Independent Auditor's Report

To the Plan Administrator
Triconom Corporation and Subsidiary Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Triconom Corporation and Subsidiary Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of February 28, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended February 28, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Triconom Corporation and Subsidiary Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 28, 2023 and 2022, and for the year ended February 28, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Triconom Corporation and Subsidiary Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Triconom Corporation and Subsidiary Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Triconom Corporation and Subsidiary Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Triconom Corporation and Subsidiary Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Triconom Corporation and Subsidiary Retirement Savings Plan

Notes to Financial Statements

February 28, 2023

1. Description of the Plan

The following brief description of the Triconom Corporation and Subsidiary Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established effective February 28, 1979 and was most recently restated effective April 26, 2022. The Plan sponsor is Triconom Corporation (the Company). The Plan covers all employees except union employees covered by a collective bargaining agreement and certain nonresident aliens. There are no age or service requirements to join the Plan. Employee participation in the Plan is voluntary.

Contributions

Employees may contribute up to the lesser of 90 percent of eligible compensation or the amount permitted by Internal Revenue Service (IRS) regulations, which was \$20,500 in calendar year 2022. Effective July 1, 2018 the Plan permitted Roth contributions. Employees who meet certain age requirements are also permitted to make catch up contributions. The Plan also permits rollover contributions. The Company may make percentage matching contributions as outlined by the Plan agreement, as well as nonelective contributions. During the year ended February 28, 2023, the Company made matching contributions of fifty percent of employee deferrals up to five percent of eligible compensation. All contributions are subject to maximum amounts as permitted by the Internal Revenue Service (the IRS).

Participant Accounts

All Plan investments are participant directed. Plan participants have the option of having their contributions invested in a variety of mutual funds or a managed income portfolio. Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) loan, distribution or other administrative expenses, if applicable.

1. Description of the Plan (continued)

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer if for a primary residence. The loans are secured by the balance in the participant's account and bear interest at reasonable rate comparable to similar loans issued by financial institutions at the time the loan is originated. Principal and interest are paid through payroll deductions.

Vesting

Under the provisions of the Plan, participants are immediately 100 percent vested in their contributions plus actual earnings thereon. Employer matching and nonelective contributions are 20 percent vested after two years of service, 40 percent after three years of service, 60 percent at four years of service, 80 percent at five years of service, and 100 percent vested at six or more years of service, as defined. Forfeitures of terminated nonvested participant accounts are used to reduce future Company matching contributions.

Benefits

On termination of service or upon death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Installment payments may be made for the purpose of required minimum distributions. The Plan permits in-service and hardship withdrawals under certain conditions.

Administrative Expenses

Substantially all the costs of administering the Plan are paid by the Plan. Participants pay certain transaction related fees, such as for withdrawals or loans. The Plan also incurs investment advisory fees. These net amounts are recorded in the financial statements. Investment related expenses and other administrative costs are allocated to participants based on their account balances.

Forfeitures

At February 28, 2023 and 2022, forfeited nonvested employer matching contributions available for future use were \$3,336 and \$5,454, respectively. During the year ended February 28, 2023, forfeitures of approximately \$29,694 were used to reduce employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest from investments is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are included in the balance of the note

2. Summary of Significant Accounting Policies (continued)

receivable from participants. No allowance for credit losses has been recorded as of February 28, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassification

Certain investment information in the prior year was reclassified to conform to the current year presentation. This had no impact on the Statement of Net Assets Available for Benefits or the Statement of Changes to Net Assets Available for Benefits.

3. Investment Information Certified by the Custodian

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at February 28, 2023 and 2022, and net depreciation in fair value of investments, interest from investments, dividends, investment expenses and interest from participant notes receivable for the year ended February 28, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the custodian.

4. Fair Value Measurements

The Plan follows accounting standards which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the quoted market prices which represent the net asset value of shares held by the Plan at year end. There are no restrictions on the redemption of these investments.

Common collective trusts are valued at the NAV of units of a bank collective trust or its equivalent. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the respective trust less its liabilities. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Triconic Corporation and Subsidiary Retirement Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

All of the common collective trusts held by the Plan file an annual report on Form 5500 as a direct filing entity.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the net assets of the Plan which are presented at fair value, as of February 28, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,080,814	\$ -	\$ -	\$ 18,080,814
Total	\$ 18,080,814	\$ -	\$ -	\$ 18,080,814
Investments measured at net asset value (NAV) per share (common/collective trusts)*				1,149,596
Total Plan assets at fair value				\$ 19,230,410

The following table sets forth by level, within the fair value hierarchy, the net assets of the Plan which are presented at fair value, as of February 28, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,365,954	\$ -	\$ -	\$ 20,365,954

Investments measured at net asset value (NAV) per share (common/collective trusts)*				1,461,422
Total Plan assets at fair value				\$ 21,827,376

*The assets shown at net asset value are presented here to permit reconciliation to the investments presented in the financial statements.

5. Income Tax Status

On June 30, 2020, the Internal Revenue Service (the “IRS”) determined that the prototype plan document adopted by the Plan, as then designed, qualifies under applicable sections of the Internal Revenue Code (the “Code”). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 28, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Administration of Plan Assets

The Plan’s assets are held and managed by Fidelity Management Trust Company (“Fidelity”), the trustee and recordkeeper of the Plan. The trustee also invests cash received, interest, and dividend income and makes distributions to participants. The recordkeeper of the Plan administers the payment of interest and principal on the participant notes receivable.

The Plan holds shares of mutual funds and a common collective trust managed by Fidelity. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee and recordkeeping fees are paid from Plan assets.

7. Related Party Transactions and Party in Interest Transactions

As noted in Notes 1 and 6, the Plan has a number of service providers. Such parties are a party-in-interest under ERISA. Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Fidelity, who receives fees from mutual fund service providers for services Fidelity provides to the funds. These fees are used to offset certain amounts owed for administrative services provided to the Plan.

Triconic Corporation and Subsidiary Retirement Savings Plan

Notes to Financial Statements (continued)

7. Related Party Transactions and Party in Interest Transactions (continued)

If the fees received by Fidelity from such mutual fund service providers exceeds the amount owed under the service agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022 there were no excess amounts.

8. Reconciliation of Financial Statements to Form 5500

The Form 5500 has been prepared using the fair value of the underlying investments held by the stable value collective trust funds, instead of using NAV as the practical expedient to estimate fair value (see Note 4). The following is a reconciliation of net assets available for benefits per the financial statements at February 28 of each respective year to Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$19,478,833	\$22,128,662
Contributions receivable on financial statements but not on the 5500	-	-
Adjustment from contract value in financial statements to fair value in the 5500 for the MIP II	(83,476)	(17,136)
Net assets available for benefits per the Form 5500	<u>\$19,395,357</u>	<u>\$22,111,526</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended February 28, 2023 to the Form 5500:

	2023
Net (decrease) in net assets available for benefits per the financial statements	\$(2,649,829)
Adjustment for change in adjustment on the fair value of the MIP II	<u>(66,340)</u>
Net (decrease) in assets available for benefits per the Form 5500	<u>\$ (2,716,169)</u>

Triconom Corporation and Subsidiary Retirement Savings Plan

Notes to Financial Statements (continued)

8. Reconciliation of Financial Statements to Form 5500 (continued)

Certain immaterial amounts in the Form 5500 vary from the statement of changes in net assets available for benefits due to rounding and classification. This did not impact the net decrease in net assets available for benefits.

9. Subsequent Events

Management has evaluated all subsequent events through August 28, 2023, which represents the date the financial statements were available to be issued.
