Those Charged With Governance
Worley Group Inc. 401(k) Plan
Reading, Pennsylvania

Except as discussed in the following paragraph, in the planning and performing of our audit of the financial statements of Worley Group Inc. 401(k) Plan ("Plan") as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not extend to the certified investment information summarized in Note 3 to those financial statements and did not include a consideration of internal control relating to that information. The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and that the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain matters that we wish to communicate to you. Matters communicated in this letter are classified as follows:

- **Deficiency** – A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.
- **Reportable Finding** – An identified instance of noncompliance or suspected noncompliance with laws or regulations in accordance with AU-C section 250, *Consideration of Laws and Regulations in an Audit of Financial Statements*; a finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process in accordance with AU-C section 260, *The Auditor's Communication With Those Charged With Governance*; or an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention in accordance with AU-C section 265, *Communicating Internal Control Related Matters Identified in an Audit*.

Timely Deposit of Participant Contributions	Deficiency and Reportable Finding
Control Deficiency:	During testing, we noted several instances of participant contributions and loan repayments that were remitted in excess of 15 business days in the following month, as well as other instances where contributions were remitted in excess of 10 business days the same month, which is outside of the client's administrative policies.
Potential Effect:	The amount of delinquent participant contributions will be reported with the Supplemental Schedule H, Line 4a, as well as the Form 5500. Such amount will remain in both places until the year after full correction.
Recommendation:	We recommend that the Company review the procedures involved in remittance of participant contributions to the Plan and institute the necessary controls to ensure participant contributions are remitted timely. A Form 5330 should be filed with the Internal Revenue Service to remit excise taxes due on contributions that were not remitted timely, and lost earnings must be remitted to the Plan and allocated to participants.

Investment Classification	Deficiency and Reportable Finding
Control Deficiency:	The Plan holds an investment in the Principal Stable Value Fund which is a collective trust fund with Principal Trust Company. Based on the analysis that was provided by the custodian to management, management had concluded that the fund is a FBRIC and held at contract value rather than fair value, and reported at NAV, practical expedient.
Potential Effect:	This would affect the classification at the financial statement line item (fair value vs contract value).
Recommendation:	For new investment funds that are similar in nature, we recommend review of the investment funds in detail and apply the fair value analysis.

This communication is intended solely for the information and use of the Plan Administrator, Those Charge with Governance and other members of Plan management, and the Plan's regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.
