## Independent Auditor's Report

To the Plan Administrator, Trustees and Participants  
The Nature's Bounty Co. Retirement Plan  
Ronkonkoma, New York

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of The Nature's Bounty Co. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets in liquidation as of December 30, 2022, and the related statement of changes in net assets in liquidation for the period January 1, 2022 through December 30, 2022, and the related notes to the financial statements (liquidation basis) ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held were prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the period January 1, 2022 through December 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Other Matter – Auditor’s Report on the 2021 Financial Statements**

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2022 indicated that (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2022 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards were further described in the Auditor’s Responsibilities for the Audit of the 2022 Financial Statements section of our report. We were required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Emphasis of Matter – Plan Termination and Liquidation Basis**

As discussed in Note 1, to the financial statements, the Board of Trustees of The Nature’s Bounty Company, the Plan’s Sponsor, voted in 2021 to terminate the Plan and transfer its assets, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the 2022 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that were free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there were conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements were issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that were presented and disclosed in the financial statements were in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2022 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives were to obtain reasonable assurance about whether the financial statements as a whole were free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud could involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements were considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that were appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there were conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they were in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole were presented fairly, in all material respects, in accordance with U.S. GAAP.

We were required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements  
As of December 30, 2022 and December 31, 2021 and  
For the Period January 1, 2022 through December 30, 2022

**NOTE 1 – DESCRIPTION OF THE PLAN AND PLAN TERMINATION**

The Plan's sponsor was Nature's Bounty Co. and Subsidiaries (the "Company," the "Plan Sponsor" and the "Employer"). In April 2021, the Plan Sponsor was acquired by Nestle USA. A decision was made in October 2022 to terminate the Plan subject to the provisions of ERISA. As such, participants became 100% vested in their employer contributions. The Plan ceased receiving participant deferrals on December 27, 2022. The Plan was merged into and all of the assets were transferred to the Nestle 401(k) Savings Plan on December 30, 2022. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

Prior to termination, the Plan, established on December 20, 1974 by Nature's Bounty Co. and Subsidiaries, was a participant-directed defined contribution plan to provide benefits to all eligible employees as defined in the Plan Document. In general, to be eligible for participation in the Plan, the terms of employment with the employee must not be subject to a collective bargaining agreement, and each eligible employee must have attained age 21 and have completed at least six months of service (one year of service for profit sharing participants).

The Plan was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Assets of the Plan were held by a trust established under the Plan with Fidelity Management Trust Company ("Fidelity," the "Trustee" and the "Custodian"). The Trustee invested all contributions and allocated to each participant account its proportionate share of investment income.

**Participant Contributions**

Prior to termination, participants could contribute to the Plan on a pre-tax basis amounts not less than 1% of eligible compensation for each pay period, subject to statutory and regulatory limitations. Such contributions were excluded from the participant's federal taxable income until received as a withdrawal or distribution from the Plan. Participants could also elect to make Roth Contributions on an "after-tax" basis to the Plan and could contribute amounts representing rollover distributions from other qualified plans. During 2022, the maximum annual 401(k) pre-tax contribution limit was \$20,500, and the maximum annual catch-up contribution to the Plan was \$6,500. Participants could change their deferral percentage each payroll period.

**Employer Contributions**

The Plan provided for discretionary employer matching contributions for all eligible participants. During 2022, The Plan made safe-harbor method for the employer match contributions representing 100% of the first 3% and 50% of each of the next 2% of employee deferrals were matched by the Plan Sponsor. The Plan, as amended, also allowed for discretionary annual employer profit sharing contributions. Employer contributions to the Plan for 2022, for both profit sharing and safe harbor, totaled \$6,734,660.

**Participant Accounts**

Prior to termination, the Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited with the participant's contributions, earnings and an allocation of the Employer's contributions and administrative expenses. Allocations of employer matching contributions were based on the participant's salary deferral. Each participant's investments determined their share of earnings or losses.

For the Period January 1, 2022 through December 30, 2022

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Participant Accounts (Continued)**

The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account. The value of each investment was determined by the Trustee on a daily basis.

**Vesting**

Participants were immediately vested in their contributions and rollovers plus actual earnings thereon. Participants were immediately vested 100% in employer's matching contributions. Vesting in employer's profit sharing contributions, plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 3	0%
3 years or more	100%

**Investment Options**

Upon enrollment in the Plan, participants could direct the Trustee to invest participant-directed contributions in 1% increments in various investment options offered by the Plan. Participants could change their contribution investment options daily and transfer part or all of past investments to other funds daily.

**Notes Receivable from Participants**

Prior to termination, participants could borrow from their vested account balance a minimum of \$1,000 and a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) 50% of their vested account balance. The maximum payment term allowed for any loan was five years, unless the loan was for the purchase of a principal residence in which case the term could be longer, with interest fixed at the U.S. Bank prime rate as stated by Reuters (which 3.25% at December 31, 2021) at the time of approval of the loan plus 2%. The loans were measured at their unpaid principal balance plus any accrued but unpaid interest. The loans were secured by the balance of their account and bear interest at rates ranging from 5.25% to 7.75%. Principal and interest were paid ratably through payroll deductions. Loans matured at various dates through August 2031.

**Forfeited Accounts**

When certain terminations of participation in the Plan occurred, the nonvested portion of the participant's account, as defined by the Plan, represented a forfeiture. However, if the participant was re-employed and fulfills certain requirements, as defined in the Plan, the participant's account would be reinstated.

At December 30, 2022 and December 31, 2021, there were no forfeited unvested accounts. Unvested forfeitures of the Plan (except profit sharing contributions) would first be used to reduce expenses related to the administration of the Plan and then to reduce Employer contributions. Unvested forfeitures of profit sharing contributions were reallocated among participants annually.

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Hardship and In-Service Withdrawals**

Plan participants could take hardship withdrawals from the vested portion of their account. The distribution was limited to the amount necessary to meet the financial need created by the hardship. Participants could withdraw all or a portion of any rollover contributions, plus earnings thereon, for any reason. Participants who reached age 59 ½ could withdraw all or a portion of the vested portion of their account for any reason.

**Benefit Payments**

On termination of service due to death, disability or retirement, as defined in the Plan, participants were generally entitled to a fully vested lump-sum payment of their account balance. For termination of service due to other reasons, participants were entitled to the value of the vested interest in their account as a lump-sum distribution. As of December 30, 2022 and December 31, 2021, all employees who elected to withdraw from the Plan had been paid.

**Expenses of the Plan**

Certain administrative functions were performed by officers or employees of the Employer. No such officer or employee received compensation from the Plan. Certain Plan expenses were deducted from participant and nonvested forfeited accounts, and the remainder of the Plan expenses were generally paid by the Employer.

**Deemed Distributions**

Deemed distributions were recorded when a participant ceased making repayments on a loan from the Plan for three months. These amounts were no longer included in net assets available for benefits. For the period ended December 30, 2022, there were \$19,567 in deemed distributions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan were prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

All Plan investments were held by the Trustee. The Plan's investments were reported at fair value except for the investments in fully benefit-responsive common collective trusts which were stated at contract value (see below). Fair value is the price that would be received to sell an asset or paid to transfer a

liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Interest income was recorded on the accrual basis. Purchases and sales of securities were reflected on a trade-date basis. Dividends were recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets in Liquidation, the net appreciation or decline in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or decline on those investments.

Contract value was the relevant measurement attribute for that portion of the net assets in liquidation of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The underlying investments in the Fidelity Management Income Portfolio Fund II, a common collective trust, were recorded at their contract value, which is equal to principal plus their investment at contract value. Certain events could limit the ability of the Plan to transact at contract value with the issuer. The Fidelity Managed Income Portfolio II fund included restrictions on liquidating the fund under certain circumstances, in which event it could take up to twelve months to liquidate the Plan's holdings in that fund. The Plan Administrator does not believe that the Plan's participants would be subject to any event that would limit the Plan's ability to transact at contract value. As of December 31, 2021, the fair value of this investment was \$29,246,369.

**Notes Receivable from Participants**

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of December 30, 2022 and December 31, 2021, as the notes were collateralized by the participant's account balance. Delinquent notes receivable from participants were recorded as a distribution upon the terms of the Plan document.

**Participant and Employer Contributions**

Prior to termination, participant and employer contributions were included in additions to net assets during the period in which the Employer records the related liabilities.

**Payment of Benefits**

Participant's benefits are recorded when paid.

**Subsequent Events**

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, August 30, 2023.

**NOTE 3 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments were shares of funds managed by Fidelity Investment Management Services LLC and Strategic Advisors, Inc., affiliates of the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Administrative fees paid by the Plan to the Trustee were \$82,789 for the period ended December 30, 2022. Additionally, certain employees and officers of the Company, who could also be participants in the Plan, perform administrative services to the Plan, without a charge to the Plan for such services. Notes receivable from participants also qualify as party-in-interest transactions.

**NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”)’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 30, 2022 and December 31, 2021;
- Net depreciation in the fair value of the investments, dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the period ended December 30, 2022;

**NOTE 5 – FAIR VALUE MEASUREMENTS**

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy were described as follows:

Level 1 Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that were observable for the asset or liability;
- Inputs that were derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

Notes to Financial Statements (Continued)

As of December 30, 2022 and December 31, 2021 and  
For the Period January 1, 2022 through December 30, 2022

**NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2021. There were no assets at December 30, 2022.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The preceding methods described could produce a fair value calculation that could not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

As of December 31, 2021:	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 347,311,771</u>	<u>\$ 347,311,771</u>
Investments at fair value		<u>\$ 347,311,771</u>

**NOTE 6 – TAX STATUS**

The Internal Revenue Service has determined and informed the Employer by a letter dated May 30, 2014, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan is subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2019.
