A Betterway Rent-A-Car Group 401(k) Plan
Attn: Mr. Howard Steinberg, VP
1110 Northchase Parkway
Suite 200
Marietta, Georgia 30067

To: Board of Directors of the A Betterway Rent-A-Car Group 401(k) Plan

We have audited the financial statements of A Betterway Rent-A-Car Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2022 and have issued our report thereon dated August 29, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Company and PNC Bank, NA, the trustees, which are banks or similar institution or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated July 14, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by A Betterway Rent-A-Car Group 401(k) Plan are described in Note (2) to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2022.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The estimate of investments at fair value is based on the quoted market prices of the underlying investments. The key factors and assumptions used to develop the value of the investments in determining that it is reasonable in relation to the financial statements taken as a whole was based on information provided by the trustees of the plan assets. The trustees of the plan certified to us that the Plan's investments and related activity is complete and accurate. We did not perform any auditing procedures with respect to the investments at fair value.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements was:

- The disclosure of fair value of investments in Notes (2) and (9) to the financial statements are based on the quoted market prices of the underlying investments and in accordance with FASB ASC 820, *Fair Value Measurements*.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 29, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors.

The result of those discussions was not a condition to our retention.

Other Matters

Our responsibility for the ERISA required supplementary information accompanying the financial statements is to perform adequate procedures to evaluate whether the form, content of the ERISA required supplementary information, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the management of A Betterway Rent-A-Car Group 401(k) Plan and those in governance and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

HLB GROSS COLLINS, P.C.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

A Betterway Rent-A-Car Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

A BETTERWAY RENT-A-CAR GROUP 401(K) PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of A Betterway Rent-A-Car Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Fidelity Management Trust Company as of December 31, 2022 and for the period from April 21, 2022 to December 31, 2022, and PNC Bank, NA for the period from January 1, 2022 to April 20, 2022, and as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of A Betterway Rent-A-Car Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about A Betterway Rent-A-Car Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of A Betterway Rent-A-Car Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about A Betterway Rent-A-Car Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purposes of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Years Ended December 31, 2022 and 2021

(1) Description of the Plan

The following description of A Betterway Rent-A-Car Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan covering all eligible employees of A Betterway Rent-A-Car Group Inc., Adamson Car & Truck Rental, Inc., and Easy Car Rental Company, (collectively the “Company” or “Plan Sponsor”) who have completed one year of service and attained the age of 21. The Plan was established effective February 15, 1997, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On April 8, 2022, the Company entered into a merger agreement to merge The Kansas City Landsman, LLC Retirement Plan (the “KCL Plan”) into A Betterway Rent-A-Car Group 401(k) Plan. The merger was deemed effective as of April 21, 2022 and the assets transferred into the Plan effective May 9, 2022, totaling \$3,047,857. All eligible employees of The Kansas City Landsmen, LLC d/b/a Budget Rent-A-Car Kansas City, The Memphis Landsmen, LLC, The Salt Lake City Landsmen, LLC and the Wichita Landsmen LLC were included in the KCL plan that merged with the Plan. In conjunction with the merger, effective April 21, 2022, the Company transferred its net assets available for benefits from PNC Bank, NA to Fidelity Management Trust Company, as new trustee of the Plan, and amended and restated the Plan accordingly.

Contributions - Participants may elect to contribute from 1% to a maximum of 100% of their salary on a pretax basis up to a maximum amount determined annually by the Internal Revenue Service (“IRS”). Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed \$20,500 for 2022 and \$19,500 for 2021. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed \$6,500 for 2022 and 2021. Participants may also contribute amounts representing distributions (“rollover assets”) from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Employees are eligible to designate a portion of their elective deferrals as Roth elective deferrals. Starting January 1, 2018, employees who have satisfied the eligibility requirements will be automatically enrolled with a 2% salary deferral. The provision was applicable only to employees who started on or after that date. For applicable employees, the automatic deferral went into effect on January 1, 2019. The automatic deferral will increase each year by 1%, until 4% has been reached, unless opted out by the participant. Any Company match is discretionary. Participants must have completed 1,000 hours of service during the Plan year to receive an employer matching contribution. For the years ended December 31, 2022 and 2021, the Company elected to match 25% of the first 6% of a participant’s compensation contributed to the Plan. The employer match is limited to 1.5% of total compensation. The Plan Sponsor recorded discretionary matching contributions totaling \$126,231 and \$87,073 for the Plan years ended December 31, 2022 and 2021, respectively.

(1) Description of the Plan (continued)

Participant accounts - Each participant's account is credited with the participant's pre-tax and Roth 401(k) contributions and an allocation of (a) the Company's contributions, (b) Plan earnings (losses), including unrealized appreciation and (depreciation), and (c) forfeited balances of terminated participants' non-vested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon once they reach the Plan entry date. Participants become vested in employer contributions in accordance with Plan provisions based upon years of service. A participant is 100% vested after six years of continuous service. Participants who reach normal retirement age while still employed by the Company are also fully vested in their accounts.

Forfeitures - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$-0- and \$76, respectively. These accounts are used to reduce future employer contributions. During 2022 and 2021, \$10,113 and \$2,358 of forfeitures were used to reduce the Company contributions, respectively.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move their investments from one fund to another in accordance with rules established by the Plan Administrator. The Plan Administrator may change the investment options available to participants at any time.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans fund. Loan terms range from 1 to 5 years and are granted for hardship reasons or specified financial needs. The loan terms can be up to 30 years if the loan proceeds are used for the purchase of a principal residence. A participant may have no more than one loan outstanding during the Plan year. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at market rates that are periodically adjusted by the Plan administrator, which ranged from 3.25% and 7.25% for the years ended December 31, 2022 and 2021.

(1) Description of the Plan (continued)

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. This payment will be in the form of a lump-sum distribution of their total account balance. Participants with vested benefits in excess of \$5,000 or less are eligible to receive a lump sum distribution. Participants with vested benefits in excess of \$5,000 must give consent before a distribution is made, subject to Plan provisions. Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or IRA.

Plan expenses - Substantially all Plan administrative expenses are paid by the Plan Sponsor.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement and Disclosures*, as more fully described in Note (9). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Participant loans are considered delinquent and in default when payment obligations are not met by the participants. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Plan expenses - Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(3) Information prepared and certified by qualified institutions

The following investment information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), was obtained from data that has been prepared and certified to us as complete and accurate by qualified institutions.

	2022	2021
Investments at fair value		
Interest bearing cash	\$ 222,199	\$ -
Mutual funds	13,536,992	12,753,853
Total investments at fair value	13,759,191	12,753,853
Notes receivable from participants	15,468	2,590
Total assets	<u>\$ 13,774,659</u>	<u>\$ 12,756,443</u>
	2022	2021

Total investment (loss) income	<u>\$ (2,537,144)</u>	<u>\$ 2,074,189</u>

(4) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(5) Tax status

The Company adopted a Prototype Basic Plan Document which obtained a favorable tax determination letter from the IRS on June 30, 2020. The Plan, as then designed, was in compliance with the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or \$500,000. The Plan has sufficient bond coverage as of December 31, 2022 and 2021.

(7) Excess contributions

Corrective distributions totaling \$128,446 and \$80,499 for the years ended December 31, 2022 and 2021, respectively, were made in the subsequent Plan year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions are also included in the Plan's statements of net assets available for benefits as excess contributions payable due to participants at December 31, 2022 and 2021.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022 and 2021 to Schedule H of Form 5500:

	2022	2021

Less: Excess contributions due to participants at beginning of year	(80,499)	(67,440)
Plus: Excess contributions due to participants at end of year	128,446	80,499
Changes in net assets per Schedule H of Form 5500	<u>\$ (2,029,641)</u>	<u>\$ 2,156,068</u>

(9) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(9) Fair value measurement (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices and are therefore classified as Level 1 investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Investments				
Interest bearing cash	\$ 222,199	\$ -	\$ -	\$ 222,199
Mutual funds	13,536,992	-	-	13,536,992
Total investments at fair value	<u>\$ 13,759,191</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,759,191</u>
2021				
	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	\$ 12,753,853	\$ -	\$ -	\$ 12,753,853
Total investments at fair value	<u>\$ 12,753,853</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,753,853</u>

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

(10) Party-in-interest transactions

Certain Plan investments are managed by the Plan's trustee. Fidelity Management Trust Company is the trustee of the Plan as of December 31, 2022 and for the period from April 21, 2022 through December 31, 2022. PNC Bank, NA, is the trustee of the Plan as of and for the year ended December 31, 2021, and for the period from January 1, 2022 through April 20, 2022. Therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and other services totaled \$40,980 and \$58,261 for the years ended December 31, 2022 and 2021, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(11) Subsequent events

Management has reviewed subsequent events through August 29, 2023, the date which the financial statements were available to be issued, and has determined that there were no subsequent event matters that require recognition or disclosure in the financial statements.
