INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
of the **Solidwood Forest 401(k) Profit Sharing Plan and Trust**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Solidwood Forest 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Solidwood Forest 401(k) Profit Sharing Plan and Trust and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solidwood Forest 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audits of the Financial Statements (Continued)

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Solidwood Forest 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Solidwood Forest 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 1 - Summary of the Plan

General

The Solidwood Forest 401(k) Profit Sharing Plan and Trust (the Plan) is a defined contribution 401(k) plan. Effective January 1, 2014, Solidwood Forest (the Employer and Plan Sponsor) formed the Plan to provide retirement funds for its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Administration

Solidwood Forest is the Plan Sponsor and the controller for Solidwood Forest is the Plan Administrator. The Mid Atlantic Trust Company (MATC) is the Custodian and Trustee of the Plan's assets. Among other duties, MATC receives contributions, holds and invests the fund assets in accordance with the directions of the participants, and makes disbursements as directed by the Plan Administrator. Paychex Retirement Services is the recordkeeper of the Plan.

Eligibility

Through May 17, 2022, employees are immediately eligible to participate in the Plan after completing one year of service and after reaching the age of twenty-one. All employees, except for those covered by the terms of a collective bargaining agreement, employees who are nonresident aliens, and employees who became employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the Employer of a trade or business, are eligible to participate.

Effective May 18, 2022, employees are immediately eligible to participate in the Plan after completing two months of service and after reaching the age of eighteen. All employees, except for those covered by the terms of a collective bargaining agreement, employees who are nonresident aliens, and employees who became employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the Employer of a trade or business, are eligible to participate.

Contributions

Active participants may make pre-tax and Roth salary deferrals of 1% to 92% of annual compensation, subject to certain IRC limitations. Employee rollover contributions from other qualified retirement plans are permitted and are recorded as participant contributions.

The Plan provides for employer matching contributions for eligible employees. Effective January 1, 2020, the Employer matches participant contributions equal to 50% of the employee's elective deferral. Elective deferrals in excess of 4% of the employee's compensation are not considered for the Employer match. The Plan also allows for discretionary profit-sharing contributions. No discretionary profit-sharing contributions were made in 2022.

SOLIDWOOD FOREST 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 1 - Summary of the Plan (Continued)

Vesting

The balance in each participant's salary deferral and rollover accounts, is 100% vested at all times.

Employer matching contributions and discretionary employer profit sharing contributions are subject to a graded vesting schedule based on years of service. A participant is 100% vested after three years of service. Participants also become 100% vested upon death, disability, or attainment of normal retirement age.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of employer's matching contributions and Plan earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Forfeited Accounts

Forfeitures may be used by the Plan to pay appropriate Plan expenses or reduce Employer contributions to the Plan. As of December 31, 2022 and 2021, forfeitures available totaled \$2,161 and \$3,003, respectively. During 2022, \$322 of forfeitures were used to pay Plan administrative expenses.

Benefits Paid to Participants

Upon termination of employment, retirement, death, or disability, as qualified under the Plan, participants or their beneficiaries may request to receive lump-sum payments, partial withdrawals, or a rollover of vested accounts to a qualified plan. A terminating participant with an account balance of \$5,000 or less automatically receives a lump sum distribution from the Plan. Required minimum distributions are made once a participant reaches age 72.

In-service withdrawals are allowed reaching up to age 59½. Hardship withdrawals are allowed as provided under the terms of the Plan agreement and provisions of the Code.

Plan Termination

Solidwood Forest has the right to terminate the Plan at any time, although Solidwood Forest has not expressed any intent to do so. In the event the Plan is terminated, each participant shall become 100% vested in their Employer contributions, plus any earnings accrued thereon, as of the date of termination.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they are earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from the estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment expenses are included in net depreciation in fair value of investments.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 3 - Unaudited Investment Information Certified by the Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Mid Atlantic Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021.
2. All investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and 2021.
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds are valued at the daily closing price as reported by the fund. These funds are open-end funds, registered with the Securities and Exchange Commission, and are required to publish their daily net asset value and to transact at that price.

Money Market Funds are a type of mutual fund that invests primarily in high-quality short-term money market investments issued by U.S. and foreign issuers. Valued at the publicly quoted daily closing price as reported by the fund.

Note 4 - Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management of the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 1,873,276	\$ 1,873,276	\$ -	\$ -

Total assets in the fair value hierarchy	<u>\$ 1,934,678</u>	<u>\$ 1,934,678</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2021:

Note 5 - Federal Income Tax Status

The Plan has adopted the Paychex Retirement Services Prototype Non-Standardized Profit Sharing Plan (the Prototype Plan), which was most recently amended and restated effective May 18, 2022 in order to incorporate prior amendments. On August 31, 2020, the Prototype Plan received a favorable opinion letter from the Internal Revenue Service which stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 5 - Federal Income Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 - Related Party and Party-in-Interest Transactions

Plan investments are managed and held by MATC, the Trustee of the Plan; therefore, transactions with MATC qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
