INDEPENDENT AUDITOR'S REPORT

To the Windstream Benefits Committee
Windstream 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Windstream 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Information Required by ERISA

The supplemental information, schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description:

The following brief description of the Windstream 401(k) Plan (the "Plan"), and the administration thereof, is provided for general information purposes only. Participants should refer to the Plan document for a more complete and comprehensive description of the Plan's provisions.

Organizational Structure of Plan Sponsor

Windstream Holdings II, LLC ("Holdings"), a Delaware limited liability company, is a privately held communications and software company with no publicly registered debt or equity securities. Windstream Services, LLC ("Services" or the "Company") is a wholly owned subsidiary of Holdings and is the Plan Sponsor.

General

The Plan is a defined contribution employee benefit plan which includes a cash or wage deferral arrangement that covers eligible bargaining and non-bargaining employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by the Windstream Benefits Committee (the "Administrator" or the "Committee") which is comprised of the following members of management of the Company: Chief Executive Officer, Chief Financial Officer, Chief Human Resource Officer, and Director of Benefits. Members are appointed by the Company's Board of Directors. Bank of America, N.A. (the "Trustee"), a wholly owned subsidiary of Bank of America Corporation, serves as the trustee and holds the Plan assets. Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch"), another wholly owned subsidiary of Bank of America Corporation, provides recordkeeping and administrative services to the Plan.

Participation

Eligible non-bargaining employees may participate immediately. Bargaining employees may participate in the Plan, to the extent specifically provided for in their collective bargaining agreement. Prior service with certain other companies may count toward the service requirements of the Plan. Each eligible employee is also allowed to make certain rollover contributions to the Plan immediately upon employment with the Company as governed by the Internal Revenue Code of 1986, as amended (the "Code"). Individuals who are not eligible to participate include leased employees, employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining (unless the collective bargaining agreement where the employees are covered specifically provides for coverage under the Plan), persons not classified as an employee, and nonresident aliens with no U.S. income.

Plan Contributions

Participants may contribute each year up to 60 percent of their annual pretax and/or after-tax eligible compensation to the Plan, as defined in the Plan document. Participant contributions are subject to certain dollar limitations established by the Internal Revenue Service (the "IRS") each year. The annual deferral limits for the Plan are in accordance with the IRS limitations.

Eligible participants who attain fifty (50) years of age prior to the end of the applicable Plan year are eligible to make catch-up contributions in accordance with and subject to the limitations of the Code. Employee contributions are funded to the Plan by Windstream in the period that payroll deductions are made from Plan participants in accordance with the participant's deferral election.

1. Plan Description, Continued:

The Company makes safe-harbor matching contributions to the Plan in an amount equal to 100 percent of the first 3 percent of each participant's eligible compensation contributed to the Plan, plus 50 percent of the next 2 percent of each participant's eligible compensation contributed to the Plan. The Company's safe-harbor matching contribution is calculated and funded in cash to the Plan each pay period with an annual true-up as soon as administratively possible after the end of the Plan year. As of December 31, 2022 and 2021, the annual true-up contributions due to the Plan were $931,941 and $650,328, respectively, and were funded in cash to the Plan in March 2023 and March 2022, respectively. The Company may also make, at its sole discretion, an additional discretionary matching contribution to the Plan. No such discretionary matching contribution was made for the year ended December 31, 2022.

Effective January 1, 2018, participants covered under the Valor Telecommunications of Texas, LLC ("Valor") bargaining agreement receive either the Company matching contribution described above or defined benefit accruals under the Windstream Pension Plan, but not both. Employees covered under the Valor bargaining agreement that do not elect to continue participation in the Windstream Pension Plan effective January 1, 2021, January 1, 2022, January 1, 2023, or January 1, 2024, shall receive a one-time employer contribution of $12,000, $10,000, $8,000 or $6,000, respectively. In March 2022, the Company made a one-time contribution in cash to the Plan for Valor employees in the amount of $40,000.

Employees covered by certain collective bargaining agreements with Windstream Nebraska, Inc. and Windstream Systems of the Midwest, Inc. are automatically enrolled in the Plan at a rate of 2 percent of eligible compensation unless the employee elects a different contribution amount.

For employees in unions covered by the International Brotherhood of Electrical Workers ("IBEW") National Pension Agreement as of January 1, 2018, and who had 30 years of vesting service on that date or on the day the employee attains 30 years of vesting service after January 1, 2018, participant benefits under the Windstream Pension Plan will freeze and the employees will become eligible for a one-time Company contribution to the Plan in the amount of $12,000. In July 2022, the Company made a one-time contribution to the Plan for one IBEW employee in the amount of $12,000, using available forfeitures.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions and related employer safe-harbor matching and discretionary matching contributions, if any, as well as the participant's share of the Plan's earnings. Participant accounts are also charged with an allocation of administrative expenses. The participant contributions are invested in accordance with a participant's investment election. If no investment election has been made, the contributions are invested in a manner deemed appropriate by the Administrator. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan participants may direct their contributions among the various investment options offered by the Plan, which include a participant-directed brokerage account. The Merrill Lynch Self-Direct Brokerage Account allows participants to invest in a large variety of Merrill Lynch mutual funds, as well as interest bearing deposits and corporate bonds.

Vesting, Forfeitures, Benefits, and Payments

Participants are immediately fully vested in their employee contributions and safe-harbor matching employer contributions to the Plan and the accumulated earnings thereon. There was approximately $18,000 in forfeitures created from a previous plan merger during the year ended December 31, 2022. Under terms of the Plan document, forfeitures may be used to pay Plan expenses or to reduce future employer contributions. During 2022, forfeitures of $65,000 were used to fund a portion of the 2021 employer true-up contribution. As previously discussed, in July 2022, forfeitures of $12,000 were also used to fund the one-time employer contribution for one IBEW employee. There was approximately $9,000 and $67,000 in forfeitures available for future use as of December 31, 2022 and 2021, respectively.

1. Plan Description, Continued:

Participants or their beneficiaries, as applicable, are entitled to receive distributions of their Plan account when they retire, become permanently disabled, upon death, or upon separation from service with the Company. The Plan provides benefits upon early retirement between ages 55 and 65.

Participants may elect upon termination of employment to defer payment of their account balance if it exceeds $5,000. If a participant's account balance is equal to or less than $1,000, the account will be automatically distributed. All distributions will be made in the form of a lump-sum payment, unless the distribution is in accordance with a grandfathered provision from a prior plan that merged into the Plan. If a participant's account balance is between $1,001 and $5,000, the Administrator will rollover the account balance into a Merrill Lynch individual retirement account following termination if the employee does not rollover the investment into another qualified retirement plan or take a distribution following termination.

The Plan allows for distributions in the form of a single sum payment or partial payments. Additionally, actively employed participants may withdraw certain funds from their Plan account with the approval of the Administrator for "hardship" reasons as defined by the IRS. Participants may also receive an in-service withdrawal of a portion of their vested account balance on or after attaining age 59 1/2. In addition, participants may withdraw voluntary after-tax and rollover contributions at any time.

Plan Termination

While it has not expressed any intention to do so, the Plan Sponsor has the right to terminate the Plan. In the event that the Plan is terminated, participants shall be entitled to receive the entire amount of his/her account balance in accordance with the Plan provisions. Participants in the Plan are entitled to certain rights and protections under ERISA.

2. Summary of Significant Accounting Policies:

Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting reported in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The preparation of financial statements in conformity with U.S. GAAP requires the Administrator to make estimates and assumptions that affect the amount of assets, liabilities, income and expenses, and disclosures of certain contingent assets and liabilities reported or disclosed in the financial statements. The estimates and assumptions used in preparing the accompanying financial statements are based upon the Administrator's evaluation of the relevant facts and circumstances as of the dates of the financial statements. Actual results may differ from these estimates and assumptions used in preparing the accompanying financial statements and such differences could be material.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by its investment advisers and Trustee. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Gains and losses on sales of investment securities are determined based on the specific identification method. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies, Continued:

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

As outlined in the Plan document, certain expenses related to the Plan's operations are paid from the Plan's assets and are included in administrative expenses. Administrative costs paid directly by Windstream are not reflected in the Plan's financial statements. Certain administrative expenses of the Plan are paid through fees deducted directly from participant accounts. Revenue sharing and sub transfer fees are credited directly into the Plan's trust accounts and are reported in the Plan's financial statements in net depreciation in fair value of investments. The Plan allocates fee income into the accounts of those participants investing in those funds that have revenue sharing arrangements. Investment related expenses are included in net depreciation in fair value of investments.

3. Investments:

Investment Valuation and Income Recognition

The Plan's investments are carried at fair value. Fair value of financial and non-financial assets and liabilities is defined as an exit price, representing the amount that would be received to sell an asset or transfer a liability in an orderly transaction between market participants. Authoritative guidance defines the following three tier hierarchy for assessing the inputs used in fair value measurements:

Level 1 - Quoted prices in active markets for identical assets or liabilities
Level 2 - Observable inputs other than quoted prices in active markets for identical assets or liabilities
Level 3 - Unobservable inputs

Assets and liabilities are classified into the hierarchy in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. The valuation techniques used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes in the methodologies used to value investments from the prior year.

The fair values of the Plan's investments measured on a recurring basis were determined using the following inputs at December 31, 2022:

	Fair Value	Quoted Price in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Mutual funds (a)	$ 516,862,712	$ 516,862,712	$ —	$ —
Participant-directed brokerage accounts (a)(b)	7,977,149	7,927,904	49,245	—
Investments included in fair value hierarchy	524,839,861	$ 524,790,616	$ 49,245	$ —
Other investments measured at net asset value (NAV):				
Collective trust funds (c)	552,949,467			
Total investments (d)	$1,077,789,328			

3. Investments, Continued:

The fair values of the Plan's assets measured on a recurring basis were determined using the following inputs at December 31, 2021:

	Fair Value	Quoted Price in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Mutual funds (a)	$ 672,159,234	$ 672,159,234	$ —	$ —
Participant-directed brokerage accounts (a)(b)	9,895,055	9,840,410	54,645	—
Investments included in fair value hierarchy	682,054,289	$ 681,999,644	$ 54,645	$ —
Other investments measured at NAV:				
Collective trust funds (c)	632,038,124			
Total investments (d)	$1,314,092,413			

(a) Shares of mutual funds are valued NAV of shares held by the Plan at year-end based on their quoted market price on the last business day of the year.

(b) Interest bearing deposits are valued at amortized cost, which approximates fair value. Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities, which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

(c) Collective trust funds are valued based on the NAV of the units held by the Plan as determined by the fund managers on the last day of the Plan year. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. These investments have not been classified within the fair value hierarchy. The fair value amounts presented in the tables above were intended to permit reconciliation to the total investments presented in the statements of net assets available for benefits.

(d) There were no transfers in or out of level 3 for the years ended December 31, 2022 and 2021.

The following table summarizes the Plan's investments with a reported fair value using NAV per share as a practical expedient:

	Fair Value as of December 31, 2022	Fair Value as of December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period *
Collective trust funds	$ 552,949,467	$ 632,038,124	N/A	Daily	N/A

* Were the Plan to initiate a full redemption of the investment fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

3. Investments, Continued:

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

4. Information Certified by the Plan's Trustee:

The Administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee as complete and accurate as included in the accompanying financial statements and supplemental schedule:

a. Total cash, investments, notes receivable from participants, and due from broker as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

b. Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

c. Investment information included in the footnotes and in the supplemental schedule as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

5. Notes Receivable from Participants:

Participants can borrow from their account balances amounts not to exceed 50 percent of their vested account balance, a minimum of $1,000 up to a maximum loan amount of $50,000, reduced by the excess of the highest outstanding loan balance during the preceding 12-month period over the loan balance on the date of the loan. Participants may only have one loan outstanding at any given time. Such loans must be repaid through payroll deductions within five years, or up to 15 years if used to purchase a principal residence. Principal and interest is paid ratably through payroll deductions over the term of the loan. If a participant's employment terminates with an outstanding loan and the termination was not a result of a divestiture by the Company, the entire loan must be repaid in full. If the loan is not repaid in full, the unpaid portion will be considered taxable income to the individual. Loans are collateralized by the balance in the participant's account and bear interest at rates determined by the Administrator upon execution of the loan. Interest rates on the loans outstanding as of December 31, 2022, ranged from 4.25 percent to 11.0 percent. For participant loans issued under the Plan in 2022, the interest rate was calculated by adding 2 percent to the published Prime Rate from The Wall Street Journal as of the close of business on the last business day of the month prior to loan issuance.

6. Tax Status:

Effective as of January 1, 2022, the Plan adopted a Preapproved Defined Contribution Plan (the Preapproved Plan) sponsored by Plan Document Systems LLC. The IRS has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. On July 19, 2022, the Plan sponsor submitted an application with the IRS for a favorable determination letter for the Plan with respect to modifications to the Preapproved Plan, which was approved effective March 16, 2023. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Administrator intends to take the necessary steps, if any, to maintain the Plan's tax-exempt status.

7. Party-In-Interest Transactions:

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Plan investments in the Merrill Lynch Self-Direct Brokerage Accounts are managed by Merrill Lynch. Since Merrill Lynch is a subsidiary of the Trustee, these transactions qualify as exempt party-in-interest transactions. As discussed in Note 5, the Plan permits participants to make loans from the Plan in accordance with the Code. Certain fees incurred by the Plan are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct expense. The Plan also made direct payments to service providers which were not covered by revenue sharing.

8. Reconciliation to Form 5500:

As of December 31, 2022 and 2021, the Plan had pending distributions to participants who elected to withdraw from the Plan. These amounts are recorded as a liability in the Plan's Form 5500; however, these amounts are not recorded as a liability in the accompanying statements of net assets available for benefits in accordance with U.S. GAAP.

The following is a reconciliation of net assets available for benefits per the financial statements to the amounts reflected in the Form 5500 as filed or to be filed by the Company as of December 31:

	2022	2021
Net assets available for benefits per financial statements	$ 1,099,878,190	$ 1,336,294,175
Accrued benefits payable	(969,002)	(395,604)
Net assets available for benefits per Form 5500	$ 1,098,909,188	$ 1,335,898,571

The following is a reconciliation of benefit payments per the financial statements to the amounts reflected in the Form 5500 as filed or to be filed by the Company for the year ended December 31, 2022:

Benefit payments and withdrawals per the financial statements	$ (110,399,813)
Accrued benefits payable as of December 31, 2022	(969,002)
Accrued benefits payable as of December 31, 2021	395,604
Benefits paid to participants per Form 5500	$ (110,973,211)

9. Subsequent Events:

Subsequent events were evaluated through August 17, 2023, the date these financial statements were issued. No additional disclosures are required other than those matters that are reflected within these financial statements.
