FINANCIAL & MANAGEMENT CONSULTING

Independent Auditors' Report

To the Plan Administrator and Management Committee of
Schimberg Co. Profit Sharing Plan
Cedar Rapids, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Schimberg Co. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Schimberg Co. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schimberg Co. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schimberg Co. Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Schimberg Co. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schimberg Co. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Schimberg Co. Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Plan Description

The following is a brief description of the Schimberg Co. Profit Sharing Plan (the “Plan”) and provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Schimberg Co. (“the Company”) who are age 21 or older and have completed two years of service. Union employees are not eligible to participate. Employees that meet the requirements are eligible to participate in the Plan on the next available entry date of January 1 or July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company and Plan share the costs of the plan administration, including the audit and fiduciary fees.

Contributions - Each year participants receive an annual profit-sharing contribution in an amount not to exceed a specific dollar amount determined by the Internal Revenue Service. The contribution is based on eligible compensation. Participants must be employed on the last day of the Plan Year to receive the profit-sharing contribution. The Plan does not accept rollover contributions.

Participant Accounts - Each participant’s account is credited with an allocation of (a) the Company’s contribution, (b) plan earnings, (c) forfeitures of terminated participants’ non-vested amounts, and (d) netted with any expenses incurred by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Loans - Participant loans are not allowed in the Plan.

Vesting - A participant is fully vested upon entering the Plan after two years of service to the Company.

Payment of Benefits - A participant or their beneficiaries may elect to receive all or a portion of their vested interest attributable to contributions made by the employer upon termination of employment, retirement, disability, or death. Benefits may also be withdrawn if (a) the Plan is terminated and no successor plan is established within one year, or (b) the employer is a Corporation, in the case of certain corporate restructuring. Participants with an account balance of less than \$5,000 will receive a distribution of the vested balance, regardless of consent, as soon as administratively feasible following termination of employment.

Funding Policy - The amount of the Company’s contribution to the Plan is discretionary and is determined annually by the Board of Directors but cannot exceed the amount deductible by the Company for federal income tax purposes.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Schimberg Co. Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Valuation of Investments - The Plan's investments are stated at fair value as determined by quoted market prices, except for fully benefit-responsive investment contracts (Transamerica Stable Value Advantage Option). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value approximates fair value for the fully-benefit responsive investment contracts held by the Plan.

Income Recognition - Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized losses on investments include the Plan's gains and losses on investments held during the year. The plan investments also include a Transamerica Stable Value Advantage Option, which is reported at contract value and described further in Note 7.

Net Change in Fair Value of Investments - The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net change in the fair value of its investments, which consists of the net unrealized increase on those investments.

Payment of Benefits - Benefits are recorded when paid or accrued when requested but not actually paid in the same period in which the request was made.

Administrative Expenses - The Plan Sponsor provides certain administrative and accounting services to the Plan at no cost. Plan Sponsor contributions are held and managed by the trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Although it is under no obligation to do so, the Plan Sponsor has also historically paid for the annual financial statement audit of the Plan. Administrative expenses incurred and paid by the Plan include investment management fees and third-party administrator fees which are netted against investment returns.

Uncertain Tax Positions - The Plan has evaluated for uncertain tax positions and management has expressed there are no uncertain tax positions as of December 31, 2022. Tax returns for the past three years remain open for examination by tax jurisdictions, however, there are currently no audits in process.

Subsequent Events - In preparing the accompanying financial statements, management evaluated subsequent events through August 17, 2023, the date the financial statements were available to be issued, for material subsequent events requiring recognition or disclosure.

Notes to Financial Statements

Note 3 - Fair Value Measurement

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value per share (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Fair Value Measurement (Continued)

The following tables present by level, within the fair value hierarchy, the Plan's assets at December 31, 2022 and 2021:

Description	December 31, 2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Stable Value Advantage Option, at contract value	4,005,687			
Total Investments	\$ 28,727,307			

Description	December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 29,274,837	29,274,837	-	-

Stable Value Advantage Option, at contract value	5,497,892			
Total Investments	\$ 34,772,729			

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net realizable value of assets at the date of termination shall be distributed proportionately to the participants' accounts and each participant shall then be entitled to receive the full value of their account.

Note 5 - Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and is tax-exempt.

Note 6 - Unaudited Information Certified by State Street Bank & Trust Company

The following is a summary of the Plan's investment information, included in the Plan's financial statements and supplemental schedule that was prepared by, or derived from, information prepared by State Street Bank & Trust Company, the trustee of the Plan, and furnished to the plan management. The plan management has obtained certifications from the trustee that the information is complete and accurate as of and for the years December 31, 2022 and 2021.

	2022	2021
Mutual funds	\$ 24,721,620	29,274,837
Transamerica Stable Value Advantage Option (See Note 7)	4,005,687	5,497,892
Cash	-	26,008
Total investments	\$ 28,727,307	34,798,737

Investment income (loss) is summarized as follows:

	Year Ended December 31, 2022	Year Ended December 31, 2021
Net unrealized gains (losses) on investments	\$ (5,859,177)	3,473,108
Interest	73,194	78,267
Dividends	350,002	552,525
Total	\$ (5,435,981)	4,103,900

Note 7 - Investment Contract with Insurance Company

In 2009, the Plan entered into a benefit-responsive stable value fund investment contract with Transamerica Retirement Services (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with interest and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. The stable value fund is presented on the face of the statement of net assets available for benefits at contract value which approximates fair value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable – for example, a significant decline in creditworthiness of Transamerica, the Stable Value Advantage Option investment choice may no longer be considered fully benefit responsive.

Schimberg Co. Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 7 - Investment Contract with Insurance Company (Continued)

The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits or transfers to other investment choices within the Plan.

Since the Stable Value Advantage Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

The Stable Value Advantage Option investment choice allows a participant reasonable access to their assets.

Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period and, as such, average yield equals credited rate. The average interest rate yield by the Plan and interest rate credited to the Plan during the period ended December 31, 2022 and 2021 was 1.55% and 1.45%, respectively. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Party-in-Interest Transactions

ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain administrative functions are performed by officers or employees of the Company who are also participants in the Plan. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee's fees and investment advisory fees are paid directly by the Plan. Administrative expenses for the Plan audit are paid directly by the Plan Sponsor.
