INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Hillmann Consulting 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hillmann Consulting 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hillmann Consulting 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on the audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hillmann Consulting 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hillmann Consulting 401(k) Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hillmann Consulting 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hillmann Consulting 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hillmann Consulting 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Hillmann Consulting 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that is sponsored by Hillmann Consulting, LLC (“Hillmann” or the “Company”). DAC, LLC (“DAC”), 100% owned by Hillmann, is covered under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

The Plan enables all employees who have 1 month of service to participate via systematic savings through payroll deductions. Participants may only enter the Plan on the first day of each month during the Plan year. There is no age requirement to be eligible. Plan participants may elect to have their contributions invested in whole or in part in several available investment options with varying degrees of risk.

Participants are eligible for-profit sharing contributions after completing 1,000 hours of service and are employed on the last day of the Plan year. Company employees who are covered under collective bargaining agreements and non-resident aliens are excluded from the Plan.

Participant Accounts

Each participant’s account is credited with participant contributions, employer contributions, profit sharing contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participant’s account is reduced by withdrawals, losses on investments and any forfeitures.

Investment income is reinvested in the same fund in which it was earned. Net Plan earnings are allocated to each participant’s account, on a daily basis, based upon the earnings (or losses) of the particular fund or funds in which the participant’s account is invested.

Employee Contributions

Participating employees may contribute, on an annual basis through payroll deductions, a portion of compensation to the Plan subject to Internal Revenue Service (“IRS”) limitations not to exceed \$20,500 for the year ended December 31, 2022. Any participant, age 50 or over, may make an additional “catch-up” contribution as determined by the IRS which is not to exceed \$6,500 for the year ended December 31, 2022. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an auto-enrollment provision whereby all eligible participants are automatically enrolled in the Plan at a deferral rate equal to 3% of eligible compensation, unless the participant affirmatively elects not to participate in the Plan. If a participant is automatically enrolled, their deferral percentage will not increase from the initial deferral percentage. A participant may suspend contributions at any time or may increase or decrease their level of participation at any time during the Plan year, effective coinciding with the next pay period.

Employer Contributions

The Plan provides for employer matching contributions on behalf of each member who is an eligible participant. The matching contribution is equal to a discretionary percentage, to be determined by the employer, of the participant’s salary reduction. The matching contribution will be determined based upon participant payroll. Employees must defer a portion of their payroll to receive the match. For the year ended December 31, 2022, an employer matching contribution of 100% of employee deferrals, up to 3% of compensation, totaling \$584,360 was made.

Hillmann Consulting 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Additional profit-sharing amounts may be contributed at the discretion of the employer. The employer did not make a discretionary profit-sharing contribution for the year ended December 31, 2022.

Distributions and Withdrawals

Benefits under the Plan are distributable upon death, disability, retirement or termination of employment. Upon approval by the Plan administrator, participants may also make withdrawals of voluntary employee contributions and withdrawals in the event of serious financial hardship.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions in any of the available investment options. Participants may change their investment options at any time throughout the year.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon and, upon attainment of age 65, death, disability, retirement or termination of the Plan, are 100% vested in employer contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is credited with 100% vesting on a 5-year graded scale of 20%, per year.

Forfeitures are retained in the Plan and may be first used to pay administrative expenses and then to reduce employer contributions. During the year ended December 31, 2022, \$5,709 of forfeited amounts was used to pay administrative expenses as permitted by the Plan. At December 31, 2022 and 2021, the forfeiture account had a balance of \$3,404 and \$1,407, respectively.

Notes Receivable from Participants

The Plan allows for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant's account. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess of the highest balance of existing loans during the preceding 12 months over the current loan, or 50% of the vested account balance. The loans are secured by the balance in the participant's account. At December 31, 2022 and 2021, interest rates ranged from 4.25% to 8.00%. Principal and interest are paid ratably through weekly payroll deductions. The Plan allows two outstanding loans per participant.

Plan Expenses

With the exception of withdrawal and loan application fees, or such fees absorbed in investment income, all administrative fees are paid by the Plan, unless they are paid by the Company. Transaction fees incurred by the Trustee, custodian and registered investment companies are absorbed in investment income and are not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date. Mutual funds are valued on the last day of the year based on published market values in active markets.

Hillmann Consulting 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with various investment options in registered investment companies. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in near term risk factors could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassifications

Certain reclassifications have been made to conform prior year data to the current year presentation. There were no changes in net assets available for benefits as a result of these reclassifications.

3. INVESTMENTS CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Ascensus Trust Company ("Ascensus"), the Trustee as agent for The Vanguard Group, Inc. ("Vanguard"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

Hillmann Consulting 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following information as of and for the years ended December 31, was prepared from reports certified by the Trustee:

	<u>2022</u>	<u>2021</u>
Investments, at fair value		
Registered investment companies	\$ 14,679,222	\$ 15,653,874
Money market	844,219	775,649
	<u>\$ 15,523,441</u>	<u>\$ 16,429,523</u>
Notes receivable from participants	<u>\$ 236,435</u>	<u>\$ 260,971</u>
Net depreciation in fair value of investments	<u>\$ (2,965,173)</u>	
Interest and dividend income	<u>\$ 467,329</u>	
Interest income on notes receivable from participants	<u>\$ 12,940</u>	

4. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded in accordance with Financial Account Standards Board ("FASB") Accounting Standard Codification ("ASC") 820, *Fair Value Measurement*, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The investments held by registered investment companies consist of shares of mutual funds and are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Hillmann Consulting 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Money Market: Valued on the last business day of the year based on published market values in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,679,222	\$ -	\$ -	\$ 14,679,222
Money market	844,219	-	-	844,219
	<u>\$ 15,523,441</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,523,441</u>
	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,653,874	\$ -	\$ -	\$ 15,653,874
Money market	775,649	-	-	775,649
	<u>\$ 16,429,523</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,429,523</u>

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. PARTIES-IN-INTEREST

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan allows administrative costs to be paid by the Plan sponsor. Certain costs are paid by the Plan sponsor directly.

As of December 31, 2022, there were transactions involving the investment of Plan assets in registered investment companies. These funds are maintained by the Plan's Trustee and qualify as party-in-interest transactions. Investment transaction fees paid by the Plan are absorbed in investment income and are not readily determinable. The Plan incurred administrative fees in the amount of \$86,831 in the year ended December 31, 2022. Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. These transactions qualify as party-in-interest transactions.

7. TAX STATUS

The prototype plan document, which the Plan has adopted, obtained its latest opinion letter dated June 30, 2020, in which the IRS stated that the prototype plan is acceptable under section 401 of the Internal Revenue Code ("IRC").

Hillmann Consulting 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The pronouncement also provided guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition requirements. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through August 28, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
