with a liquidity guarantee.

CREF Variable Annuity Accounts - These are variable annuity accounts that invest principally in equity securities, fixed-income instruments, and short-term investments, in accordance with each portfolio's investment objectives. Each CREF account is a separate portfolio with its own investment objective and strategies. Investments in a CREF Variable Annuity Account enable a unit-holder to acquire units, whose accumulation unit value or NAV used a practical expedient to measure fair value, is calculated each business day. The value of a unit-holder's investment rises and falls with the returns on the underlying assets. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing.

CREF Money Market Account - These are portfolio securities valued at their amortized cost bases. This valuation method does not factor in unrealized gains or losses on the account's portfolio securities. Amortized cost-valuation involves first valuing a security at its cost, and thereafter assuming a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the security's market value. Accumulation units in CREF accounts are transacted at the accumulation unit value. Participants will be locked out of a CREF Account for 90 days if a purchase-sale-repurchase within that account is made within a 60-day period, other than for the CREF Money Market Account.

TIAA Access Annuities - TIAA Access Annuity is a separate account of TIAA and is a variable annuity registered with the SEC as an investment company under the Investment Company Act of 1940. It operates as a unit investment trust and invests in shares of underlying mutual funds. Contributions to TIAA Access Annuity buy accumulation units whose value is calculated daily. The accumulation units are valued at NAV as a practical expedient to measure fair value. The value of a participant's investment rises and falls with the return on the underlying assets.

TIAA-CREF Fund - These funds invest principally in equity securities, fixed-income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations or prices obtained from independent pricing services, except those held by the TIAA-CREF Money Market Fund, whose holdings are valued at amortized cost. Shares of TIAA-CREF funds are valued at NAV. Certain funds charge a 2% redemption fee on redemptions of shares occurring within 60 days of the initial purchase date. The funds impose a restriction whereby an investor is locked out of a fund for 90 days if a purchase, sale and repurchase within a fund is made within a 60-day period, other than for the TIAA-CREF Money Market Fund or TIAA-CREF Short-Term Bond Fund.

Mutual funds - These are valued at their daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair-value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial-instruments could result in a different fair-value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investment assets at fair value	<u>\$ 14,068,417</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,123,047</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(B) The strategy for each of these investments is described below and is generally embedded in the accounts disclosed in the accompanying supplemental schedule of assets (held at end of year):

The CREF Stock Account seeks a favorable long-term rate of return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of common stocks. Under normal circumstances, the account invests at least 80% of its assets in equity securities of foreign and domestic companies.

The CREF Bond Market Account seeks a favorable long-term rate of return, primarily through high current income consistent with preserving capital. Under normal circumstances, the account invests at least 80% of its assets in a broad range of fixed-income securities. The majority of the account's assets are invested in U.S. Treasury and other governmental agency securities, corporate bonds and mortgage-backed or other asset-backed securities.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The strategy for each of these investments is described below and is generally embedded in the accounts disclosed in the accompanying supplemental schedule of assets (held at end of year):

The CREF Global Equities Account seeks a favorable long-term rate of return through capital appreciation and income from a broadly diversified portfolio that consists primarily of foreign and domestic common stocks. Under normal circumstances, the account invests at least 80% of its assets in equity securities of foreign and domestic companies.

The CREF Growth Account seeks a favorable long-term rate of return, mainly through capital appreciation, primarily from a diversified portfolio of common stocks that present the opportunity for exceptional growth. Under normal circumstances, the account invests at least 80% of its assets in common stocks and other equity securities. The account invests primarily in large, well-known, established companies, particularly those with new or innovative products, services or processes that may enhance future earnings prospects.

The CREF Equity Index Account seeks a favorable long-term rate of return from a diversified portfolio selected to track the overall market for common stocks publicly traded in the United States, as represented by a broad stock market index. The account buys most, but not necessarily all, of the securities in its benchmark, the Russell 3000® Index, and will attempt to create a portfolio that closely matches the overall investment characteristics of this index.

The CREF Inflation-Linked Bond Account seeks a favorable long-term rate of return that outpaces inflation, primarily through investment in inflation-indexed bonds. Under normal circumstances, the account invests at least 80% of its assets in U.S. Treasury inflation-indexed securities. It may also invest in inflation-indexed bonds issued or guaranteed by the U.S. government or its agencies, corporations and other issuers domiciled in the U.S. as well as foreign governments. The account can also invest in inflation-indexed bonds that are issued or guaranteed by foreign governments and their agencies and other foreign issuers.

The CREF Social Choice Account seeks a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to certain social criteria. It divides its assets between foreign and domestic equity investments and bonds and other fixed-income investments, including money market securities. The account limits its investments to companies that its advisor considers suitable from a financial perspective and whose activities are consistent with certain environmental, social and governance ("ESG") or impact criteria. The account is balanced, with assets divided between foreign and domestic stocks and other equity securities (about 60%) and bonds and other fixed-income securities, including money market instruments (about 40%).

TIAA-CREF Access Lifecycle Funds seek high total return over time through a combination of capital appreciation and income. Each of the TIAA-CREF Lifecycle Funds is designed to provide a single diversified portfolio managed with a target retirement date in mind. The target date is the approximate date when investors expect to begin withdrawing money from the Fund. Each portfolio invests in several underlying equity, fixed-income and direct real estate funds.

The CREF Core Bond Account is a core fixed income variable annuity that seeks a favorable long-term rate of return, primarily through high current income consistent with preserving capital. Under normal circumstances, the Account invests at least 80% of its assets in a broad range of fixed income securities, mainly investment-grade securities in the top four credit rating categories by Moody's or S&P, or that the Account's advisor believes are of similar quality. The Account can also invest in below-investment grade securities. The Account provides participants the option to convert all or a portion of their accumulations into lifetime income.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE E - INVESTMENTS AT CONTRACT VALUE

The TIAA Traditional Annuity is a fixed-rate annuity contract that is fully and unconditionally guaranteed by TIAA. The guarantees and returns of the TIAA Traditional Annuity are backed by TIAA's claims-paying ability. Liquidity restrictions apply to the TIAA Traditional Annuity under certain types of annuity contracts. The TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3% or for Retirement Choice Plus ("RCP"), between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account results in the purchase of a guaranteed amount of lifetime annuity income.

When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. The TIAA Traditional Annuity is fully benefit-responsive and is reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the contracts, and transfers, if any, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange.

The TIAA Traditional Annuity within the Group Supplemental Retirement Annuity ("GSRA") and RCP contracts have no liquidity restrictions.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE F - RISK AND UNCERTAINTIES

The Plan's investments are included in various investment alternatives made available by TIAA, CREF, and TIAA, FSB. Investment securities are exposed to various risks, such as interest-rate, market, credit, liquidity and market-perception risks, as well as risk related to the financial stability of the insurance companies. Due to the level of risk associated with any investment, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuations of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan will depend on the continued future developments, including the duration and spread of the outbreak and the impact of COVID-19 on overall performance of the Plan's investments, all of which are highly uncertain and cannot be predicted. If the performance of the Plan's investments are impacted for an extended period, net assets available for benefits may be materially adversely affected.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

A substantial portion of the investments are fixed and variable annuities, a pooled separate account, and mutual funds sponsored by TIAA and CREF and TIAA, FSB. TIAA is the Plan's record-keeper, TIAA and CREF are the Plan's insurance companies and TIAA, FSB is the custodian of certain Plan's investments; therefore, transactions related to these investments qualify as party-in-interest transactions. For 2022, the Plan paid \$58,238 for administrative fees.

The custodian provides certain administrative services to the Plan and receives revenue from mutual fund providers for services the custodian provides to the funds. This revenue is used to offset certain amounts owed to the custodian for its administrative services to the Plan. If the revenue received by the custodian from such mutual fund service providers exceeds the amounts owed, the custodian remits the excess to the Plan pursuant to the service agreement. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants, depending on the Plan's provisions. During 2022, approximately \$9,500 was received and is included in the net realized and unrealized depreciation in the statement of changes in net assets available for benefits and approximately \$19,000 was used to pay Plan expenses which is included in the total administrative fees of \$58,238. There was a remaining balance of approximately \$200 and \$9,200 at December 31, 2022 and 2021, respectively.

NOTE H - TAX STATUS

The Plan has adopted a Volume Submitter 403(b) Plan sponsored by World Education Services, Inc. On August 7, 2017, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified.

U.S. GAAP require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by a government authority.

WORLD EDUCATION SERVICES, INC. 403(b) TAX DEFERRED ANNUITY PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE H - TAX STATUS (CONTINUED)

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require either recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

The Plan filed a Voluntary Compliance Program ("VCP") submission with the IRS on January 9, 2019 to correct the operational matters discovered for Plan year's 2015 through 2017, and a receivable for missed matching contributions is included in employer contributions receivable on the statements of net assets available for benefits in the amount of \$183,118 as of December 31, 2020. The Plan has calculated lost earnings on these amounts, and \$42,579 in lost earnings is also included in employer contributions receivable as of December 31, 2020. The receivable does not include corrective contributions with respect to participants' missed deferral contributions. The IRS approved the VCP submission in November 2020 and the employer paid the corrective contributions along with the lost earnings to the Plan in January 2021.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or "12b-1 fees," which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940 and are annual fees deducted to pay for the marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and are therefore not separately identifiable as an expense.
