INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Mac Haik Employees' Retirement Plan and Trust
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Mac Haik Employees' Retirement Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Mac Haik Employees' Retirement Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mac Haik Employees' Retirement Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mac Haik Employees' Retirement Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mac Haik Employees' Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mac Haik Employees' Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at plan year end is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAC HAIK EMPLOYEES' RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. Plan description, eligibility and funding policies:

General

The following description of the Mac Haik Employees' Retirement Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a self-directed, defined contribution plan, covering all full-time employees of the Companies who meet the eligibility requirements detailed below. It is subject to the provisions of the Employee Retirement Income Act of 1974 (ERISA).

Employees

The employees of eighteen commonly owned companies, Mac Haik Management, Ltd., Mac Haik Ford, Ltd., Mac Haik Chevrolet, Ltd., Houston Mac Haik Dodge Chrysler Jeep, Ltd., Austin Mac Haik Ford Lincoln, Ltd., Georgetown Mac Haik Dodge Chrysler Jeep, Ltd., Pasadena Mac Haik F, Ltd., Victoria Mac Haik Ford, Ltd., Temple Mac Haik Dodge, Ltd., Southway Mac Haik Ford, Ltd., DeSoto Mac Haik Ford, Ltd., MH FW Restaurants LLC, MH Slapfish Franchise LLC, I-10 Mac Haik CDJR, Ltd., Jackson Mac Haik CDJR, Ltd., Madison Mac Haik Chevrolet, Ltd., Flowood Mac Haik Chrysler Jeep Dodge Jeep, Ltd., Canton Mac Haik CDJR, Ltd. Jackson Mac Haik F Ltd and League City Mac Haik TS, Ltd. are covered by the Plan.

Eligibility

Any eligible employee who has completed one year of service and has reached their twentieth birthday shall be eligible to participate hereunder as of the date they have satisfied such requirements.

For the purposes of this section, an eligible employee will be deemed to have completed six months of service if they are in the employment of the employer at any time twelve months after their employment commencement date. Employment commencement date shall be the first day that they are entitled to be credited with an hour of service for the performance of duty.

An eligible employee shall become a participant effective as of the first day of the next month following the date on which such employee met the eligibility requirements. Participants may commence salary deferrals on the effective date of participation and on the first day of each Plan year quarter.

Contributions

Participant may contribute to pre-tax elective deferrals up to the dollar limitation provided by law. The Plan has an auto enrollment feature, which provides that newly eligible employees that do not affirmatively elect to contribute or not to contribute to the Plan will be automatically enrolled in the Plan at a deferral rate of 1%, unless the employee elects in writing either a different deferral percentage or not to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan agreement.

1. Plan description, eligibility and funding policies: (cont'd.)

Contributions

Employer discretionary matching contributions made to the Plan are allocated as of the last day of the Plan year to the account of each participant who elects to have deferred cash contributions made under the Plan, and who is employed with the employer on the last day of the Plan year. Employer discretionary contributions are allocated to participants employed on the last day of the Plan year in the same ratio as each participant's eligible compensation bears to the total eligible compensation of all participants.

Participant accounts and vesting

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the Plan's earnings and charged with any applicable administrative expenses. Allocations are based on a participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are at all times vested in their deferral and rollover contributions and the appreciation or depreciation thereon. Vesting in the Company's contributions portion of their account plus earnings thereon is based on years of continuous service. Participants are 20% vested after one year of service and vest an additional 20% each year, becoming 100% vested after the completion of five years of service.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to defer receipt of their benefits to a later date. These participants share in the earnings of the investments.

Forfeitures

Forfeitures are reallocated to participants in the same manner as employer discretionary contributions. On December 31, 2022 and 2021, forfeited non-vested accounts totaled $0 and $3,417, respectively.

Distributions to participants

Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan agreement, or in the event of death or total and permanent disability. After a participant reaches age 59 1/2, they may request an in-service distribution from all accounts. In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to pre-tax elective deferrals and may not include any earnings thereon. Benefits payments upon termination of employment are distributed as a lump sum or in installments. Distributions may be deferred until the participant reaches the age of 72 if the value of the distribution is not less than $5,000.

1. Plan description, eligibility and funding policies: (cont'd.)

Distributions to participants

However, the Plan agreement stipulates that minimum distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 72.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prevailing rates as determined quarterly by the Plan administrator. A participant can have only one loan outstanding from the Plan at any time.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their company contributions and related earnings.

2. Summary of significant accounting policies:

Date of Management's review

Subsequent events were evaluated through August 31, 2023, which is the date the financial statements were available to be issued.

Accounting basis

The financial statements of the Plan have been prepared on an accrual method basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the term of the plan.

Use of estimates

The process of preparing financial statements requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

2. Summary of significant accounting policies: (cont'd.)

Investment valuation and income recognition

Investment in mutual funds is stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when distributed.

Risks and uncertainties

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Market risk include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative expenses

Investment and management fees are charged to participants based upon their investment elections, which vary between the various investment options and funds selected. These fees are charged to the respective investment option or fund in determining its unit value. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Company.

2. Summary of significant accounting policies: (cont'd.)

Federal income taxes

The Plan has adopted a non-standardized profit-sharing plan, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken.

The federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

3. Parties-in-interest:

The Plan invests in various mutual funds and annuities offered by Voya Retirement Insurance and Annity Company, the trustee of the Plan. These investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

4. Commitments and contingencies:

The administrative committee has represented to us that there are no legal or un-asserted claims against the Plan, no unfulfilled commitments, the Plan has been properly administered and all documents have been properly updated to reflect all current requirements and regulations to keep the Plan qualified. There are no irregularities, errors or illegal acts involving management or employees that could have a material adverse effect on the Plan. There are no unusual or extraordinary transactions with related parties nor are there any items pending that would represent a contingent loss.

5. Information not covered by auditor's report:

As of July 1, 2022 the Plan has decided to use Voya Retirement, Insurance and Annity Company to perform all administrative duties.

5. Information not covered by auditor's report: (cont'd.)

Pursuant to the terms of the Plan, Mac Haik Employees' Retirement Plan and Trust has entered into a trust agreement with Voya Retirement Insurance and Annuity Company and Great-West Life & Annuity Insurance Company for the years ended December 31, 2022 and 2021, whereby the trustee holds the Plan's investment assets and executes transactions therein, including the receipt of income earned, participant's contributions and payment of withdrawals.

For financial reporting and disclosure purposes under the Employee Retirement Income Security Act of 1974, the administrative committee has elected the method for compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations which permits the Plan's administrative committee to rely on financial statement information certified by the plan trustee and provides that the independent public accountant need not perform auditing procedures with respect to information certified to by the trustee of the Plan, Voya Retirement Insurance and Annuity Company and Great-West Life & Annuity Insurance Company, whereby the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, in the Schedule of Assets (Held at End of Year) - Schedule H, Part IV, Line 4i as of December 31, 2022, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Fair value measurements

ASC 820, Fair Value Measurements and Disclosures, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. A summary of the fair value hierarchy under ASC 820 is described below.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

6. Investments: (cont'd.)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets

Registered investment companies (mutual funds): Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. There are no plan assets requiring the use of Level 2 inputs for the periods presented.

Level 3 Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Fair value measurements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

6. Investments: (cont'd.)

	December 31, 2022		
	Level 1	Level 2	Total
Mutual funds	$ 32,360,171	$ -	$ 32,360,171
Total investments at fair value:	$ 32,360,171	$ -	$ 32,360,171

	December 31, 2021		
	Level 1	Level 2	Total
Mutual funds	$ 36,172,722	$ -	$ 36,172,722
Total investments at fair value:	$ 36,172,722	$ -	$ 36,172,722

Investments at contract value

The following methods and assumptions were used to report the values of the investment contract with an insurance company: The unallocated investment contract with Voya and Great-West (the Stable Value Option Fund or SVOF and the Key Guaranteed Portfolio Fund or "KGPF") meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The SVOF and KGPF guarantee a credit rate of return that is adjusted quarterly based on current market conditions and performance of the fund's investments but may not be less than 1%.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is set quarterly by the issuer and is effective on the first day of the quarter. The Plan must provide a 30-day advance notice of its intent to withdraw from the investment. If the Plan ends its participation in the SOVF and KGPF, it will receive the Plan's fair value as surrender value. Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs) that cause a significant withdrawal from the plan, or (c) the failure of the SVOF and KGPF to qualify for exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.
