Independent Auditor's Report

To the Participants and Plan Administrator of the
SitusAMC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of SitusAMC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplementary Information Required by ERISA

The Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

SitusAMC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the SitusAMC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan’s provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering all employees of SitusAMC Holdings Corp. (referred to as the “Employer” or “Plan Sponsor”) except temporary employees, as defined in the Plan document. Prior to January 1, 2020, Plan was covering all employees of Employer’s affiliates, Situs Real, LLC, Situs Consulting Solutions, LLC, Situs Co., LLC, Hanover Street Capital, Situs Outsourcing Solutions, LLC, STS Structured Products, Real Estate Research Corporation, Situs Holdings, LLC, Greenwich Street Community Capital LLC, and MountainView Financial Solutions. Effective January 1, 2020, all affiliates mentioned above were removed from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

During 2021, rSquared CRE, LLC, LogicEase Solutions, Inc., and Street Resource Group, Inc. were acquired by Plan Sponsor. As a result of acquisition, effective February 1, 2021, the rSquared CRE, LLC 401(k) Plan and LogicEase Solutions Inc. 401(k) Plan merged into the Plan. Effective June 30, 2021, Street Resource Group, Inc. 401(k) Plan also merged into the Plan.

Contributions

Employees 21 years of age or older are eligible to participate in the Plan on the first day of the next month following the date of hire. The Plan has an automatic enrollment feature whereby new employees are automatically enrolled in the Plan with a pretax contribution rate of 3% of eligible compensation unless the new employee affirmatively makes an election not to participate or to participate at a different contribution rate.

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or certain IRAs. Participants may also designate some or all their contributions as after-tax contributions to a Roth 401(k) option.

The Employer matches 100% of the first 2% and then 50% on the dollar for the next 2% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Employer's board of directors. In 2022, there were no profit sharing contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SitusAMC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are fully vested in their salary deferral contributions and earnings allocated thereon. Vesting in the Employer's matching contributions and discretionary profit-sharing contributions, if any, and earnings attributable thereon, are based on the participant's years of service. A participant will be credited with a year of service for each 12-month period beginning on the date of hire during which the participant earns credit for 1,000 hours of service. Upon the completion of one year of service, a participant becomes 25% vested, which increases at the rate of 25% for each successive year of completed service until full vesting is reached at the completion of four years of completed service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, or other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installment payments.

Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

SitusAMC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year, and expenses related to the Plan's investment portfolio.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation and depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses ("Expenses") of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses, except distribution processing fees, consist of all expense's incidental to the administration, termination or protection of the Plan. Distribution processing fees charged by the recordkeeper are deducted from each participant's account.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures not used to pay plan administrative expenses shall be applied to reduce employer contributions. On December 31, 2022 and 2021, the forfeiture balance was \$278,208 and \$187,607, respectively. Forfeitures utilized to reduce employer contributions were \$347,084 in 2022.

NOTE 3: INVESTMENTS (CERTIFIED BY TRUSTEE) AND FAIR VALUE MEASUREMENTS

As permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA, information related to Plan's investments as of December 31, 2022 and related investment income for the year ended December 31, 2022 has been certified by T. Rowe Price Trust Company, the trustee of the Plan ("Trustee").

SitusAMC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021.

Mutual funds: Valued at quoted market prices, which represent the NAV of shares held by the Plan at year end.

Common trust funds: Valued at the close of the NYSE and are reported at fair value, which GAAP defines as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the underlying trusts are valued at their closing NAV per unit on the day of valuation. Futures contracts are valued at closing settlement prices. Assets and liabilities other than financial instruments, including short-term receivables and payables, are carried at cost, or estimated realizable value, if less, which approximates fair value.

SitusAMC 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Level 1:		
Mutual funds	\$ 40,216,155	\$ 45,783,217
Investments measured at NAV:		
Common trust funds	<u>92,106,562</u>	<u>91,812,215</u>
Total investments at fair value	<u>\$ 132,322,717</u>	<u>\$ 137,595,432</u>

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive Guaranteed Income Fund (GIF) with T. Rowe Price ("TRP"). TRP maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The GIF is included in the financial statements at contract value which represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The concept of a value other than contract value does not apply to this GIF even upon a discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. There are no specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a six-month period. This contract is not a traditional GIF and therefore there are no cash flows that could be discounted. TRP is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan.

NOTE 5: NAV PER SHARE

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>	<u>Unfunded Commit ment</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Common trust fund	\$ 92,106,562	\$ 91,812,215	None	Daily	30 days	None

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by a Trustee; therefore, these investments represent exempt party-in-interest transactions under the prohibited transaction rules of ERISA. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits.

NOTE 8: PLAN TAX STATUS

The Plan adopted a non-standardized prototype defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (“CODA”) which received a favorable opinion letter from the Internal Revenue Service dated August 19, 2020. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management and the Plan’s tax counsel have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: SUBSEQUENT EVENTS

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2022, and through August 11, 2023, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes and has determined that, except for the matter noted below, no significant events occurred that would have a material impact on the financial statements and footnotes.
