INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
UMC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of UMC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in

all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of UMC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UMC 401(k) Plan's ability to continue as a going concern for the year ended December 31, 2021.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UMC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UMC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at the end of the year as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of UMC 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September

30, 2021 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of UMC 401(k) Plan (“the Plan”) provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by UMC Group (USA) and United Microtechnology Corporation, its sister company (collectively the “Company”), covering all employees of the Company who have attained the age of 18 or older. The Plan is voluntary and provides that a participant or their beneficiary will receive the balance in their account upon retirement, employment termination, disability, or death. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Insurance

The Plan is not insured as in the event when the Plan terminates or if the Company ceases to be in business, the participants will be entitled to receive all of the vested benefits in their accounts at such time. The values of participants’ accounts will be subject to risk of investment gains and losses.

Contributions and Vesting

Participants may contribute any amount up to 60% of their pre-tax salary to the Plan, through tax-deferred salary deductions, with an annual limit of \$19,500 for year 2021. Alternatively, the participant may designate all or a portion of his/her contribution as a Roth contribution from after tax compensation to the extent allowed by law. Any participant who is 50 years of age or more may contribute an additional \$6,500 to the Plan for year 2021. Participants’ rights to voluntary contributions vest immediately. The employer will make a non-discretionary 25% matching contribution to the first 18% of participant’s qualified compensation as defined in the Plan.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and non-discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after one covered year of service. Forfeited balances of terminated participant’s non-vested accounts are used to reduce future Company’s contributions.

Forfeited Accounts

At December 31, 2021, the balance of forfeited non-vested accounts was \$0. Forfeited accounts will first be used to pay administrative expenses. Any remaining amounts can be

used to reduce future employer contributions. For the year ended December 31, 2021, no administrative expense was paid by the forfeited non-vested accounts.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Administrative expenses recorded during 2021 were \$300.

Payment of Benefits

Each participant's share of the net assets of the Plan is segregated in an individual account. Distribution of each participant's vested interest in the Plan can be made, either as a lump-sum amount or annuity payments, at the earlier of death, disability, retirement, or upon termination of employment. Additionally, a participant may withdraw vested amounts from his account arising from salary deferral contributions prior to termination of employment after demonstrating financial hardship. Financial hardship is defined as for purchase, repair, and refrain from foreclosure of the employee's principal residence and medical and education expenses.

On termination of service due to death, disability or retirement, participants may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or annual installments over a period not exceeding the joint life expectancies of the participant and beneficiary. For termination of service due to other reasons, participants may receive the value of the vested interest in their account as a lump sum distribution.

As of December 31, 2021, for those participants who have withdrawn from the Plan and requested benefit payments during the Plan year, all the distributions from the Plan that they were entitled to have been made.

In response to the COVID-19 pandemic, Congress passed the CARES Act to provide financial aid for individuals and companies impacted by the coronavirus. In addition, the CARES Act includes special provisions allowing access to retirement savings and suspension of required minimum distributions (RMDs) to aid participants impacted by the pandemic.

With the continuing pandemic, additional relief was provided through the Consolidated Appropriations Act, 2021 ("CAA, 2021") signed into law on December 27, 2020. The CAA provided a similar withdrawal exemption, allowing eligible individuals to take a qualified disaster distribution of up to \$100,000 without being subject to the 10% penalty.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. The amount that can be borrowed is limited to 50% of the participant's vested account balance, not to exceed \$50,000, and not to be less than \$1,000. The term of the loan cannot exceed five years, unless the loan is used for the purchase of principal residence, in which case the repayment period cannot exceed ten years. Participants may only have one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest rates, which are commensurate with rates of similar loans as determined by the Plan Administrator. As of December 31, 2021, the outstanding loan balance was \$110,308.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments - The investments in all of the funds are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques utilized to determine fair value are consistently applied.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments held during the year.

Notes receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

FOR THE YEAR ENDED DECEMBER 31, 2021

Payment of Benefits

Benefits are recorded when paid.

Federal Income Taxes

The Plan document is a standardized regional prototype Plan. The Internal Revenue Service has ruled that the prototype document qualifies as exempt under Section 401(a) of the Internal Revenue Code. Therefore, the Plan is not subject to tax under present income tax laws.

3. INVESTMENTS

During 2021, the Plan's investments in money market and mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,709,306 which comprised of realized gain of \$738,842, and unrealized gain of \$1,970,464.

The realized gain of \$738,842 included as part of the net investment income (loss) in statement of changes in net assets was attributable to the sales of investments for the year ended December 31, 2021.

The unrealized gain of \$1,970,464 included as part of the net investment income in statement of changes in net assets was attributable to the change in unrealized gain relating to assets that were still held at the reporting date.

The above information of the investment is provided and certified by Fidelity Management Trust Company, the trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

UMC GROUP (USA)
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

- *Money Market and Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end. The NAV of each fund's portfolio securities is measured at their market value which is the last quoted sales price at the time of valuation. When market price is not available, the fund is valued based on its fair value, the amount which it might reasonable expect to receive upon a current sale.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and December 31, 2020:

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan. These transactions

qualify as exempt party-in-interest transactions. See supplemental schedule H, line 4i for investments managed by Fidelity Management Trust Company.

Fees paid by the Plan for the investment management services were \$300 for the year ended December 31, 2021.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions. Participants should refer to the Plan document for a complete description of the Plan's provisions.

7. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authority. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan is no longer subject to income tax examinations for years prior to 2018 due to statute of limitation.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

UMC GROUP (USA)
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

The Plan's investment options include funds that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no reconciling items between financial statements on December 31, 2021, and the Form 5500.

10. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's assets were held by its trustee Fidelity Management Trust Company as of December 31, 2021. All investment-related financial information, including fair value, gains/ losses, and investment income, are certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

11. SUBSEQUENT EVENT

The Plan has evaluated subsequent events through September 26, 2022, the date which the financial statements were available to be issued.

The Plan has amended its adoption agreement twice in 2022. The first amendment was to address statutory changes pursuant to the Bipartisan Budget Act of 2018 (BBA), and Code Sections 401(k) and (m) 2019 Final Hardship Regulations and any related guidance. The second amendment was implemented to create a participant revenue credit arrangement for eligible participant accounts.

The Plan has implemented applicable provisions from the Setting Every Community Up for Retirement Enhancement (SECURE) Act and the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Plan Sponsor amended the Plan document effective September 22, 2022, in accordance to Internal Revenue Service (IRS) guidance.
