INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Advanced Digital Cable, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Advanced Digital Cable, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Trust Company as of December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A – DESCRIPTION OF PLAN

The following description of Advanced Digital Cable, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

General – The Plan, adopted on and effective January 1, 1999, is a defined contribution plan covering substantially all eligible employees of Advanced Digital Cable, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). As of January 1, 2022, the Plan was amended to allow for Roth elective deferrals and to exclude part-time employees from participation in the Plan.

Eligibility – Employees are eligible to enter the Plan after completing six months of service unless waived by a specific amendment of the Plan. Employees are allowed to enter the Plan on the first day of the Plan Year quarter coinciding with or next following the date the eligibility requirements are met and reaching the age of 18. Union employees, nonresident aliens, and part-time employees are not eligible to participate in the Plan.

Contributions – Eligible employees have the option to enroll into the Plan. Pre-tax contributions and after tax Roth elective deferrals are withheld at the employee’s discretion. At any time, a participant may elect an alternative deferral amount or elect not to defer. Participants may elect to make pre-tax contributions of up to 100% of compensation, as defined by the Plan, not to exceed \$20,500 (\$27,000 for participants over the age of 50) in 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary matching contribution during the year. The Company match totals 100% of employee contributions up to 3% of annual compensation plus 50% of contributions between 4% and 5% of compensation. Contributions are subject to certain limitations. The Company may make discretionary profit-sharing contributions based on a profit-sharing calculation.

Participant accounts – Each participant’s account is credited with the participant’s contributions, the Company’s contributions, rollovers and earnings in their account, and is charged with an allocation of administrative expenses and specific transactions charges incurred by the participant. Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of benefits – The vested portion of a participant's account is available for disbursement when (1) the participant retires at age 65 or later; (2) the participant becomes permanently disabled; (3) the participant terminates employment; or (4) the participant dies while an active participant in the Plan.

Administrative Expenses – The Company pays administrative expenses related to certain record keeping services. All other administrative expenses and participant transaction fees are paid by participants. Expenses may be allocated either proportionately based on participants’ account balance or as an equal dollar amount based on the number of participants in the Plan. Certain expenses specifically incurred by a participant, such as taking a withdrawal from the Plan, are paid directly by that participant.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting – All participants' contributions and earnings thereon are fully vested. Vesting in the Sponsoring Employer's matching and discretionary contributions portion of their accounts plus actual earnings thereon is determined by years of vesting service. The Company's discretionary matching contributions are based on the following schedule:

Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts – Forfeitures of terminated participants' non-vested accounts may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan no later than the last day of the Plan Year following the Plan Year in which the Forfeiture occurs. During the years ended December 31, 2022 and 2021, forfeited non-vested accounts totaled \$96 and \$15,460, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payments of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative fees paid by the Plan amounted to \$65,642 and \$47,625 for the years ended December 31, 2022 and 2021, respectively. All other administrative expenses of the Plan have been paid by the Company and are therefore not reflected in the accompanying statement of changes in net assets available for benefits.

Investment valuation and income recognition – Investments are stated at fair value.

The underlying securities in each pooled separate account are listed on national securities exchanges and valued on the basis of year-end closing prices; securities traded in the over-the-counter market are valued at the closing price on the last business day of the year. Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent events – Subsequent events have been evaluated through August 17, 2023, which is the date the financial statements were available to be issued.

NOTE C – TAX STATUS

The Plan is a non-standardized pre-approved 401(k) profit sharing plan created by Ascensus, LLC. The Internal Revenue Service has determined and informed Ascensus, LLC by a letter dated June 30, 2020 that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receipt of the determination letter; however, the Plan Administrator and the Plan's tax council believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision of income taxes has been included in the Plan's Financial Statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for tax years prior to 2019.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE E – PARTIES-IN-INTEREST

Parties-in-interest as defined by the Plan include John Hancock Retirement Company as the custodian; Steve and Cory Payne as trustees; FuturePlan, LLC as the third-party administrator; and Fisher Investments as financial advisor. Therefore, transactions occurring between the Plan, custodian, trustee, and financial advisor of the Plan Sponsor qualify as party-in-interest transactions. Certain administrative fees are deducted from the Plan assets by the custodian.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority of unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are unobservable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds: Mutual funds are valued based on the same securities traded on a national exchange at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the plan year are valued at the last reported bid price. These assets are classified as Level 1 assets within the fair value hierarchy.

Pooled separate accounts: These accounts consist of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2022 and 2021. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for dividends, splits, and administrative maintenance charges and other items) and reported by the insurance company denotes readily determined fair value.

NOTE G – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level within the fair value hierarchy the Plan's fair value measurements at December 31, 2022 and 2021:

	<u>Level 1</u> <u>Inputs</u>	<u>Level 2</u> <u>Inputs</u>	<u>Level 3</u> <u>Inputs</u>	<u>Fair Value</u>
At December 31, 2022				
Mutual funds	\$ 3,185,359	\$ -	\$ -	\$ 3,185,359
	\$ 3,185,359	\$ -	\$ -	3,185,359
Pooled separate accounts (a)				97,402
				<u>\$ 3,282,761</u>

	<u>Level 1</u> <u>Inputs</u>	<u>Level 2</u> <u>Inputs</u>	<u>Level 3</u> <u>Inputs</u>	<u>Fair Value</u>
At December 31, 2021				
Pooled separate accounts (a)				\$ 3,714,931
				<u>\$ 3,714,931</u>

(a) Pooled separate accounts are measured at net asset value (NAV) as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2022 and 2021, respectively:

<u>Description</u>	<u>Fair Value</u> <u>12/31/2022</u>	<u>Fair Value</u> <u>12/31/2021</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>
