Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Keystone Human Services 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

The supplemental information noted in the table of contents, as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Keystone Human Services 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Keystone Human Services (KHS, the Company, or the Plan Sponsor), Keystone Service Systems, Inc., Key Human Services, Inc., Keystone Autism Services, and Partnerships for People, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The KHS Board of Directors is responsible for the oversight of the Plan. The KHS Investment Committee (the Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the KHS Board of Directors.

To comply with the requirements of current laws and regulations, effective January 1, 2022, the Plan was amended and restated via adoption of the Non-Standardized Pre-Approved Profit Sharing Plan With CODA sponsored by The Prudential Insurance Company of America. This pre-approved plan replaced the Prototype Non-Standardized Profit Sharing Plan With CODA previously adopted by the Plan. The Plan was further amended on September 30, 2022, to adopt certain required provisions of the SECURE Act, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, and the Consolidated Appropriations Act, 2021.

Participation

There is no age requirement to participate in the Plan. Employees are eligible to contribute elective salary deferrals and receive Company matching contributions immediately upon their participation in the Plan. Regardless of whether they are contributing elective salary deferrals, employees who are actively employed with the Company on the last day of the plan year are eligible to receive an employer nonelective discretionary contribution, if any.

Contributions

Each year, participants may contribute between 0.5 percent and 80 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies, a pooled separate account, and a guaranteed investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated target-date fund until changed by the participant. The Company currently matches 25 percent of the first 4 percent of base compensation that a participant

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

contributes to the Plan. With approval by the KHS Board of Directors, the Company may also make a nonelective discretionary contribution to the Plan. The Company did not make a nonelective discretionary contribution for the year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as specified in the Plan agreement. A participant is 100 percent vested after five years of credited service. Regardless of the vesting schedule, participants become fully vested if they are employed on or after their early or normal retirement age, or upon death or total and permanent disability.

Notes Receivable from Participants

Participants are not permitted to take loans from the Plan. The notes receivable from participants balances as of December 31, 2022 and 2021, represent loans that were transferred into the Plan during the year ended December 31, 2020, as a result of the merger of the Partnerships for People, Inc. 401(k) Savings Plan into the Plan. In conjunction with the merger, the Plan was amended to allow the transfer and servicing of these participant loans. The collateralized balances in the participants' accounts have interest rates that range from 6.75 percent to 7.50 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a rollover to another qualified plan or as a lump-sum distribution net of applicable taxes and penalties. Provisions are available to allow withdrawals of benefits prior to termination of employment as defined in the Plan agreement and in compliance with the Internal Revenue Code (IRC).

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$40,485 and \$91,697, respectively. These accounts may be used to pay administrative expenses and/or reduce employer

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

contributions. During the year ended December 31, 2022, administrative expenses were reduced by \$91,478 and employer contributions were reduced by \$100,068 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses.

Notes Receivable from Participants

Notes receivable from participants resulting from the plan merger discussed in Note 1 are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, and a distributable event has occurred, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants resulting from the plan merger discussed in Note 1 are charged directly to the participant's account and are included in administrative fees. Certain investment-related expenses are included in net depreciation in fair value of investments.

Administration of Plan Assets

The Plan's assets are administered under contracts with Prudential Bank & Trust, F.S.B. (PB&T), the trustee, and Prudential Retirement Insurance and Annuity Company (PRIAC), the custodian. On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC (Empower), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of PRIAC, which is no longer affiliated with Prudential Financial, Inc. Subsequent to the acquisition, effective October 3, 2022, the legal name of PRIAC was changed to Empower Annuity Insurance Company (EAIC). EAIC (formerly, PRIAC) is now an Empower company, but it remains the service provider under the Plan's service agreement. Neither the name change nor the acquisition of EAIC by Empower resulted in an assignment of the existing service agreement or had any other direct impact on the service agreement. EAIC continues to serve its customers and has the same responsibilities and obligations set forth in the service agreement. As trustee and custodian, PB&T and EAIC invest funds received from contributions, investment sales, interest, and dividends, and make distribution payments to participants.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2023, the date the financial statements were available to be issued. See Note 12.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued on a net unit value basis, using the account's underlying assets, as determined by the custodian, acting as the administrator of the fund. The investments underlying the pooled separate account consist primarily of domestic equity securities. The NAV of the pooled separate account is not quoted on any market; however, the unit price is based on the underlying investments, which are traded in an active market.

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 37,843,091	\$ -	\$ -	\$ 37,843,091
Investment measured at NAV ^a	-	-	-	6,240,412
Investments at fair value	<u>\$ 37,843,091</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,083,503</u>

Investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 45,348,963	\$ -	\$ -	\$ 45,348,963
Investment measured at NAV ^a	-	-	-	8,928,328
Investments at fair value	<u>\$ 45,348,963</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,277,291</u>

^a In accordance with Topic 820-10, the investment that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Investment Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment measured at fair value based on the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate account	\$ 6,240,412	None	Immediate	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate account	\$ 8,928,328	None	Immediate	None

4. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by Plan management and agreed to or derived from information certified as complete and accurate by the trustee and custodian of the Plan:

- Investments and notes receivable from participants balances included in the statements of net assets available for benefits at December 31, 2022 and 2021, and in the notes to the financial statements.
- Investment loss, net and interest income on notes receivable from participants balances included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and in the notes to the financial statements.
- Information included in the accompanying schedule of assets (held at end of year).

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract previously issued by PRIAC (contract issuer), totaling \$2,724,129 for 2022 and \$2,467,382 for 2021. The contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the minimum guaranteed rate specified by the Plan's contract. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer as noted in the contract. Such events include the termination of the contract by the Plan Sponsor. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by PB&T and EAIC (formerly, PRIAC as described in Note 2). PB&T and EAIC are the trustee and custodian of the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for investment management and recordkeeping services provided by PB&T and EAIC are included in net depreciation in fair value of investments as they are paid through revenue sharing, rather than by direct payment, pursuant to the administrative services agreement. If revenue received by PB&T and/or EAIC exceeds the amount owed under the administrative services agreement, PB&T and/or EAIC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants, as defined in the administrative services agreement. During 2022, the excess revenue sharing generated other income of \$102,364 and was used to pay administrative expenses of \$85,000. The Plan or the Company may make a payment to PB&T and/or EAIC for administrative expenses not covered by revenue sharing.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

As a result of the plan merger discussed in Note 1, the Plan has loans to participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated December 4, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan With CODA adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Non-Standardized Pre-Approved Profit Sharing Plan With CODA has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 47,066,354	\$ 56,991,086
Less certain deemed distributions of notes receivable from participants	<u>(32,225)</u>	<u>(32,700)</u>
Net assets available for benefits per the Form 5500	<u>\$ 47,034,129</u>	<u>\$ 56,958,386</u>

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to net loss per the Form 5500 for the year ended December 31, 2022:

	<u>2022</u>
Net decrease in net assets available for benefits per the financial statements	\$ (9,924,732)
Deemed distributions on notes receivable from participants	<u>475</u>
Net loss per the Form 5500	<u>\$ (9,924,257)</u>

11. NONEXEMPT TRANSACTIONS

Title I of ERISA requires that all employee contributions be submitted to the Plan as soon as administratively possible. Failure to remit employee contributions into the Plan on a timely basis is considered a nonexempt prohibited transaction with a party in interest. During the plan year ended December 31, 2021, the Company remitted employee deferrals from one pay period seven days late. The deferrals totaled \$185,362. The Company identified the late remittance and self-corrected it during 2022 by allocating lost earnings of \$108 to the affected participants' accounts. The late remittance is reported as corrected on the Form 5500 for the plan year ended December 31, 2022 (see supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions). There were no other nonexempt transactions during the year ended December 31, 2022.

12. SUBSEQUENT EVENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later.

On March 8, 2023, the Plan Sponsor executed an administrative directive that will permit Roth contributions, Roth rollover contributions, and in-service and hardship withdrawals from Roth contributions. The provisions will be added to the Plan effective January 1, 2024.

Effective March 31, 2023, PB&T, the Plan's trustee, merged into Empower Trust Company, LLC (ETC). As of that date, all services performed by PB&T were assumed by ETC, and ETC became the Plan's trustee. There were no changes to the Plan's Trust Agreement as a result of the merger.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Keystone Human Services 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

The supplemental information noted in the table of contents, as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Keystone Human Services 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Keystone Human Services (KHS, the Company, or the Plan Sponsor), Keystone Service Systems, Inc., Key Human Services, Inc., Keystone Autism Services, and Partnerships for People, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The KHS Board of Directors is responsible for the oversight of the Plan. The KHS Investment Committee (the Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the KHS Board of Directors.

To comply with the requirements of current laws and regulations, effective January 1, 2022, the Plan was amended and restated via adoption of the Non-Standardized Pre-Approved Profit Sharing Plan With CODA sponsored by The Prudential Insurance Company of America. This pre-approved plan replaced the Prototype Non-Standardized Profit Sharing Plan With CODA previously adopted by the Plan. The Plan was further amended on September 30, 2022, to adopt certain required provisions of the SECURE Act, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, and the Consolidated Appropriations Act, 2021.

Participation

There is no age requirement to participate in the Plan. Employees are eligible to contribute elective salary deferrals and receive Company matching contributions immediately upon their participation in the Plan. Regardless of whether they are contributing elective salary deferrals, employees who are actively employed with the Company on the last day of the plan year are eligible to receive an employer nonelective discretionary contribution, if any.

Contributions

Each year, participants may contribute between 0.5 percent and 80 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies, a pooled separate account, and a guaranteed investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated target-date fund until changed by the participant. The Company currently matches 25 percent of the first 4 percent of base compensation that a participant

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

contributes to the Plan. With approval by the KHS Board of Directors, the Company may also make a nonelective discretionary contribution to the Plan. The Company did not make a nonelective discretionary contribution for the year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as specified in the Plan agreement. A participant is 100 percent vested after five years of credited service. Regardless of the vesting schedule, participants become fully vested if they are employed on or after their early or normal retirement age, or upon death or total and permanent disability.

Notes Receivable from Participants

Participants are not permitted to take loans from the Plan. The notes receivable from participants balances as of December 31, 2022 and 2021, represent loans that were transferred into the Plan during the year ended December 31, 2020, as a result of the merger of the Partnerships for People, Inc. 401(k) Savings Plan into the Plan. In conjunction with the merger, the Plan was amended to allow the transfer and servicing of these participant loans. The collateralized balances in the participants' accounts have interest rates that range from 6.75 percent to 7.50 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a rollover to another qualified plan or as a lump-sum distribution net of applicable taxes and penalties. Provisions are available to allow withdrawals of benefits prior to termination of employment as defined in the Plan agreement and in compliance with the Internal Revenue Code (IRC).

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$40,485 and \$91,697, respectively. These accounts may be used to pay administrative expenses and/or reduce employer

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

contributions. During the year ended December 31, 2022, administrative expenses were reduced by \$91,478 and employer contributions were reduced by \$100,068 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses.

Notes Receivable from Participants

Notes receivable from participants resulting from the plan merger discussed in Note 1 are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, and a distributable event has occurred, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants resulting from the plan merger discussed in Note 1 are charged directly to the participant's account and are included in administrative fees. Certain investment-related expenses are included in net depreciation in fair value of investments.

Administration of Plan Assets

The Plan's assets are administered under contracts with Prudential Bank & Trust, F.S.B. (PB&T), the trustee, and Prudential Retirement Insurance and Annuity Company (PRIAC), the custodian. On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC (Empower), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of PRIAC, which is no longer affiliated with Prudential Financial, Inc. Subsequent to the acquisition, effective October 3, 2022, the legal name of PRIAC was changed to Empower Annuity Insurance Company (EAIC). EAIC (formerly, PRIAC) is now an Empower company, but it remains the service provider under the Plan's service agreement. Neither the name change nor the acquisition of EAIC by Empower resulted in an assignment of the existing service agreement or had any other direct impact on the service agreement. EAIC continues to serve its customers and has the same responsibilities and obligations set forth in the service agreement. As trustee and custodian, PB&T and EAIC invest funds received from contributions, investment sales, interest, and dividends, and make distribution payments to participants.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2023, the date the financial statements were available to be issued. See Note 12.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued on a net unit value basis, using the account's underlying assets, as determined by the custodian, acting as the administrator of the fund. The investments underlying the pooled separate account consist primarily of domestic equity securities. The NAV of the pooled separate account is not quoted on any market; however, the unit price is based on the underlying investments, which are traded in an active market.

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 37,843,091	\$ -	\$ -	\$ 37,843,091
Investment measured at NAV ^a	-	-	-	6,240,412
Investments at fair value	<u>\$ 37,843,091</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,083,503</u>

Investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 45,348,963	\$ -	\$ -	\$ 45,348,963
Investment measured at NAV ^a	-	-	-	8,928,328
Investments at fair value	<u>\$ 45,348,963</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,277,291</u>

^a In accordance with Topic 820-10, the investment that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Investment Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment measured at fair value based on the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment.

4. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by Plan management and agreed to or derived from information certified as complete and accurate by the trustee and custodian of the Plan:

- Investments and notes receivable from participants balances included in the statements of net assets available for benefits at December 31, 2022 and 2021, and in the notes to the financial statements.
- Investment loss, net and interest income on notes receivable from participants balances included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and in the notes to the financial statements.
- Information included in the accompanying schedule of assets (held at end of year).

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract previously issued by PRIAC (contract issuer), totaling \$2,724,129 for 2022 and \$2,467,382 for 2021. The contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the minimum guaranteed rate specified by the Plan's contract. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected

NOTES TO FINANCIAL STATEMENTS

by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer as noted in the contract. Such events include the termination of the contract by the Plan Sponsor. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by PB&T and EAIC (formerly, PRIAC as described in Note 2). PB&T and EAIC are the trustee and custodian of the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for investment management and recordkeeping services provided by PB&T and EAIC are included in net depreciation in fair value of investments as they are paid through revenue sharing, rather than by direct payment, pursuant to the administrative services agreement. If revenue received by PB&T and/or EAIC exceeds the amount owed under the administrative services agreement, PB&T and/or EAIC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants, as defined in the administrative services agreement. During 2022, the excess revenue sharing generated other income of \$102,364 and was used to pay administrative expenses of \$85,000. The Plan or the Company may make a payment to PB&T and/or EAIC for administrative expenses not covered by revenue sharing.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

As a result of the plan merger discussed in Note 1, the Plan has loans to participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

NOTES TO FINANCIAL STATEMENTS

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated December 4, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan With CODA adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Non-Standardized Pre-Approved Profit Sharing Plan With CODA has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 47,066,354	\$ 56,991,086

Net assets available for benefits per the Form 5500	<u>\$ 47,034,129</u>	<u>\$ 56,958,386</u>

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to net loss per the Form 5500 for the year ended December 31, 2022:

	<u>2022</u>
Net decrease in net assets available for benefits per the financial statements	\$ (9,924,732)
Deemed distributions on notes receivable from participants	<u>475</u>
Net loss per the Form 5500	<u>\$ (9,924,257)</u>

11. NONEXEMPT TRANSACTIONS

Title I of ERISA requires that all employee contributions be submitted to the Plan as soon as administratively possible. Failure to remit employee contributions into the Plan on a timely basis is considered a nonexempt prohibited transaction with a party in interest. During the plan year ended December 31, 2021, the Company remitted employee deferrals from one pay period seven days late. The deferrals totaled \$185,362. The Company identified the late remittance and self-corrected it during 2022 by allocating lost earnings of \$108 to the affected participants' accounts. The late remittance is reported as corrected on the Form 5500 for the plan year ended December 31, 2022 (see supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions). There were no other nonexempt transactions during the year ended December 31, 2022.

12. SUBSEQUENT EVENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later.

On March 8, 2023, the Plan Sponsor executed an administrative directive that will permit Roth contributions, Roth rollover contributions, and in-service and hardship withdrawals from Roth contributions. The provisions will be added to the Plan effective January 1, 2024.

Effective March 31, 2023, PB&T, the Plan's trustee, merged into Empower Trust Company, LLC (ETC). As of that date, all services performed by PB&T were assumed by ETC, and ETC became the Plan's trustee. There were no changes to the Plan's Trust Agreement as a result of the merger.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Keystone Human Services 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

MAILING ADDRESS

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

The supplemental information noted in the table of contents, as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Keystone Human Services 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Keystone Human Services (KHS, the Company, or the Plan Sponsor), Keystone Service Systems, Inc., Key Human Services, Inc., Keystone Autism Services, and Partnerships for People, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The KHS Board of Directors is responsible for the oversight of the Plan. The KHS Investment Committee (the Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the KHS Board of Directors.

To comply with the requirements of current laws and regulations, effective January 1, 2022, the Plan was amended and restated via adoption of the Non-Standardized Pre-Approved Profit Sharing Plan With CODA sponsored by The Prudential Insurance Company of America. This pre-approved plan replaced the Prototype Non-Standardized Profit Sharing Plan With CODA previously adopted by the Plan. The Plan was further amended on September 30, 2022, to adopt certain required provisions of the SECURE Act, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, and the Consolidated Appropriations Act, 2021.

Participation

There is no age requirement to participate in the Plan. Employees are eligible to contribute elective salary deferrals and receive Company matching contributions immediately upon their participation in the Plan. Regardless of whether they are contributing elective salary deferrals, employees who are actively employed with the Company on the last day of the plan year are eligible to receive an employer nonelective discretionary contribution, if any.

Contributions

Each year, participants may contribute between 0.5 percent and 80 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies, a pooled separate account, and a guaranteed investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated target-date fund until changed by the participant. The Company currently matches 25 percent of the first 4 percent of base compensation that a participant

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

contributes to the Plan. With approval by the KHS Board of Directors, the Company may also make a nonelective discretionary contribution to the Plan. The Company did not make a nonelective discretionary contribution for the year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as specified in the Plan agreement. A participant is 100 percent vested after five years of credited service. Regardless of the vesting schedule, participants become fully vested if they are employed on or after their early or normal retirement age, or upon death or total and permanent disability.

Notes Receivable from Participants

Participants are not permitted to take loans from the Plan. The notes receivable from participants balances as of December 31, 2022 and 2021, represent loans that were transferred into the Plan during the year ended December 31, 2020, as a result of the merger of the Partnerships for People, Inc. 401(k) Savings Plan into the Plan. In conjunction with the merger, the Plan was amended to allow the transfer and servicing of these participant loans. The collateralized balances in the participants' accounts have interest rates that range from 6.75 percent to 7.50 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a rollover to another qualified plan or as a lump-sum distribution net of applicable taxes and penalties. Provisions are available to allow withdrawals of benefits prior to termination of employment as defined in the Plan agreement and in compliance with the Internal Revenue Code (IRC).

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$40,485 and \$91,697, respectively. These accounts may be used to pay administrative expenses and/or reduce employer

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

contributions. During the year ended December 31, 2022, administrative expenses were reduced by \$91,478 and employer contributions were reduced by \$100,068 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses.

Notes Receivable from Participants

Notes receivable from participants resulting from the plan merger discussed in Note 1 are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the participant loan is deemed to be in default, and a distributable event has occurred, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants resulting from the plan merger discussed in Note 1 are charged directly to the participant's account and are included in administrative fees. Certain investment-related expenses are included in net depreciation in fair value of investments.

Administration of Plan Assets

The Plan's assets are administered under contracts with Prudential Bank & Trust, F.S.B. (PB&T), the trustee, and Prudential Retirement Insurance and Annuity Company (PRIAC), the custodian. On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC (Empower), acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of PRIAC, which is no longer affiliated with Prudential Financial, Inc. Subsequent to the acquisition, effective October 3, 2022, the legal name of PRIAC was changed to Empower Annuity Insurance Company (EAIC). EAIC (formerly, PRIAC) is now an Empower company, but it remains the service provider under the Plan's service agreement. Neither the name change nor the acquisition of EAIC by Empower resulted in an assignment of the existing service agreement or had any other direct impact on the service agreement. EAIC continues to serve its customers and has the same responsibilities and obligations set forth in the service agreement. As trustee and custodian, PB&T and EAIC invest funds received from contributions, investment sales, interest, and dividends, and make distribution payments to participants.

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2023, the date the financial statements were available to be issued. See Note 12.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued on a net unit value basis, using the account's underlying assets, as determined by the custodian, acting as the administrator of the fund. The investments underlying the pooled separate account consist primarily of domestic equity securities. The NAV of the pooled separate account is not quoted on any market; however, the unit price is based on the underlying investments, which are traded in an active market.

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 37,843,091	\$ -	\$ -	\$ 37,843,091
Investment measured at NAV ^a	-	-	-	6,240,412
Investments at fair value	<u>\$ 37,843,091</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,083,503</u>

Investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 45,348,963	\$ -	\$ -	\$ 45,348,963
Investment measured at NAV ^a	-	-	-	8,928,328
Investments at fair value	<u>\$ 45,348,963</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,277,291</u>

^a In accordance with Topic 820-10, the investment that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Investment Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment measured at fair value based on the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate account	\$ 6,240,412	None	Immediate	None

4. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by Plan management and agreed to or derived from information certified as complete and accurate by the trustee and custodian of the Plan:

- Investments and notes receivable from participants balances included in the statements of net assets available for benefits at December 31, 2022 and 2021, and in the notes to the financial statements.
- Investment loss, net and interest income on notes receivable from participants balances included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and in the notes to the financial statements.
- Information included in the accompanying schedule of assets (held at end of year).

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract previously issued by PRIAC (contract issuer), totaling \$2,724,129 for 2022 and \$2,467,382 for 2021. The contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the minimum guaranteed rate specified by the Plan's contract. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer as noted in the contract. Such events include the termination of the contract by the Plan Sponsor. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by PB&T and EAIC (formerly, PRIAC as described in Note 2). PB&T and EAIC are the trustee and custodian of the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for investment management and recordkeeping services provided by PB&T and EAIC are included in net depreciation in fair value of investments as they are paid through revenue sharing, rather than by direct payment, pursuant to the administrative services agreement. If revenue received by PB&T and/or EAIC exceeds the amount owed under the administrative services agreement, PB&T and/or EAIC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants, as defined in the administrative services agreement. During 2022, the excess revenue sharing generated other income of \$102,364 and was used to pay administrative expenses of \$85,000. The Plan or the Company may make a payment to PB&T and/or EAIC for administrative expenses not covered by revenue sharing.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

As a result of the plan merger discussed in Note 1, the Plan has loans to participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated December 4, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan With CODA adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Non-Standardized Pre-Approved Profit Sharing Plan With CODA has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 47,066,354	\$ 56,991,086
Less certain deemed distributions of notes receivable from participants	<u>(32,225)</u>	<u>(32,700)</u>
Net assets available for benefits per the Form 5500	<u>\$ 47,034,129</u>	<u>\$ 56,958,386</u>

KEYSTONE HUMAN SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to net loss per the Form 5500 for the year ended December 31, 2022:

	<u>2022</u>
Net decrease in net assets available for benefits per the financial statements	\$ (9,924,732)
Deemed distributions on notes receivable from participants	<u>475</u>
Net loss per the Form 5500	<u>\$ (9,924,257)</u>

11. NONEXEMPT TRANSACTIONS

Title I of ERISA requires that all employee contributions be submitted to the Plan as soon as administratively possible. Failure to remit employee contributions into the Plan on a timely basis is considered a nonexempt prohibited transaction with a party in interest. During the plan year ended December 31, 2021, the Company remitted employee deferrals from one pay period seven days late. The deferrals totaled \$185,362. The Company identified the late remittance and self-corrected it during 2022 by allocating lost earnings of \$108 to the affected participants' accounts. The late remittance is reported as corrected on the Form 5500 for the plan year ended December 31, 2022 (see supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions). There were no other nonexempt transactions during the year ended December 31, 2022.

12. SUBSEQUENT EVENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later.

On March 8, 2023, the Plan Sponsor executed an administrative directive that will permit Roth contributions, Roth rollover contributions, and in-service and hardship withdrawals from Roth contributions. The provisions will be added to the Plan effective January 1, 2024.

Effective March 31, 2023, PB&T, the Plan's trustee, merged into Empower Trust Company, LLC (ETC). As of that date, all services performed by PB&T were assumed by ETC, and ETC became the Plan's trustee. There were no changes to the Plan's Trust Agreement as a result of the merger.
