Independent Auditor's Report

To the Participants and Administrator of
Hi-Rez Studios, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Hi-Rez Studios, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hi-Rez Studios, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the Hi-Rez Studios, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective January 1, 2016 and amended and restated March 29, 2021, covering substantially all employees of Hi-Rez Studios, Inc. (the Plan Sponsor or the Company), except leased employees, employees subject to collective bargaining agreements, nonresident aliens, and employees classified as part-time or seasonal. Employees are permitted to enter the Plan on the date the eligibility requirements are met. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility for Participation

Employees are immediately eligible to participate in the Plan. There is no age requirement to participate in the Plan. In addition, the Plan Sponsor elected an automatic contribution arrangement in which each employee is automatically enrolled with a deferral contribution of 2% with an annual increase of 1%, until the deferral reaches 6%, unless otherwise directed by the employee.

Contributions

Participants may make pre-tax and/or Roth contributions through payroll deductions in any amount up to 90% of the participant's compensation, as defined in the Plan Document, subject to statutory limitations under the Internal Revenue Code (IRC). The statutory limit for 2022 was \$20,500. Participants who have attained at least age fifty before the end of the Plan year are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2022 was \$6,500. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Plan Sponsor may match, subject to limitations under the IRC, a portion of each participant's pre-tax contributions. The Plan Sponsor has elected to make matching contributions on behalf of each of its eligible participants up to 50% of the first 6% of the participant's contributions.

The Plan also permits rollover contributions from other qualified plans and individual retirement accounts. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the Plan Administrator.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits.

The Plan Sponsor has engaged Fidelity Management Trust Company (Fidelity or the Trustee) to serve as the Trustee of the Plan. As the Trustee, Fidelity receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the Plan Administrator, and assists in the administration of the Plan. Fidelity serves as the intermediary for all asset purchases and redemptions. Additionally, Fidelity manages certain investment options of the Plan (see Notes 3 and 6).

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. The expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participants' Accounts

Each participant's account is credited with pre-tax, Roth, and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the Plan Document.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and plan earnings thereon. Participant vesting in the Plan Sponsor's matching contributions and income earned thereon is based on years of service with the Plan Sponsor, as defined in the Plan Document. The vesting percentages are as follows:

Years of Service	Percentage
1	33%
2	67%
3	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the latter of normal retirement age of sixty-five or five years of service, or upon disability or death while an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan Administrator, including certain options for which the Trustee or its affiliates serve as investment advisors (see Note 6).

Notes Receivable from Participants

In general, participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are secured by participant account balances and bear interest at a rate based on prevailing interest rates at the time of the note, as determined by the Plan Administrator. Notes receivable are to be repaid through level payments over a period not to exceed five years unless such loan is for the purchase of a participant's primary residence.

Withdrawals

In general, a participant may withdraw up to 100% of the participant's pre-tax and rollover contributions in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship. If a participant makes a hardship withdrawal, the participant's right to make contributions to the Plan will be suspended for six months.

In-service withdrawals of all or a portion of a participant's vested account balance, other than participant rollover, employer matching and profit sharing accounts, may be made by a participant after reaching age 59 ½.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the Plan agreement, is greater than the involuntary cash-out amount, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or five breaks in service. Forfeitures of terminated employees' non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Plan Sponsor contributions to the Plan. Forfeitures of terminated employees' non-vested accounts totaled \$59,242 in 2022. As of December 31, 2022 and 2021, there were \$2 and \$1,604 of unapplied forfeitures, respectively. The Plan Sponsor applied \$61,333 of forfeitures against Plan Sponsor contributions for the year ended December 31, 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. These expenses include, but are not limited to, legal, accounting and recordkeeping fees. However, individual transaction fees for participant directed transactions including, but not limited to, distributions and notes receivable from participants are charged to the participants and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and supplemental information as outlined below as of December 31, 2022 and 2021, and for the year ended December 31, 2022, have been compiled from statements certified as complete and accurate by the Custodian in accordance with DOL regulations. As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2022	2021
Statements of net assets available for benefits:		
Investments, at fair value	\$ 21,753,066	\$ 25,575,329
Statement of changes in net assets available for benefits:		
Investment income:		
Net depreciation in fair value of investments	\$ (5,463,700)	
Interest, dividends and other income on investments	496,940	

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar instruments in active markets;
- Quoted prices for identical or similar instruments in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund – Carrying value of the money market fund approximates fair value.

Mutual funds – Investments are valued at net asset value, based on published quoted prices as provided by the Trustee.

Net appreciation or depreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 417,989	\$ -	\$ -	\$ 417,989
Mutual funds	<u>21,335,077</u>	<u>-</u>	<u>-</u>	<u>21,335,077</u>
Total assets at fair value	<u>\$ 21,753,066</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,753,066</u>

Assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 345,284	\$ -	\$ -	\$ 345,284
Mutual funds	<u>25,230,045</u>	<u>-</u>	<u>-</u>	<u>25,230,045</u>
Total assets at fair value	<u>\$ 25,575,329</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,575,329</u>

Note 5: Income Tax Status

The Plan Sponsor has entered into an adoption agreement of the *Fidelity Volume Submitter Defined Contribution Plan* (the Prototype Plan) sponsored by Fidelity. The Prototype Plan received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the Prototype Plan and related trust were designed in accordance with the applicable sections of the IRC.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize the tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 6: Party-in-Interest Transactions

Fidelity performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Note 8: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the statement of net assets available for benefits date of December 31, 2022 and the report date, the date these financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Independent Auditor's Report

To the Participants and Administrator of
Hi-Rez Studios, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Hi-Rez Studios, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hi-Rez Studios, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the Hi-Rez Studios, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective January 1, 2016 and amended and restated March 29, 2021, covering substantially all employees of Hi-Rez Studios, Inc. (the Plan Sponsor or the Company), except leased employees, employees subject to collective bargaining agreements, nonresident aliens, and employees classified as part-time or seasonal. Employees are permitted to enter the Plan on the date the eligibility requirements are met. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility for Participation

Employees are immediately eligible to participate in the Plan. There is no age requirement to participate in the Plan. In addition, the Plan Sponsor elected an automatic contribution arrangement in which each employee is automatically enrolled with a deferral contribution of 2% with an annual increase of 1%, until the deferral reaches 6%, unless otherwise directed by the employee.

Contributions

Participants may make pre-tax and/or Roth contributions through payroll deductions in any amount up to 90% of the participant's compensation, as defined in the Plan Document, subject to statutory limitations under the Internal Revenue Code (IRC). The statutory limit for 2022 was \$20,500. Participants who have attained at least age fifty before the end of the Plan year are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2022 was \$6,500. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Plan Sponsor may match, subject to limitations under the IRC, a portion of each participant's pre-tax contributions. The Plan Sponsor has elected to make matching contributions on behalf of each of its eligible participants up to 50% of the first 6% of the participant's contributions.

The Plan also permits rollover contributions from other qualified plans and individual retirement accounts. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the Plan Administrator.

Administration

The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits.

The Plan Sponsor has engaged Fidelity Management Trust Company (Fidelity or the Trustee) to serve as the Trustee of the Plan. As the Trustee, Fidelity receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the Plan Administrator, and assists in the administration of the Plan. Fidelity serves as the intermediary for all asset purchases and redemptions. Additionally, Fidelity manages certain investment options of the Plan (see Notes 3 and 6).

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. The expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participants' Accounts

Each participant's account is credited with pre-tax, Roth, and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the Plan Document.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and plan earnings thereon. Participant vesting in the Plan Sponsor's matching contributions and income earned thereon is based on years of service with the Plan Sponsor, as defined in the Plan Document. The vesting percentages are as follows:

Years of Service	Percentage
1	33%
2	67%
3	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the latter of normal retirement age of sixty-five or five years of service, or upon disability or death while an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan Administrator, including certain options for which the Trustee or its affiliates serve as investment advisors (see Note 6).

Notes Receivable from Participants

In general, participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are secured by participant account balances and bear interest at a rate based on prevailing interest rates at the time of the note, as determined by the Plan Administrator. Notes receivable are to be repaid through level payments over a period not to exceed five years unless such loan is for the purchase of a participant's primary residence.

Withdrawals

In general, a participant may withdraw up to 100% of the participant's pre-tax and rollover contributions in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship. If a participant makes a hardship withdrawal, the participant's right to make contributions to the Plan will be suspended for six months.

In-service withdrawals of all or a portion of a participant's vested account balance, other than participant rollover, employer matching and profit sharing accounts, may be made by a participant after reaching age 59 ½.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the Plan agreement, is greater than the involuntary cash-out amount, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or five breaks in service. Forfeitures of terminated employees' non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Plan Sponsor contributions to the Plan. Forfeitures of terminated employees' non-vested accounts totaled \$59,242 in 2022. As of December 31, 2022 and 2021, there were \$2 and \$1,604 of unapplied forfeitures, respectively. The Plan Sponsor applied \$61,333 of forfeitures against Plan Sponsor contributions for the year ended December 31, 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. These expenses include, but are not limited to, legal, accounting and recordkeeping fees. However, individual transaction fees for participant directed transactions including, but not limited to, distributions and notes receivable from participants are charged to the participants and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and supplemental information as outlined below as of December 31, 2022 and 2021, and for the year ended December 31, 2022, have been compiled from statements certified as complete and accurate by the Custodian in accordance with DOL regulations. As permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2022	2021
Statements of net assets available for benefits:		
Investments, at fair value	\$ 21,753,066	\$ 25,575,329
Statement of changes in net assets available for benefits:		
Investment income:		
Net depreciation in fair value of investments	\$ (5,463,700)	
Interest, dividends and other income on investments	496,940	

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar instruments in active markets;
- Quoted prices for identical or similar instruments in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund – Carrying value of the money market fund approximates fair value.

Mutual funds – Investments are valued at net asset value, based on published quoted prices as provided by the Trustee.

Net appreciation or depreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 417,989	\$ -	\$ -	\$ 417,989
Mutual funds	<u>21,335,077</u>	<u>-</u>	<u>-</u>	<u>21,335,077</u>
Total assets at fair value	<u>\$ 21,753,066</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,753,066</u>

Assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 345,284	\$ -	\$ -	\$ 345,284
Mutual funds	<u>25,230,045</u>	<u>-</u>	<u>-</u>	<u>25,230,045</u>
Total assets at fair value	<u>\$ 25,575,329</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,575,329</u>

Note 5: Income Tax Status

The Plan Sponsor has entered into an adoption agreement of the *Fidelity Volume Submitter Defined Contribution Plan* (the Prototype Plan) sponsored by Fidelity. The Prototype Plan received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the Prototype Plan and related trust were designed in accordance with the applicable sections of the IRC.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize the tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 6: Party-in-Interest Transactions

Fidelity performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Note 8: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the statement of net assets available for benefits date of December 31, 2022 and the report date, the date these financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
