INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Stork H&E Turbo Blading, Inc. 401(k) Plan
Ithaca, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Stork H&E Turbo Blading, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stork H&E Turbo Blading, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stork H&E Turbo Blading, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stork H&E Turbo Blading, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stork H&E Turbo Blading, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stork H&E Turbo Blading, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STORK H&E TURBO BLADING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

A. DESCRIPTION OF PLAN

The following description of the Stork H&E Turbo Blading, Inc. 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Stork H&E Turbo Blading, Inc. (“Company”) and is part of the controlled group of Fluor Corporation. Employees are eligible to contribute immediately upon beginning employment and are immediately eligible for the Company match contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Fiduciary Committee is responsible for the governance of the Plan.

Contributions: Each year, participants may contribute a whole percentage of pretax annual compensation, as defined in the Plan (“elective deferrals”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company has elected a stated tiered match contribution. The Company matches 100% of each employee elective deferrals up to 3% of the employee’s base compensation and contributes 50% of elective deferrals which are over 3% of the base compensation, not to exceed 5% of the base compensation.

The Company has the option to make additional discretionary contributions to the Plan.

Participants may direct the investment of their contributions and the Company’s contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds, collective trusts, and a stable value fund as investment options for participants. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts: Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, the Company’s discretionary contribution, an allocation of Plan earnings (losses), and charged with administrative expenses as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions and in the Company contribution plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of their vested account

balance reduced by any outstanding loan balance or (b) \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The number of outstanding loans for a participant is limited to two, and the number of loans approved in any twelve-month period is limited to three. The term of each loan is generally limited to five years, but is limited to fifteen years for the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear an interest rate equal to the Prime rate, as published by the Wall Street Journal, plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits: Upon termination of service, death, disability, or retirement (age 65), a participant may elect to receive either a single-sum payment equal to the value of the participant's vested interest in his or her account, a fixed period installment option, or a fixed payment installment option. The Plan allows for in-service withdrawals if a participant reaches age 59½ and hardship distributions subject to Plan provisions.

Forfeited Accounts: Participants are immediately 100% vested in their accounts. Therefore, there are no forfeited accounts.

CARES Act:

The Coronavirus Aid Relief and Economic Security Act (CARES Act) was enacted in March 2020 and included optional provisions affecting employee benefit plans. The Plan elected to adopt the following provisions:

- Participant loans – Participants were permitted to defer payments due to loans through December 31, 2020 for a period of one year.
- Required minimum distributions (RMDs) – The rules on RMDs were waived for 2020. Individuals who received RMDs in 2020 prior to the date of the CARES Act were allowed to rollover the distribution to a qualified plan and avoid federal income taxation.
- Fee waiver – Participant-paid distribution fees were waived for taking a qualifying hardship withdrawal through September 30, 2020. Loan origination fees were also waived for taking a new loan through September 30, 2020.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition:

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis.

Benefit Payments:

Benefit payments are recorded when paid.

Administrative Expenses:

Certain administrative expenses of the Plan are paid directly by the Company.

C. INVESTMENTS (UNAUDITED)

The investment activities and balances included on the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the Statements of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee, Principal Trust Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$10,091,826 and \$11,910,777 and participant loans in the amount of \$441,112 and \$327,457 at December 31, 2022 and 2021, respectively, and related investment income of \$(1,812,051) and \$1,232,319, respectively, and interest on participant loans of \$18,313 and \$15,473, respectively, for the years then ended.

D. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds are quoted daily at publicly available prices, based on the market value of its underlying investments. Mutual funds are deemed to be actively traded.

Common Collective Trust Funds: Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

ASSETS AT FAIR VALUE AS OF DECEMBER 31, 2022				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

	<u>\$ 11,910,777</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,910,777</u>

E. PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company, a member of the Principal Financial Group, is the trustee as defined by the Plan. Certain Plan investments are managed by the trustee or other affiliated companies.

Administrative services are offered through the trustee and affiliated companies of the trustee. Total direct charges and fees, including asset charges, Plan service fees, and

transaction fees, paid by the Plan to Principal Life Insurance Company, an affiliated company of the trustee, amounted to \$6,148 and \$5,277 for the Plan for the years ending December 31, 2022 and 2021, respectively. Certain fees incurred by the Plan for the investment management services are included in investment income.

Administrative fees paid by the Company to Principal Financial Group amounted to \$0 for the years ended December 31, 2022 and 2021.

All of these transactions qualify as exempt party-in-interest transactions under ERISA.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

G. TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has annual regulatory filing requirements to the Department of Labor (“DOL”) of the Form 5500.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

I. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

J. IMPACT OF COVID-19

As a result of the spread of COVID-19 coronavirus, economic uncertainties arose during the years ended December 31, 2022 and 2021 which resulted in significant volatility in the investment markets.

K. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 27, 2023, the date when the financial statements were available to be issued, and no events required disclosure.
