To the Plan Administrator
Trustmark Services Company
Investment and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Trustmark Services Company Investment and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Trustmark Services Company
Investment and Savings Plan

Emphasis of Matter

As explained in Note 2 to the financial statements, the Plan transferred out significant plan assets into Trustmark Health Benefits, Inc. Retirement Savings Plan effective September 27, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

To the Plan Administrator
Trustmark Services Company
Investment and Savings Plan

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of Trustmark Services Company Investment and Savings Plan (the "Plan") is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan of Trustmark Services Company (the "Company") and is subject to, and is designed to comply with, the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, applicable to defined contribution profit-sharing plans.

Eligibility and Participants

Eligibility in the Plan is available to almost all employees of the Company upon hire. Plan participants who transfer to a sister company have their participant accounts transferred to the plan of the sister company.

Contributions

Participant contributions are made by means of regular payroll deductions. Participants can contribute up to 75 percent of their eligible compensation on a pretax or Roth after-tax basis. Participants who are 50 years of age or older who are contributing at the Plan's maximum or who are scheduled to reach the annual Internal Revenue Service (IRS) contribution limit are eligible for total deferrals of up to 85 percent between the non-catch-up and catch-up deferrals. Participant contributions are limited to the maximum amount allowed by the Internal Revenue Code (the "Code"), and, for highly compensated employees, contributions may be limited by the Plan.

The Company has elected to match an amount not in excess of 6 percent of the participants' eligible compensation on a dollar-for-dollar basis. The benefits committee has the ability to change the percentage contribution matched on an annual basis.

The Company may also make discretionary retirement contributions. No discretionary retirement contributions were approved for 2022.

Participants who were participating in the Employees' Retirement Plan and Trust as of December 31, 2004 are eligible to receive a special company retirement contribution (the "Special Contribution"). The Special Contribution is 10 to 13 percent of the participant's eligible compensation based on the participant's age. Additionally, the Company may elect to match an amount of the participant's eligible compensation on a dollar-for-dollar basis in addition to the Special Contribution. For the 2022 plan year, the Company has elected to match an amount not in excess of 4 percent of the participants' eligible compensation on a dollar-for-dollar basis, except for the period beginning on January 1, 2022 and ending on June 11, 2022, during which the Company has elected to match an amount not in excess of 6 percent of the participants' eligible compensation on a dollar-for-dollar basis. The Special Contribution totaled approximately \$92,000 for the year ended December 31, 2022.

Participant Accounts and Vesting

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's earnings, losses, and administration expenses and charged with withdrawals. Investment earnings are allocated daily based on participant account balances. Participants may direct the investment of their contributions into various investment options offered by the Plan.

Trustmark Services Company Investment and Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of the Plan (Continued)

Participants are fully vested in their contributions and rollovers plus actual earnings thereon. A participant is fully vested upon reaching normal retirement age, death, or permanent disability. Participants become 100 percent vested in the remainder of their account balances graduated over six years of plan service. The following table summarizes the Plan's vesting schedule for company contributions:

Years of Vesting Service	Vested Percentage
Less than 2	- %
2	20.00 %
3	40.00 %
4	60.00 %
5	80.00 %
6	100.00 %

Participants who transfer in from a sister company plan maintain the vesting schedule for any match made under the prior plan. For any match received under the new plan, the new plan's vesting schedule will apply.

The Plan's vesting schedule changed effective January 1, 2023 to become a graded two-year vesting schedule. Participants are 0 percent vested with less than one year of service, 50 percent vested with one year of service and 100 percent vested with two or more years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of their vested account balances or \$50,000. The loans are secured by an assignment of a participant's vested interest in the Plan and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed determined by the plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Benefit Payments

Upon termination of service with the Company, participants may elect to receive the value of their vested account interest. Benefit payments may be paid in a lump sum or in partial or installment payments. Minimum required distributions can be made in installment payments. Participant account balances of less than \$1,000 must be paid out in one lump sum after termination. Participant account balances between \$1,000 and \$5,000 will be rolled over into a Fidelity Management Trust Company individual retirement account (IRA). Participants may withdraw their vested contributions prior to termination of service in the event of hardship, as defined by the Plan.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions may be reinstated. Forfeitures may be used for the following purposes: reinstating previously forfeited account balances of former participants, reducing future company contributions, paying plan expenses, making restorative payments to former participants, or reducing any additional amounts for which the Company is responsible under the Plan. During the year ended December 31, 2022, forfeitures totaling \$584,818 were used to reduce the Company's contributions. At December 31, 2022 and 2021, the amount of forfeitures that were not allocated was \$31,502 and \$75,268, respectively.

December 31, 2022 and 2021

Note 1 - Description of the Plan (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100 percent vested in their accounts, and the net assets of the Plan will be distributed to participants in an order of priority determined in accordance with ERISA and its regulations and with the plan document.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade date.

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Transfers

Net transfers in/out in the statement of changes in net assets available for benefits is used when an employee is transferred to/from the Plan from/to the plan of a sister company. At this time, the employee ends eligibility in the former sister company's 401(k) plan and starts eligibility in the Plan or vice versa. Employees of sister companies who transfer to the Company have their participant accounts added to the Plan and retain their previous plan's eligibility and their vesting. Plan participants who transfer to a sister company have their participant accounts transferred to the plan of the sister company. Each participant's prior vesting credit is recognized, and the participant is allowed to continue to earn vesting credit on prior contributions. During 2022, net transfers out equaled \$17,106,531. During the year, a sister entity sold to a new owner. Prior to this transaction, participants of the Plan were transferred to the sister entity to facilitate the transaction.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the plan sponsor, as provided in the plan document. All investment management and transaction fees directly related to the plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 17, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Investments measured at NAV - Stable value fund	<u>14,709,321</u>			
Total investments at fair value	<u>\$ 309,788,940</u>			

The following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan:

Self-directed Brokerage Accounts

Self-directed brokerage accounts invest primarily in common stocks and mutual funds. The common stocks and mutual funds are valued at closing quoted market prices in active markets.

Mutual Funds

Mutual funds are valued at closing quoted market prices in active markets.

Stable Value Fund

The stable value fund is a common collective trust fund valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets.

Note 4 - Stable Value Fund

The Plan holds the Fidelity Managed Income Portfolio II (the "Fund"), a stable value fund. The Fund has certain limitations on withdrawals and exchanges as follows:

Participant-directed withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

December 31, 2022 and 2021

Note 4 - Stable Value Fund (Continued)

There are no unfunded commitments or other redemption notice requirements related to the Fund.

Note 5 - Information Certified by the Trustee

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances within the statement of net assets available for benefits and supplemental schedule of assets held at end of year, as well as the investment income and interest from participant notes receivable amounts included in the statement of changes in net assets available for benefits, are based solely on information certified by the Trustee.

Note 6 - Exempt Party-in-interest Transactions

Certain plan assets are in investment funds managed by the Trustee or its affiliates. The Trustee is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines, but they are exempt from the prohibited transactions rules under ERISA.

Note 7 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
