Report of Independent Auditors

To the Administrator of Van Eck Associates Employees Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2022 financial statements of Van Eck Associates Employees Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2021 Financial Statements

Other auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 26, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agreed to, or were derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 (“supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Van Eck Associates Employees Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which became effective January 1, 1987 and covers all eligible employees of Van Eck Associates Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Plan Administration

The Plan is administered by the Company. Reliance Trust Company serves as the trustee of the Plan and State Street Bank and Trust Company serves as sub-custodian of Plan assets. ADP Retirement Services serves as recordkeeper of the Plan.

(c) Eligibility

Employees are generally eligible to participate in the Elective Deferral and Employer Discretionary Match upon attaining 21 years of age and on the first day of the month coinciding with or subsequent to the 3 month anniversary of the date of hire. Leased employees, union employees, and nonresident aliens are not eligible to participate in the Plan.

(d) Contributions

Each participant may elect to contribute on a pretax basis up to the statutory maximum allowed by the Internal Revenue Code (IRC), which was \$20,500 for 2022. Participants aged 50 and over were eligible to an additional \$6,500 in 2022 (catch-up contribution). Eligible employees are subject to automatic deferral provisions of 3% of that participant's compensation for each payroll period. The automatic deferral increases 1% a year beginning with year 3 of eligibility until reaching a 6% deferral upon year 5 of eligibility. Participants have the option to opt out of this automatic deferral.

The Plan Sponsor makes safe harbor contributions that matches 100% of each participant's elective contributions up to the first 6% of each participant's elective contributions. See the vesting schedule of these contributions at note 1(f). The Plan Sponsor may also apply participant forfeitures as an additional discretionary match. See note 1(g) for further discussion.

The Plan permits direct rollovers into the Plan from another qualified plan. The Plan also permits Roth elective deferrals made on behalf of participants on an after-tax basis.

Participants direct their elective contributions into various investment options offered by the Plan. The Company's safe harbor and discretionary match contributions are added into the same investments as those chosen by the participant's elections.

(e) Participant Accounts

Each participant's account is (i) credited with the allocations of the Company's contributions and Plan earnings and (ii) charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan participants have the option of investing their contributions and existing account balances in various investment options available in the Plan including mutual funds, a money market fund, or a self-directed brokerage account.

(f) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the employer safe harbor matching contributions plus actual earnings thereon based on the following schedule:

	Percentage vested
Years of service:	
Less than 2	0%
2	100

Participants are required to be credited with 1,000 hours to constitute a year of service.

(g) Forfeitures

A forfeiture will occur as of the earlier of (1) the last day of the Plan year in which the former participant incurs five consecutive 1-year breaks in service or (2) the distribution of the entire vested portion of the participant's account. Forfeited balances of terminated participants' nonvested employer matching contributions may be used to pay administrative expenses or may be added to any employer matching contribution and allocated as an additional matching contribution. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$21,938 and \$21,140, respectively. For the year ended December 31, 2022, \$0 of forfeited nonvested accounts were used to pay administrative expenses and \$21,140 of forfeited non-vested accounts were added as additional matching contributions. These contributions are allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year. Forfeitures allocated to participant accounts are deemed discretionary matching contributions and vest based on the following schedule:

(h) *Payment of Benefits*

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or substantially equal installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may transfer it to another qualified plan or individual retirement account.

Terminated participants or a beneficiary with vested benefits of \$5,000 or less will automatically receive the value of the vested interest in his or her account as a lump-sum distribution.

(i) *Hardship Withdrawals*

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw a portion of their elective contributions account balance. These conditions include: uninsured medical expenses incurred by the participant, his or her spouse or any of his or her dependents; costs directly related to the purchase of a principal residence of the participant; the payment of tuition, related educational fees, and room and board expenses for up to the next 12 months of post-secondary education for the participant, his or her spouse, children or dependents; payments necessary to prevent the eviction of the participant from, or foreclosure on the mortgage on, his or her principal residence; payments for burial or funeral expenses for the participant's deceased parent, spouse, children or dependents; and expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under the Internal Revenue Code (the Code). A participant's right to make elective deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

(j) *Administrative Expenses*

The administrative expenses of the Plan are paid by either the Plan or the Company, as provided by the Plan document. For the year ended December 31, 2022, participant loan origination, self-directed

brokerage account fees, and distribution fees were paid by the Plan. All other expenses of administering the Plan were paid by the Company.

(k) Participant Loans

Participants may borrow from their participant account a maximum equal to the lesser of \$50,000 reduced by the highest outstanding Plan loan balance in the preceding 12 months or 50% of their vested account balance. Loan terms range from one to five years and may be up to thirty years when used for the purchase of a primary residence. Loans are secured by the participant's account balance in the Plan and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the time of the loan. Principal and interest are paid ratably through payroll deductions. The interest rates on outstanding loans as of December 31, 2022 and 2021 range between 4.25% and 8.00% and 4.25% and 6.50%, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and reductions to net assets during the reporting periods. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of money market funds and mutual funds are valued at the net asset value and investments held in self-directed brokerage accounts, which are comprised of exchange traded funds (ETFs) and common stock, are valued at the quoted prices of shares held by the Plan at year end. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and custodian. See note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as those held at year end. Realized gains and losses from security transactions are recorded on the average cost method.

(d) Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2022 and 2021

(e) Participant Loan Receivables

Loan receivables from participants are valued at unpaid principal plus any accrued but unpaid interest. Interest income from participant loans is recorded on an accrual basis.

(3) Information Certified by the Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified as being complete and accurate the investments and participant loans on the statements of net assets available for benefits as of December 31, 2022 and 2021, and the investment income, net depreciation in fair value of investments, interest and dividends, and interest income from participant loans reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the investment and participant loan information included in the supplemental schedule to the financial statements as of December 31, 2022.

(4) Fair Value Measurements

U.S. GAAP provides a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

VAN ECK ASSOCIATES
EMPLOYEES PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2022 and 2021

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Self-directed Brokerage Account Securities: ETFs and common stock are valued at the quoted prices of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

As of December 31, 2022 and 2021, all assets measured at fair value were classified as level 1 assets.

There were no changes in levels of investments during the years ended December 31, 2022 and 2021 and the Plan did not hold any level 3 investments during the years ended 2022 and 2021.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a termination or partial termination of the Plan, or in the event of complete discontinuance of contributions, the account balances of affected participants will be fully vested and nonforfeitable.

(6) Related Party Transactions and Party-in-Interest Transactions

The Company earns management fee revenue from certain Plan investments that are shares of mutual funds distributed and managed by the Company. The value of these investments was \$23,294,684 and \$24,008,165 at December 31, 2022 and 2021, or 38.4% and 36.5% of plan net assets, respectively. Transactions involving these investments qualify as exempt party-in-interest transactions.

(7) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, and events such as global pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2022 and 2021

(8) Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 10, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Subsequent Events

The Plan has evaluated the need for any additional disclosures and/or adjustments resulting from subsequent events through August 29, 2023, the date the financial statements were available to be issued. This evaluation did not result in any subsequent events that necessitated disclosures and/or adjustments in the financial statements.
