Independent Auditor's Report

To the Administrator of the Smithers-Oasis Company Retirement Savings Plan
Kent, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Smithers-Oasis Company Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Smithers-Oasis Company Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Smithers-Oasis Company Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Smithers-Oasis Company Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Smithers-Oasis Company Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Smithers-Oasis Company Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Smithers-Oasis Company Retirement Savings Plan
Notes to the Financial Statements
December 31, 2022 and 2021

A. PLAN DESCRIPTION

The following description of the Smithers-Oasis Company (the “Company,” “Plan Sponsor” and “Plan Administrator”) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all domestic employees of the Company upon their hire date. The Plan has been established to provide retirement, death, disability, hardship, and resignation or dismissal benefits to Plan participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Each year, participants may contribute up to 100%, limited to the Internal Revenue Code (“IRC”) 402(g) limit of their compensation on a pre-tax or post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor, however, may be required to limit contributions of certain employees to comply with the IRC.

All new employees, with the exception of part-time, temporary employees and interns, are automatically enrolled in the Plan at a rate of 6% of compensation on a pre-tax basis. On an annual basis, participants who are contributing less than 6% to the Plan are automatically re-enrolled at 6%, and participants who are deferring at a rate equal to 6% but less than 10% are automatically escalated by 1% until they have reached 10%. Participants can opt out of auto-enrollment and the auto-escalation feature as well as change their deferral rates at any time.

The Plan Sponsor may, at its option, match a portion of participants’ voluntary contributions. For all periods presented, the Plan Sponsor elected to match 50% of each dollar of contributions up to 6% of participants’ compensation.

Matching contributions to the Plan totaled \$548,563 and \$490,003 for 2022 and 2021, respectively. Additionally, the Plan requires the Plan Sponsor to make a safe-harbor contribution of 3% of the compensation paid to each participant annually. Safe-harbor contributions to the Plan totaled \$586,392 and \$527,081 for 2022 and 2021, respectively.

The Plan Sponsor may make additional discretionary contributions to the Plan. All eligible U.S. employees, as defined, may receive these discretionary contributions after completing 1,000 hours of service, but must be actively employed as of December 31. No additional discretionary contributions were made to the Plan during 2022 or 2021.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, employer matching contributions, safe-harbor contribution, the Company’s discretionary contributions, Plan earnings (losses), and participant disbursement fees. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants may direct their contributions to the investment options authorized by the Plan Sponsor that are offered by Transamerica. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their deferral contributions, rollover contributions and all employer contributions.

Smithers-Oasis Company Retirement Savings Plan

Notes to the Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act increased the maximum loan amount to \$100,000 or 100% of a participant's vested balance, through September 22, 2020. For periods prior to the adoption of the CARES Act and after September 22, 2020, participants were permitted to borrow from their salary deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Loan terms generally range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is taken based on Prime. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Distributions from the participant accounts are made in the event of retirement, death, disability, hardship, resignation, or dismissal. The form of payment is subject to various limitations as defined in the Plan agreement.

Subsequent Events - The Plan has evaluated subsequent events through August 21, 2023, the date that the Plan's annual financial statements were available to be issued.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note E.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are held by Transamerica and State Street and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid or accrued.

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Notes to the Financial Statements
December 31, 2022 and 2021

C. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The Plan Sponsor has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by State Street Bank and Trust Company ("State Street"), the trustee, and Transamerica Financial Life Insurance Company ("Transamerica"), the agent of the trustee and custodian of the Plan assets held in the Transamerica general asset account and separate accounts.

State Street and Transamerica have certified as to the completeness and accuracy of the investments each respectively holds and changes in net assets arising from said investment activity as of December 31, 2022 and 2021, and for the years then ended.

State Street and Transamerica have certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2022.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Smithers-Oasis Company Retirement Savings Plan

Notes to the Financial Statements

December 31, 2022 and 2021

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022		
	Level 1	Level 2	Total
Mutual funds	\$ 30,522,623	\$ -	\$ 30,522,623
Insurance company general account	-	202	202
Investments at fair value	<u>\$ 30,522,623</u>	<u>\$ 202</u>	<u>\$ 30,522,825</u>
	December 31, 2021		
	Level 1	Level 2	Total
Mutual funds	\$ 35,750,906	\$ -	\$ 35,750,906
Insurance company general account	-	200	200
Investments at fair value	<u>\$ 35,750,906</u>	<u>\$ 200</u>	<u>\$ 35,751,106</u>

E. INVESTMENT CONTRACT WITH TRUST COMPANY

The Morley Stable Value Fund meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan (2.43% and 1.66% as of December 31, 2022 and 2021, respectively).

The Morley Stable Value Fund's objective is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive payments. The Morley Stable Value Fund invests primarily in a variety of high-quality stable value investment contracts as well as cash and cash equivalents. Unit holders may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily. Withdrawals other than benefit payments and transfers require twelve-month advance written notice. Certain Plan sponsor-directed actions also require advance written notice and may limit the ability of unit holders to transact at contract value. Such events include but are not limited to: (i) trustee or Plan sponsor-directed reallocation of investments; (ii) company-sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Morley Stable Value Fund as an investment option of the Plan; and (v) terminating the Plan. The Plan Administrator does not believe any events which would limit unit holders to transact at contract value are probable of occurring.

Smithers-Oasis Company Retirement Savings Plan
Notes to the Financial Statements
December 31, 2022 and 2021

F. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Transamerica (General Account for 2022 and 2021). Transamerica is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2022 and 2021, the Plan paid fees to Transamerica totaling \$59,600 and \$66,210, respectively.

Transamerica provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and Transamerica. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. If the revenue received by Transamerica from such mutual fund service providers exceeds the amount owed under the SA, such amounts are allocated to the accounts of the participants. For the years ended December 31, 2022 and 2021, \$1,268 and \$1,466, respectively, was allocated to participant accounts.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

H. FEDERAL INCOME TAX STATUS

The Plan adopted the Transamerica Retirement Solutions, LLC volume submitter document effective January 1, 2016. The Plan has been amended since the prototype received an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. PLAN AMENDMENTS

Effective January 1, 2022, the Plan was restated as part of the required Cycle 3 restatement.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
