Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: WEYRICK, CRONIN & SORRA

(2) EIN: 81-4643077

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

Independent Auditors' Report

To the Plan Participants and the Board of Directors of
Rukert Terminals Corporation Employee Savings 401(k) Plan
Baltimore, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rukert Terminals Corporation Employee Savings 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Rukert Terminals Corporation Employee Savings 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Rukert Terminals Corporation Employee Savings 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt that Rukert Terminals Corporation Employee Savings 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rukert Terminals Corporation Employee Savings 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rukert Terminals Corporation Employee Savings 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RUKERT TERMINALS CORPORATION EMPLOYEE 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

The following description of the Rukert Terminals Corporation Employee 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering all full-time employees of Rukert Terminals Corporation and Beacon Stevedoring Corporation (collectively, the Company), as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a qualified plan under section 401(a) and 401(k) of the Internal Revenue Service Code (the Code) and is therefore exempt from federal income taxes under provisions of the Code section 501(a). The Plan became effective July 1, 1988. The Plan was most recently amended in April 2020 (See Note 11). The Company oversees governance of the Plan, the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan allows all full-time employees (excluding collectively bargained employees and non-resident aliens with no U.S. income and couriers) who have completed two months of eligibility service to enter the Plan on the first day of the month coinciding with or the next month following the date all requirements are met.

- B. Contributions - Participants may elect salary reduction contributions in amounts up to 100% of their compensation (excluding certain compensation as defined in the plan document) not to exceed the maximum allowable under the Code. Participants who do not make an election and who do not complete an opt-out request, are auto-enrolled with an elective deferral contribution of 4% of compensation. This automatic deferral contribution automatically increases 1% each plan year up to a maximum of 10%. The participant may at any time elect a different percentage or elect not to make elective deferral contributions. Participants who have attained age 50 before the end of the year can make additional catch-up contributions, subject to limitations imposed by the Code. The Plan also allows for after-tax Roth elective deferrals and in-plan Roth conversions. Eligible employees and inactive participants are allowed to make pre-tax and/or Roth (after-tax) rollover contributions to the Plan.

RUKERT TERMINALS CORPORATION EMPLOYEE 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan (continued)

- B. Contributions (continued) - The Company contributes various percentages of base compensation that a participant contributes to the Plan. Fifty percent of the tax-deferred contributions up to a maximum of 4% of compensation are matched for employees with fewer than five years and one day of service. Seventy-five percent of the tax-deferred contributions up to a maximum of 4% of compensation are matched for employees with at least five years and one day of service, but fewer than 15 years. One hundred percent of the tax-deferred contributions up to a maximum of 4% of compensation are matched for employees with at least 15 years and one day of service. During the year ended December 31, 2022, the Company made matching contributions totaling \$433,414, net of forfeitures.

The Company may make additional discretionary profit sharing contributions at the discretion of the Board of the Directors. Participants must complete one year of service and be employed at the end of the Plan year to qualify. No discretionary profit sharing contributions were made during the year ended December 31, 2022.

The Company makes a safe harbor non-elective contribution equal to 3% of eligible compensation for each eligible participant, as defined by the Plan. During the year ended December 31, 2022, the Company made safe harbor non-elective contributions totaling \$499,274.

- C. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon enrollment in the Plan, participants may direct contributions, including employer contributions, into various investment options offered by the trustee, which include various registered investment companies, common collective trust funds, pooled separate accounts and guaranteed fixed income investment accounts.

RUKERT TERMINALS CORPORATION EMPLOYEE 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan (continued)

- D. Vesting - Participants are immediately vested in their voluntary contributions, rollover contributions and safe harbor non-elective company contributions, plus actual earnings thereon. Participants are vested in company matching and discretionary profit sharing contributions according to the following graduated vesting schedule:

<u>Years of Service</u> <u>(As Defined by the Plan Agreement)</u>	<u>Percent</u> <u>Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested in company matching and discretionary profit sharing contributions if employed and meet the requirement of early retirement as defined in the plan document, normal retirement at age 65, disability or death (including while performing qualified military service), or if the Plan is terminated or partially terminated.

- E. Notes Receivable from Participants - Participants may borrow up to 50% of their deferral account balance. The minimum loan amount is \$1,000 with a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, as defined by the Plan. The term of loans for reasons other than the purchase of a primary residence cannot exceed a period of five years minus one month. The term of loans for the purchase of a primary residence cannot exceed a period of fifteen years minus one month. Participants may have only one loan outstanding at a time, however consolidation of loans is allowed. The number of loans approved for a participant in any 12-month period shall be limited to two. The loans are secured by the participant's vested account balance and bear interest at a rate equal to the prime rate. The current interest rate on all outstanding notes receivable ranges from 3.25% - 7.50%. Loan principal along with interest is repaid through systematic payroll deductions. Upon termination of the participant's employment, loans become due and payable in full 60 days after the participant's severance date.

1. Description of the Plan (continued)

- F. Payment of Benefits - Upon termination of service, retirement, death, disability, or attainment of age 59½, a participant or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance, as defined by the plan agreement. A participant may elect to receive either: (a) a lump-sum amount equal to the vested portion of the participant's account, (b) an annuity, or (c) equal installments over a period not to exceed the joint life expectancy and last survivor of the participant and his or her beneficiary. If a participant's vested account balance upon termination is less than \$5,000 but greater than \$1,000, and no distribution election is made by the participant, the plan administrator will direct the trustee to process a direct rollover into an individual retirement plan for the benefit of the participant. If a participant's vested account balance is less than \$1,000 upon termination of service and no election is made, the plan administrator will direct the trustee to make a lump sum distribution. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, participants are allowed to take hardship withdrawals from their elective deferral accounts, and from the vested portion of their account balance attributable to company matching contributions and company profit sharing contributions. Participants may also elect an in-service distribution from their vested account balance resulting from rollover contributions. Such distributions are limited to one such withdrawal in any 12 month period. After 5 years of service, a participant may make a withdrawal of either matching contributions and/or employer discretionary contributions only for the purpose of doing an in-plan Roth rollover. Qualified Reservist distributions are also allowed in the Plan. Distributions are subject to the applicable provisions of the plan agreement. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2022, no amounts were payable to participants who had elected to withdraw from the Plan.
- G. Forfeited Accounts – Upon a participant terminating from the Plan, non-vested employer contributions can be used to reduce future company contributions to the Plan and to pay for administrative expenses of the Plan. Forfeitures available to the Plan totaled \$1,871 and \$18,160 as of December 31, 2022 and 2021, respectively. Forfeitures used to reduce company contributions totaled \$17,906 during the year ended December 31, 2022.

2. Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the plan sponsor determines the Plan's valuation policies utilizing information provided by the trustee and the Plan's investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

3. Information Prepared and Certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2022	2021
Investments, at fair value:		
Registered investment company	\$ 946,206	\$ 1,254,391
Common collective trust	12,399,039	15,990,777
Pooled separate accounts	968,060	1,078,279
Investments, at contract value:		
Guaranteed investment contract	4,971,794	4,637,362
Notes receivable from participants	1,066,970	904,863
Investment income	(3,105,629)	
Interest income on notes receivable from participants	42,661	

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority.

Notes to Financial Statements

4. Fair Value Measurements (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds)

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds

Valued at the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Pooled Separate Accounts

Valued at the NAV of shares in each account held by the Plan at year end. The net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

		Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets for Identical Assets
	Fair Value	(Level 1)
December 31, 2022:		
Registered investment companies	<u>\$ 946,206</u>	<u>\$ 946,206</u>
Total assets in the fair value hierarchy	<u>946,206</u>	<u>\$ 946,206</u>
Investments measured at net asset value	<u>13,367,099</u>	
Investments at fair value	<u>\$ 14,313,305</u>	
		Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets for Identical Assets
	Fair Value	(Level 1)
December 31, 2021:		
Registered investment companies	<u>\$ 1,254,391</u>	<u>\$ 1,254,391</u>
Total assets in the fair value hierarchy	<u>1,254,391</u>	<u>\$ 1,254,391</u>
Investments measured at net asset value	<u>17,069,056</u>	
Investments at fair value	<u>\$ 18,323,447</u>	

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net depreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 at the end of the reporting period. For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

4. Fair Value Measurements (continued)

Fair Value of Investments in Entities that Use Net Asset Value (NAV)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common collective trust	\$12,399,039	\$15,990,777	None	Daily	None
Pooled separate accounts	968,060	1,078,279	None	Daily	None

5. Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% or greater than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

5. Fully Benefit-Responsive Investment Contract (continued)

The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the issuance company to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6. Related-Party Transactions and Party-in-Interest Transactions

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) is the trustee and recordkeeper of the Plan. Pursuant to a service and expense agreement, Principal performs certain administrative services for which fees are charged. Additionally, Principal collects certain fees for offering a guaranteed investment option, pooled separate accounts, and common collective trusts in the Plan's investment offerings. The Plan allows participants to take out loans against their vested account balances. The Company provides certain accounting and administrative services for the Plan for which no fees are charged. The Plan also has a number of service providers. Such providers are parties-in-interest under ERISA. Such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its participation at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their company contributions.

9. Tax Status

The prototype for this Plan obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the prototype received its opinion letter. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt.
