Independent Auditor's Report

The Plan Administrator
Hudson Technologies 401(k) Savings Plan
Pearl River, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hudson Technologies 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is/are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Hudson Technologies 401(k) Savings Plan (the Plan) provides only general information. Participants of the Plan should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective July 5, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all eligible employees of Hudson Technologies Company and its subsidiaries, Hudson Holdings, Inc. and Hudson Technologies, Inc. (collectively, the Company) who are age 20 or older. There is no minimum service requirement to either the Plan. Entry date is the date when the employee meets the age requirement. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Administration of the Plan

The trustee of the Plan was Reliance Trust Company (Reliance) and the recordkeeper was Massachusetts Mutual Life Insurance Company (MassMutual). On December 31, 2020, Empower acquired the retirement business of MassMutual. Empower refers to Empower Trust Company, Empower Life & Annuity Company of New York, and Empower Annuity Insurance Company of America and its subsidiaries, including Empower Retirement LLC. The Plan fully transitioned to Empower recordkeeping and trustee systems during 2022. The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

Contributions

Each year, participants may elect to contribute up to 100% of their annual eligible compensation, as defined in the Plan document, not to exceed amounts prescribed by the Internal Revenue Service (IRS). Effective June 15, 2020, all participants are automatically enrolled in the Plan at the default rate set at 4% of eligible compensation. This rate will increase each year by 1% not to exceed 15% of eligible compensation. Current eligible participants whose salary deferral rate is less than the default rate will automatically be increased to the automatic deferral rate unless the participant enters a new salary deferral election on or after the effective date of the automatic deferral provisions. Participants, who are eligible to make elective deferrals under the Plan, and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions, not to exceed amounts prescribed by the IRS. Participants may contribute eligible amounts representing distributions from other qualified defined contribution plans and defined benefit plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trusts, and a guaranteed interest account as investment options for participants.

The Plan provides for discretionary matching contributions, which are determined by the Company on an annual basis either as a uniform percentage of deferrals or as a flat dollar amount for each participant. For 2022, the Company matched 3% of each eligible participant's contribution. To qualify for the Company's discretionary matching contributions, eligible participants must be

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

employed by the Company on the last day of the Plan year, except upon death, disability, or retirement, as defined in the Plan document. For the year ended December 31, 2022, the Company made a discretionary matching contribution of \$472,002. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contributions, and an allocation of Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

As of February 1, 2021, the Plan amended its vesting schedule to a five-year graded vesting schedule. Vesting in the Company's discretionary matching contributions and earnings thereon is as follows:

Years of Service for Vesting	(%)
Less than 1	-
1	20
2	40
3	60
4	80
5 or more	100

Prior to February 1, 2021, vesting in the Company's discretionary matching contribution and earnings thereon was as follows:

Years of Service for Vesting	(%)
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may only have two loans outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8% for the year ending December 31, 2022, and from 4.25% to 6.50% for the year ending December 31, 2021. Interest rates are based on the prime interest rate plus 1%. Principal and interest are paid ratably through payroll deductions with a maximum term of

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

five years. If the note is used to purchase a primary residence, then a longer repayment term is permitted.

Payment of Benefits

On termination of service, participants will receive an amount equal to the value of the participant's vested interest in their account. Participants become 100% vested upon death, disability, or retirement, in accordance with provisions in the Plan document. If the vested account balance upon termination is less than \$1,000, a participant will automatically receive the value of the vested interest in their account, as soon as administratively practicable. If the vested account balance upon termination is between \$1,000 and \$5,000, the vested balance will be automatically rolled over to an Individual Retirement Account (IRA) selected by the Plan for the participant's behalf, as soon as administratively practicable, unless the participant elects to receive a lump-sum distribution or to have the balance rolled over to another IRA or qualified retirement plan. If the vested account balance upon termination is over \$5,000, the participant must consent to the distribution of the vested value in their account and may elect to receive the balance as a lump-sum cash distribution, in installments over a specified period not to exceed the life or life expectancy of the participant, or the participant may roll it over to an IRA or qualified retirement plan.

Hardship withdrawals are permitted as described in the Plan document.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$28,162 and \$16,072, respectively. These accounts can be used to reduce future employer contributions or to pay administrative expenses. Approximately \$36,600 of the forfeited funds were used to pay administrative expenses in 2022.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for a discussion of fair value measurements.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received rather than on an ex-dividend basis and the effect is not material to a fair presentation. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts. Certain investment expenses that are charged within investments are presented net of the depreciation in fair value of investments. All other expenses of the Plan for the year ended December 31, 2022 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance and Empower, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

- Investment (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the supplemental Schedule H - Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts (CITs) - These are valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,766,806	\$ -	\$ -	\$ 6,766,806
Investments measured at NAV ^(a) Collective Investment Trusts				7,741,478
Investment at Fair Value				\$ 14,508,284

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,771,829	\$ -	\$ -	\$ 8,771,829
Investments measured at NAV ^(a) Collective Investment Trusts				8,146,440
Investment at Fair Value				\$ 16,918,269

^(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Investment Contract with Insurance Company

The MassMutual Guaranteed Interest Account (Account) is a fully benefit-responsive investment contract with MassMutual. The Account is made available to the Plan through a group annuity contract. Contributions are deposited and are invested in a broadly diversified portfolio within MassMutual's general account. Investments in the general account are managed by Barings LLC, a subsidiary of MassMutual. The Account is credited with earnings on the underlying investments and

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

charged for participant withdrawals and administrative expenses. The Account is included in the financial statements at contract value as reported to the Plan by MassMutual. MassMutual guarantees to repay the principal plus accrued interest.

Because the Account meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Account. The Account is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made to the Account, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of MassMutual or otherwise. The contract value of the Account as of December 31, 2022 and 2021 was \$828,620 and \$830,724, respectively.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents; (b) distributions resulting from employer-initiated events, such as complete or partial Plan termination; (c) merger, layoffs, and early retirement incentive programs; (d) changes to the Plan's prohibition on competing investment options; (e) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (f) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Plan's recordkeeper, MassMutual, and, therefore, these transactions qualify as party-in-interest transactions. Participant loan and distribution processing fees are paid to MassMutual and Empower by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The IRS has determined and informed MassMutual by a letter dated March 31, 2014 that its Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement (CODA) is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan adopted MassMutual's Volume Submitter Profit Sharing Plan with CODA. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Prohibited Transactions

As reported on the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, certain participant contributions and notes receivable from participants repayments were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company. During the audit of the Plan, as of and for the years ended December 31, 2022 and 2021, it was determined that participant contributions and notes receivable of \$388,302 and \$159,670, respectively, were not remitted timely to the Plan. The Company made corrections of the December 31, 2021 amount, including remitting lost earnings to participants, during 2023, and is in the process of correcting the December 31, 2022 amount.

11. Subsequent Events

The Plan evaluated the accompanying financial statements for subsequent events through August 18, 2023, and transactions on the date these financial statements were available for issue, and has determined that, no material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
