## Independent Auditors' Report

Plan Management  
Zoom Tan 401(k) Plan  
Naples, Florida

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Zoom Tan 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zoom Tan 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Principal Trust Company, a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zoom Tan 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zoom Tan 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zoom Tan 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zoom Tan 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Zoom Tan 401(k) Plan

Notes to Financial Statements  
For the Years Ended December 31, 2022 and 2021

## Note A - Description of Plan

The following description of Zoom Tan 401(k) Plan ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### General

The Plan was organized, effective July 1, 2019, by Zoom Tan Management, LLC (the "Employer" and "Plan Sponsor") and is a defined contribution plan with a 401(k)-provision covering all employees, as defined in the plan document, who are at least 21 years of age and have at least 6-months of service. Employees are eligible to make salary deferrals on the first day of the following month after all eligibility requirements are met. The Employer makes qualified matching and discretionary profit-sharing contributions to the Plan for participants who have met the deferral eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

Under the Plan's provisions, each participant may elect to contribute a percentage of his or her pre-tax compensation, after-tax compensation (Roth contribution), or any combination thereof, as defined by the Plan, not to exceed the maximum dollar limit in effect for such calendar year in accordance with Section 401(a)(30) of the Internal Revenue Code ("IRC").

Participants who have attained age 50 before the close of the Plan year are eligible to make a catch-up contributions of up to the maximum dollar limit per the IRC. Such contributions are not subject to the qualified matching contributions for the year ended December 31, 2021 through May 5, 2022. Such contributions are subject to the qualified matching contributions beginning May 6, 2022, per the restated plan document.

Participants may make rollover contributions from amounts representing distributions from other qualified plans.

The Employer makes qualified matching contributions equal to 100% of employee deferrals up to 3% of compensation plus 50% of employee deferrals which are over 3% but not over 5% of compensation.

The Employer may elect to make discretionary profit-sharing contributions to the Plan. No profit-sharing contributions were made to the Plan in 2022 or 2021.

Participants direct the investment of their contributions, as well as those made by the employer, into various investment options offered by the Plan, and may change their investment selections at their discretion.

### Participant Accounts

Each participant account is credited with participant deferrals, qualified matching contributions, allocations of discretionary profit-sharing contributions (as applicable), and allocations of Plan earnings (losses). Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan, such as fees to process requests made by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their deferrals, qualified matching contributions, and actual earnings thereon.

# Zoom Tan 401(k) Plan

Notes to Financial Statements  
For the Years Ended December 31, 2022 and 2021

## Note A - Description of Plan (continued)

### Vesting (continued)

Discretionary profit-sharing contributions are subject to a vesting schedule based on years of service as follows: 20% vested after one year of service, increasing by 20% per additional year of service, with full vesting after five years of credited service. Participants must obtain 1,000 hours of service during the Plan year to be credited a year of service.

### Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 reduced by the highest outstanding note balance from the year preceding the issuance of the note or 50% of their vested account balance reduced by any outstanding note balance. Outstanding notes and approved notes per 12-month period is limited to one note per participant. The repayment terms of the notes cannot exceed five years. The notes are secured by the balance in the participant's account and bear interest at a fixed rate based on rates available for similar notes from commercial lending institutions. Principal and interest are paid ratably through payroll deductions. Any payment, or portion of payment, that remains unpaid for more than 90 days after the due date shall be in default.

### Payment of Benefits

Upon the occurrence of a distributable event due to separation from service by termination, disability, or retirement, as defined by the plan document, a participant may elect to receive a distribution up to the value of the participant's vested interest in their account.

Retired participants will begin receiving benefits at normal retirement date, as defined by the plan document as the first day of the month on or after the date the participant reaches age 65.

Upon reaching age 59½, participants may receive a full or partial distribution of any vested balance.

Hardship distributions may be taken as a result of an immediate financial need, such as medical costs, tuition, funeral expenses, and other qualifying expenses.

Upon death, the participant's vested account balance will be disbursed to his or her spouse or beneficiary in a lump-sum.

The type of contributions that may be withdrawn and the number of withdrawals allowed each year vary based on the type of distribution. Participants should refer to the plan document for such provisions.

After separation, account balances may remain in the Plan if the vested balance is in excess of \$5,000. Lesser balances will be automatically distributed at termination or retirement.

### Forfeited Accounts

Forfeited, non-vested accounts totaled \$83 and \$0 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, forfeited amounts may be used for either Plan expenses, employer contributions, or allocation to participant accounts. For the year ended December 31, 2021, forfeited amounts must be used first for Plan expenses, then employer contributions, and finally for allocation to participant accounts. During the years ended December 31, 2022 and 2021, \$0 and \$1,178, respectively, was paid from forfeited non-vested accounts.

# Zoom Tan 401(k) Plan

Notes to Financial Statements  
For the Years Ended December 31, 2022 and 2021

## Note B - Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

### Participant Contributions Receivable

Participant contributions receivable represent participant deferrals withheld prior to December 31, 2022 and 2021. The balance is based on actual collections subsequent to year end. Participant contributions receivable totaled \$0 at December 31, 2022 and 2021.

### Employer Contributions Receivable

Employer contributions receivable represent employer matching contributions based on participant deferrals withheld prior to December 31, 2022 and 2021, as well as a discretionary profit sharing contributions which were approved during or subsequent to the years then ended (if any). The balance is based on actual collections subsequent to year end. Employer contributions receivable totaled \$0 at December 31, 2022 and 2021.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed to participant accounts when they are incurred. If a participant ceases to make repayments and the Plan Administrator deems the note receivable to be in default, the balance of the note receivable is reduced to zero and a benefit payment is recorded per the plan document. Notes receivable from participants totaled \$8,950 and \$0 at December 31, 2022 and 2021, respectively.

### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the stable value fund valued at contract value, as of December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

### Payment of Benefits

Benefits are recorded when paid.

# Zoom Tan 401(k) Plan

Notes to Financial Statements  
For the Years Ended December 31, 2022 and 2021

## Note B - Summary of Significant Accounting Policies (continued)

### Administrative Expenses

The Plan's expenses are paid by either the Plan or the Employer, as provided by the plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan, that are paid by the Plan, consist of fees related to the administration of participant loans, disbursements, and other plan activities requested by participants. Such fees are charged directly to the participant's account and are recorded as administrative expenses on the accompanying statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) in fair value of investments presented on the accompanying statements of changes in net assets available for benefits.

### Reclassifications

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with this year's presentation.

## Note C - Unaudited Information Certified by the Plan Custodian

The December 31, 2022 and 2021 statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's investments were held in custodial accounts maintained by Principal Trust Company for the years ended December 31, 2022 and 2021, and the plan administrator obtained certifications from the custodian for the years then ended. The information certified includes investments of \$605,108 and \$472,321 for the years ended December 31, 2022 and 2021, respectively, and related total net investment income (loss) of (\$81,047) and \$40,770, respectively, for the years then ended.

## Note D - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under FASB ASC Topic 820 are described as follows:

### Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

# Zoom Tan 401(k) Plan

Notes to Financial Statements  
For the Years Ended December 31, 2022 and 2021

## Note D - Fair Value Measurements (continued)

### Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The investments of the Plan are valued at the closing price reported in the active markets in which they are traded.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are reported as level 1.

*Pooled Separate Accounts* - Valued at the unit price reported by the sponsoring insurance company. The underlying investments owned can include stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other pooled separate accounts, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no significant redemption restrictions on these investments.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2022 and 2021:

	<b>Fair Value Measurements as of December 31, 2022</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

Total investments				<u>\$ 472,321</u>

There were no level 2 or 3 investments at December 31, 2022 and 2021.

## Note E - Stable Value Fund

The Plan invests in a common collective trust fund, Morley Financial Services, Inc. Principal Stable Value Fund Class Z, whose portfolio primarily consists of stable value investment contracts issued by life insurance companies, banks, and other financial institutions. These investments are designed to remain stable through market fluctuations, maintain low volatility, and provide returns with a capital preservation objective favorable for retirement savings. The fund is designed for long-term retirement investing.

## Note F - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## Note G - Income Tax Status

The prototype plan from which the Plan was drafted has received a favorable determination from the Internal Revenue Service on June 30, 2020. Although the Plan has been restated since receiving the determination letter, the Plan Sponsor believes the Plan is designed and is currently being operated in compliance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

## Note H - Risks and Uncertainties

### Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements  
For the Years Ended December 31, 2022 and 2021

## Note I - Related Party and Party-In-Interest Transactions

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Plan transactions with parties-in-interest include administrative fees paid to Principal Trust Company, the custodian of the Plan. Principal Trust Company provides various services to the Plan, such as recordkeeping, custodial services, and transaction management. Investment management fees are paid by the Company, however fees to administer and record various transactions, such as loans, distributions, and other similar transactions are paid by the Plan. Such administrative fees totaled \$1,690 and \$650 for the Plan years ended December 31, 2022 and 2021, respectively.

## Note J - Plan Amendments and Restatement

The Plan was not formally amended during the Plan year ended December 31, 2022, however, the Plan was formally restated effective May 6, 2022. Participants should refer to the most recent plan documents, including the restatements as of January 1, 2021 and May 6, 2022, for details.

## Note K - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Change in net assets available for benefits per financial statements	\$ 129,052	\$ 313,982
Add (less): 2021 investment income recognized in 2020	-	(8)
Change in net assets available for benefits per Form 5500	<u>\$ 129,052</u>	<u>\$ 313,974</u>

## Note L - Subsequent Events

The Plan was formally restated, effective January 1, 2023. Participants should refer to the most recent plan documents for details.

The Plan underwent a blackout period from February 2, 2023 through March 10, 2023 as a result of a change in third-party plan administration.

Subsequent events have been evaluated through September 01, 2023, the date the financial statements were available to be issued.
