INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees of the
Level 10 Construction, LP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Level 10 Construction, LP 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Level 10 Construction, LP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Level 10 Construction, LP 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Level 10 Construction, LP 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Level 10 Construction, LP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Level 10 Construction, LP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management

and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Level 10 Construction, LP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions. The Plan was adopted effective January 1, 2012, and restated January 1, 2016. The Plan was restated again on January 1, 2017, with a change in third party service providers. Effective January 1, 2019, the Plan was amended to exclude interns and employees hired for a limited period of time.

GENERAL

The Plan provided by Level 10 Construction, LP (the “Company” or “Employer”) is a defined contribution plan comprised of a safe harbor employer matching contribution and an employee salary reduction arrangement. The Plan is qualified under §401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) as amended. The Plan is administered by Pension Dynamics (“Plan Administrator”) and overseen by the Company’s Board of Directors.

CARES ACT

On March 26, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted, which included provisions, which among others, provide temporary relief for those retirement plan participants affected by the coronavirus disease (COVID-19). On April 28, 2020, the plan administrator authorized the trustees to adopt the provisions of the CARES Act, impacting the default provisions of the Plan. The following key CARES Act provisions have been adopted by the Plan, which are available to participants impacted by COVID-19:

- (1) COVID-19 related hardship distributions up to \$100,000 that are subject to income tax withholding at 10%, which are payable over a three-year period from the date the funds were received and not subject to the 10% early withdrawal penalty,
- (2) COVID-19 related loan withdrawals up to \$100,000, but no more than 100% of the vested account balance with deferred loan payments for twelve months, and
- (3) required minimum distributions are no longer required to be distributed.

As of December 31, 2022, the Plan has not been formally amended, as a formal amendment is not required until the plan year ended December 31, 2025. The Plan intends to formally adopt the amendment upon a future restatement of the Plan, prior to this date.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS

Participants

Participants may elect to defer a percentage of their eligible compensation to the Plan after the Plan eligibility requirements are met. A participant may make elective deferral contributions on the first day of the calendar month after the employee's date of hire, coincident with or next following the date the age of 21 is achieved. The percentage deferred is subject to an annual limit of the lesser of 100% of eligible compensation or \$20,500 in 2022. Participants who are projected to be age 50 or older by the end of the Plan year and who are making deferral contributions to the Plan may also elect to defer additional amounts (called "catch-up contribution") of up to \$6,500 in 2022.

Rollovers

With the consent of the Plan administrator, participants are permitted to deposit distributions received from other qualified plans ("rollovers") without incurring federal or state income taxes and penalties. Rollover contributions totaled \$433,973 for the year ended December 31, 2022.

Employer

For the year ended December 31, 2022, the Company made qualified safe harbor matching contributions equal to 100% of participants' elective deferrals up to 4% of the participants' eligible compensation amounting to \$1,195,518.

The Plan also allows for discretionary employer profit sharing contributions in an amount determined by the Board of Directors. Participants become eligible to receive profit sharing allocation after completion of 1,000 service hours during the Plan year and employed with the Company on the last day of the Plan year. For the year ended December 31, 2022, the employer made no discretionary profit-sharing contribution determined or remitted.

All participant and employer contributions made on a participant's behalf are deposited in the trust and allocated among the investment funds in accordance with the participant's investment elections. A participant may elect to transfer investments from any investment fund to any other investment fund on a daily basis.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (i) employer contributions, if any, (ii) Plan earnings and (iii) administrative expenses. All allocations are based on participant earnings or account balances to various investment options offered by the Plan. Certain fees incurred in connection with the direction of a participant may be charged and paid from the assets of such participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately 100% vested in their elective salary deferrals, rollovers, employer matching contributions and any related investment earnings, gains and losses. Participants become fully vested in profit sharing contributions and all related investment earnings, gains, and losses upon normal retirement age (65) or in the event of death or disability while employed by the Company.

Participants vest in the discretionary employer profit sharing contributions and all related investment earnings, gains, and losses according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

A participant is credited with a year of vested service for each twelve-month period from date of employment until termination.

FORFEITURES

Upon termination of employment, the non-vested portion of the participant's account balance is forfeited at the end of the plan year. Forfeited accounts are used to reduce employer contributions. For the year ended December 31, 2022, there were no forfeited accounts used to reduce employer contributions. At December 31, 2022 and 2021, there were no forfeited non-vested accounts.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PAYMENT OF BENEFITS

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who are age 59 ½ or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum in cash. Participants who separate from service and have vested account balances of \$5,000 or less are subject to an administrative lump sum distribution.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their vested accounts. A minimum loan is pre-approved for \$1,000 and up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance of loans in the previous twelve months or fifty percent (50%) of their vested interest in the Plan. The participant may have no more than one loan outstanding at a time. The loans are secured by the balance in the participants' accounts and bear interest based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate charged is equal to 1% above the prime rate. Rates on outstanding loans at December 31, 2022 and 2021 ranged between 4.25% and 6.50% per annum. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which will be determined by the Plan administrator not to exceed 30 years. Loans outstanding mature at various periods through June 2042.

A loan in default is indicated by any scheduled repayment that remains unpaid for more than ninety (90) days after it is due. In the event of a default or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Any default in repayment to the Plan will result in the treating of the balance due for the loan as a taxable distribution from the Plan. For the year ended December 31, 2022, there were no loans considered in default.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid out of the net assets available for benefit unless paid by the Company. Expenses paid by the Company are not included in these financial statements. For the year ended December 31, 2022, expenses for the general administration and recordkeeping of the Plan were paid out of the net assets available for benefits. These amounts were allocated among accounts of all participants in the Plan or, where applicable, allocated to a specific participant based on transactions requested under the Plan. Investment related expenses are included in net depreciation of fair value of investments in the statement of changes in net assets available for benefits.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. All gains and losses (realized and unrealized) on investments bought and sold, as well as held during the year, are reported in net depreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan trustee deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon terms of the Plan document.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Generally, benefits are recorded when paid; however, due to IRS regulations, benefits may also include non-cash deemed distributions for notes receivable from participants in default.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by OneAmerica Company("AUL-OA"), the trustee of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's financial assets and liabilities that are carried at fair value are classified for disclosure purposes, based on a hierarchy that gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

POOLED SEPARATE ACCOUNTS - Pooled separate accounts are valued at the accumulation unit value reported by the trustee based on the net asset value ("NAV") of the individual securities underlying the pooled separate accounts, the fund's dividends and account charges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Notice Period
Pooled separate accounts	\$ 23,840,530	N/A	Daily	30 Days

As of December 31, 2022 and 2021, there are no plan assets included within the fair value hierarchy.

NOTE 5 - GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY, A ONEAMERICA COMPANY

The Plan has a traditional fully benefit-responsive guaranteed investment contract with AUL-OA with a balance of \$673,060 and \$716,156 at December 31, 2022 and 2021, respectively. AUL-OA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 5 - GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY, A ONEAMERICA COMPANY (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL-OA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - TAX STATUS

The Company has adopted the provisions of a volume submitter 401(k) Plan and received an opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the volume submitter 401(k) Plan and related trust are designed in accordance with applicable sections of the IRC qualifying under Section 401(a) and the related trust is tax-exempt. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

LEVEL 10 CONSTRUCTION, LP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 6 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain plan investments were managed by AUL-OA, the trustee of the Plan. Transactions relating to these investments qualify as party-in-interest transactions. Transactions involving participant loans also qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. Fees paid directly from the Plan for recordkeeping and administration of the Plan and for investment advisory services were \$3,277 and \$43,665, respectively, for the year ended December 31, 2022.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will remain fully vested in their account balance. The net assets shall be distributed to the participants.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is a least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 11 - DELINQUENT PARTICIPANT CONTRIBUTIONS (CONTINUED)

Under the regulations, the amounts paid by a Plan participant or withheld by an employer from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can reasonably be segregated from the Company's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Company. As a result, the Company has engaged in a non-exempt prohibited transaction under the ERISA Section 406. Management calculated lost earnings for the year ended December 31, 2021 and deposited funds accordingly during the year ended December 31, 2022.

NOTE 12 - SUBSEQUENT EVENTS

The Plan's management has evaluated all subsequent events through August 24, 2023, the date the financial statements were available to be issued. Except as noted below, there were no other events identified requiring recognition or disclosure in the financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
