Independent Auditor's Report

To the Trustee and Plan Administrator of
Zoic, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zoic Inc 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zoic Inc 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zoic Inc 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zoic Inc 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zoic Inc 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zoic Inc 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at Year End) for December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following brief description of Zoic, Inc.'s ("the Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible for participation in the Plan after six consecutive months of service. The minimum age requirement is 21 years old per the Plan agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on July 1, 2003, and was most recently amended and reinstated on May 24, 2021. The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code ("the Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, company contributions, or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

Participants have the option to make before tax contributions and qualified Roth contributions to the Plan of up to 75% of each participant's compensation, as defined by the Plan and subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time.

The Company makes safe harbor matching contributions and discretionary matching contributions each year. For the Plan year ending December 31, 2021, the Company matched 25% of the participant's deferred compensation that is not excess of 6% of the participant's compensation.

Participant Accounts

Participant's account is credited with the participant's contribution as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, as well as the Company's Safe Harbor contributions plus actual earnings thereon. Participants will vest in the Company's discretionary contributions based on the participant's years of service with the Company. A year of service is defined as 1,000 hours of service during a plan year. Company discretionary contributions are vested over a three year period pursuant to the following schedule:

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (concluded)

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year but less than 2 years	33%
2 years but less than 3 years	67%
3 years or more	100%

Administration of Plan Assets

Contributions are held and managed by the Custodian, who invests cash received, allocates interest and dividend income, and makes distributions to Participants unless specifically directed otherwise by the Plan Administrator or other authorized party under the Plan. Employees of the Company may perform certain administrative functions for the Plan. Employees do not receive compensation from the Plan. Administrative expenses can be paid directly by the Company or through the Plan.

Notes Receivable from Participants

Loans are available under the Plan. Loan amounts are limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Interests on loans are based on the rates available for similar notes from commercial lending institutions and are secured by the balance within the participant's vested account balance. During the years ended December 31, 2021 and December 31, 2020, the Plan issued no loans in 2021 and 1 loan in 2020 to participants, respectively. At December 31, 2021 and December 31, 2020, the balance of notes receivable from participants totaled \$55,016 and \$67,745, respectively.

Payment of Benefits

Upon death, disability, or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or roll over the account balance to an IRA or to another employer's qualified plan in accordance with the terms of the Plan agreement.

Forfeited Accounts

At December 31, 2021 and 2020, there was no balance in forfeited non-vested accounts. These amounts will be used to pay future Plan expenses. During 2021 and 2020, plan expenses were reduced by \$8,062 and \$1,491, respectively, from forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (concluded)

Fair Values of Financial Instruments

FASB ASC 820-10, *Fair Value Measurements*, defines fair values which provide a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

Under FASB ASC 820-10, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under FASB ASC 820-10, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2021 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Interest-bearing cash	\$ 77,809	\$ 77,809	\$ -	\$ -
Mutual Funds	8,123,547	8,123,547	-	-
Total Assets	<u>\$ 8,201,356</u>	<u>\$ 8,201,356</u>	<u>\$ -</u>	<u>\$ -</u>

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2020 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Interest-bearing cash	\$ 74,384	\$ 74,384	\$ -	\$ -
Mutual Funds	6,424,134	6,424,134	-	-
Total Assets	<u>\$ 6,498,518</u>	<u>\$ 6,498,518</u>	<u>\$ -</u>	<u>\$ -</u>

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (concluded)

Prices and unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of the realized gains and the unrealized appreciation on those investments.

Investment Valuation and Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as unrealized gains and losses in investments still held at year-end.

Note 3: Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan for 2021 and 2020. In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator has obtained certifications from the trustee that such information is complete and accurate as of the years ended December 31, 2021 and 2020, and for the years then ended as follows:

Investments	2021	2020
Statement of net assets available for benefits:		
Investments at fair value:		
Variable annuities	\$ 8,123,547	\$ 6,424,134
Interest bearing cash	77,809	74,384
Contributions receivable:	-	-
Total investments	<u>\$ 8,201,356</u>	<u>\$ 6,498,518</u>
Notes receivable from participants	<u>\$ 53,886</u>	<u>\$ 66,675</u>
Statement of changes in net assets available for benefits – investment income:		
Net appreciation in fair value of assets	\$ 512,916	\$ 661,631
Interest income	\$ 2,673	\$ 2,493

Note 4: Tax Status

The Internal Revenue Service has not been requested to determine and inform the Company that the Plan is qualified under the applicable sections of the Internal Revenue Code. However, the plan administrator and the Plan's tax council believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Plan Expenses

The Company pays quarterly administrative fees to the Plan. These fees were not reimbursed by the Plan, and amounted to \$1,032 for the year ended December 31, 2021 and \$757 for the year ended December 31, 2020.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	\$ 8,255,242
Excess contribution refunds	-
Net assets available for benefit per the Form 5500	<u>\$ 8,255,242</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2020:

Net assets available for benefits per the financial statements	\$ 6,565,193
Excess contribution refunds	-
Net increase in assets available for benefits per the Form 5500	<u>\$ 6,565,193</u>

Any excess contribution refunds are corrective action taken by the Company to ensure the Plan does not discriminate in favor of highly compensated employees. During the years ended December 31, 2021 and 2020, no excess contributions occurred. As such, the Plan issued no excess contribution refunds.

Note 9: ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) generally requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$500,000. At December 31, 2021 and 2020, the Plan's sponsor maintained bond coverage in the amount of \$500,000, which is sufficient to meet the required coverage according to ERISA.

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 10: Timeliness of Contributions

Employee contributions are due to the Plan as soon as they can be reasonably segregated from the employer's general assets. For the years ended December 31, 2021 and 2020, the Plan had one instance in 2021 which the contributions were not remitted to the Plan in a timely manner.

Note 11: Subsequent Events

The Plan's administration has evaluated subsequent events through November 1, 2022 the date at which the financial statements were available to be issued, and determined no events have occurred that required disclosure.

Independent Auditor's Report

To the Trustee and Plan Administrator of
Zoic, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zoic Inc 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zoic Inc 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zoic Inc 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zoic Inc 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zoic Inc 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zoic Inc 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at Year End) for December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The

information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following brief description of Zoic, Inc.'s ("the Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible for participation in the Plan after six consecutive months of service. The minimum age requirement is 21 years old per the Plan agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on July 1, 2003, and was most recently amended and reinstated on May 24, 2021. The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code ("the Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, company contributions, or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

Participants have the option to make before tax contributions and qualified Roth contributions to the Plan of up to 75% of each participant's compensation, as defined by the Plan and subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time.

The Company makes safe harbor matching contributions and discretionary matching contributions each year. For the Plan year ending December 31, 2021, the Company matched 25% of the participant's deferred compensation that is not excess of 6% of the participant's compensation.

Participant Accounts

Participant's account is credited with the participant's contribution as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, as well as the Company's Safe Harbor contributions plus actual earnings thereon. Participants will vest in the Company's discretionary contributions based on the participant's years of service with the Company. A year of service is defined as 1,000 hours of service during a plan year. Company discretionary contributions are vested over a three year period pursuant to the following schedule:

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (concluded)

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year but less than 2 years	33%
2 years but less than 3 years	67%
3 years or more	100%

Administration of Plan Assets

Contributions are held and managed by the Custodian, who invests cash received, allocates interest and dividend income, and makes distributions to Participants unless specifically directed otherwise by the Plan Administrator or other authorized party under the Plan. Employees of the Company may perform certain administrative functions for the Plan. Employees do not receive compensation from the Plan. Administrative expenses can be paid directly by the Company or through the Plan.

Notes Receivable from Participants

Loans are available under the Plan. Loan amounts are limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Interests on loans are based on the rates available for similar notes from commercial lending institutions and are secured by the balance within the participant's vested account balance. During the years ended December 31, 2021 and December 31, 2020, the Plan issued no loans in 2021 and 1 loan in 2020 to participants, respectively. At December 31, 2021 and December 31, 2020, the balance of notes receivable from participants totaled \$55,016 and \$67,745, respectively.

Payment of Benefits

Upon death, disability, or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or roll over the account balance to an IRA or to another employer's qualified plan in accordance with the terms of the Plan agreement.

Forfeited Accounts

At December 31, 2021 and 2020, there was no balance in forfeited non-vested accounts. These amounts will be used to pay future Plan expenses. During 2021 and 2020, plan expenses were reduced by \$8,062 and \$1,491, respectively, from forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (concluded)

Fair Values of Financial Instruments

FASB ASC 820-10, *Fair Value Measurements*, defines fair values which provide a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

Under FASB ASC 820-10, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under FASB ASC 820-10, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2021 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Interest-bearing cash	\$ 77,809	\$ 77,809	\$ -	\$ -
Mutual Funds	8,123,547	8,123,547	-	-
Total Assets	<u>\$ 8,201,356</u>	<u>\$ 8,201,356</u>	<u>\$ -</u>	<u>\$ -</u>

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2020 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Interest-bearing cash	\$ 74,384	\$ 74,384	\$ -	\$ -
Mutual Funds	6,424,134	6,424,134	-	-
Total Assets	<u>\$ 6,498,518</u>	<u>\$ 6,498,518</u>	<u>\$ -</u>	<u>\$ -</u>

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (concluded)

Prices and unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of the realized gains and the unrealized appreciation on those investments.

Investment Valuation and Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as unrealized gains and losses in investments still held at year-end.

Note 3: Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan for 2021 and 2020. In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator has obtained certifications from the trustee that such information is complete and accurate as of the years ended December 31, 2021 and 2020, and for the years then ended as follows:

Investments	2021	2020
Statement of net assets available for benefits:		
Investments at fair value:		
Variable annuities	\$ 8,123,547	\$ 6,424,134
Interest bearing cash	77,809	74,384
Contributions receivable:	-	-
Total investments	<u>\$ 8,201,356</u>	<u>\$ 6,498,518</u>
Notes receivable from participants	<u>\$ 53,886</u>	<u>\$ 66,675</u>
Statement of changes in net assets available for benefits – investment income:		
Net appreciation in fair value of assets	\$ 512,916	\$ 661,631
Interest income	\$ 2,673	\$ 2,493

Note 4: Tax Status

The Internal Revenue Service has not been requested to determine and inform the Company that the Plan is qualified under the applicable sections of the Internal Revenue Code. However, the plan administrator and the Plan's tax council believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Zoic, Inc. 401(k) Plan

Notes to Financial Statements

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Plan Expenses

The Company pays quarterly administrative fees to the Plan. These fees were not reimbursed by the Plan, and amounted to \$1,032 for the year ended December 31, 2021 and \$757 for the year ended December 31, 2020.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	\$ 8,255,242
Excess contribution refunds	-
Net assets available for benefit per the Form 5500	<u>\$ 8,255,242</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2020:

Net assets available for benefits per the financial statements	\$ 6,565,193
Excess contribution refunds	-
Net increase in assets available for benefits per the Form 5500	<u>\$ 6,565,193</u>

Any excess contribution refunds are corrective action taken by the Company to ensure the Plan does not discriminate in favor of highly compensated employees. During the years ended December 31, 2021 and 2020, no excess contributions occurred. As such, the Plan issued no excess contribution refunds.

Note 9: ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) generally requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$500,000. At December 31, 2021 and 2020, the Plan's sponsor maintained bond coverage in the amount of \$500,000, which is sufficient to meet the required coverage according to ERISA.

Notes to Financial Statements

Note 10: Timeliness of Contributions

Employee contributions are due to the Plan as soon as they can be reasonably segregated from the employer's general assets. For the years ended December 31, 2021 and 2020, the Plan had one instance in 2021 which the contributions were not remitted to the Plan in a timely manner.

Note 11: Subsequent Events

The Plan's administration has evaluated subsequent events through November 1, 2022 the date at which the financial statements were available to be issued, and determined no events have occurred that required disclosure.
