INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Sunnyside Manor, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Sunnyside Manor, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year subsequent to the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplementary schedule, schedule H, part IV, line 4i – schedule of assets (held at end of year), is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Sunnyside Manor, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

Plan Sponsor

The Plan Sponsor, Sunnyside Manor, Inc., is a member of a controlled group which includes the following companies (collectively the "Company"):

- Sunnyside Manor, Inc.
- SS Health Services Inc.

General

The Plan is a participant directed defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code ("Code") and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of the Company and their beneficiaries funds for retirement.

Eligibility

An employee of the Company becomes an eligible participant in the Plan immediately upon attainment of 21 years of age and after completing 1 year of eligibility service. A year of eligibility service is accomplished after completing 1,000 hours of service during the first 12 months of employment. Participants are eligible to enter the Plan on the first day of the month following satisfaction of eligibility requirements. Unless an election to opt-out of the Plan is made, eligible employees will be automatically enrolled in the Plan.

Employee Contributions

Employees have the option to elect to contribute up to 70% of eligible compensation, not to exceed $20,500 for 2022. Any participant, age 50 or older, may make an additional "catch-up" contribution, as determined by the Code, which is not to exceed $6,500 for 2022. The Plan established an automatic enrollment feature whereby newly eligible participants will be automatically enrolled in the Plan with a pre-tax deferral rate of 1%, unless the participant affirmatively elects not to participate in the Plan. The Plan does not have an automatic escalation feature. Participants direct the investment of their contributions into one or more investment options offered by the Plan. A participant may suspend contributions or may increase or decrease his/her level of participation in the Plan at any point in time. Eligible employees may direct rollover amounts from another qualified plan or IRA into the Plan.

Employer Matching Contributions

The Plan provides for employer matching contributions on behalf of each employee who is an eligible employee. The employer matching contribution is 60% of the employee's elective deferrals on a pay period by pay period basis. The Company will not match elective deferrals that exceed 6% of eligible earnings. For the year ended December 31, 2022, employer matching contributions amounted to $102,444. Employees become fully vested in the Company's match after six years of service.

Employer Discretionary Contributions

Under the Plan, the Company may make a discretionary contribution which is not limited to its current or accumulated net profit. The amount of contribution, if any, shall be determined each year by the Company according to the participants' compensation. The allocation of the contribution to participants' accounts is based on the eligible participants' wage base.

Eligible participants must be employed on the last day of the year to receive any contribution. For the year ended December 31, 2022, the Company did not make a discretionary contribution.

Participant Accounts

Individual accounts are established for each participant. The Plan is invested in a variety of shares in common collective trusts and registered investment companies. Each participant's account is credited with the participant's pre-tax contributions, Company contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. Allocations are based on participant earnings or account balances as defined in the Plan document. The participant's account is reduced by withdrawals, losses on investment, certain administrative fees and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

A participant is at all times fully vested in the portion of his/her account attributable to participant contributions, plus actual earnings and losses thereon. Vesting in the Company's contributions, plus actual earnings thereon, is based on years of service. Participants become fully vested upon death, total and permanent disability and early or normal retirement age.

The Plan provides for participants to vest in their account balances as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures occur when a participant terminates employment and is less than 100% vested in his/her Company account balance. At both December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately $2,400. Forfeitures retained by the Plan are used to reduce employer contributions or pay Plan expenses as allowed by the Plan Documents. For the year ended December 31, 2022, $2,458 of forfeitures were used to reduce employer matching contributions.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability or termination of employment. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, the value of his/her vested account balance as adjusted for earnings or losses thereon. Normal retirement age has been designated as 65. Distributions under the Plan are made in lump sums, direct transfers or annuities.

Notes Receivable from Participants

Participants have the option to borrow, from their fund accounts, a minimum of $500 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Participants may only have one outstanding loan at any given time and interest is determined based on the prime rate, as published in *The Wall Street Journal*, plus two percentage points which ranged from 5.25% to 7.50% at both December 31, 2022 and 2021. Loans at December 31, 2022 mature at various dates through 2027.

The loans are secured by the balance of the participant's account. Loan terms generally range from 1 to 5 years unless utilized for the purchase of a primary residence, whereas the loan will be repaid within a period of no more than 30 years. Principal and interest are paid ratably through weekly payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, including contingencies. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with the option to invest in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in the near term could materially affect certain participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of the amounts that could be realized in a current market exchange.

Administrative Services

Certain administrative fees are charged against participant accounts by the Trustee, including loan fees, withdrawal fees and member requested service fees. All other significant administrative costs are absorbed by the Company. In addition, certain investment related transaction and administrative fees have been reflected as an offset of net investment income and are not readily determinable.

Excess Contributions Payable
Amounts payable to certain participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions relating to the 2022 Plan year to the applicable participant during 2023.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid, interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents. As of December 31, 2022, no allowance for credit losses has been recorded.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2022.

The following information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was prepared from reports certified by the Trustee:

	2022	2021
Investments, at fair value		
Registered investment companies	$ 1,138,937	$ 1,215,083
Interest-bearing cash	664,430	504,458
Common collective trusts	961,718	1,131,174
	$ 2,765,085	$ 2,850,715
Notes receivable from participants	$ 60,332	$ 34,991
Net depreciation in fair value of investments	$ (380,081)	
Dividend income	$ 42,017	
Interest income on notes receivable from participants	$ 3,516	

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The investments held by registered investment companies consist of shares of mutual funds and are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common Collective Trusts ("CCT"): Net asset value of the underlying funds is reported by the investment advisor using the audited financial statements of the collective trust at year-end.

The investment in the common collective trusts is valued utilizing the net asset value ("NAV") as a practical expedient to estimate fair value. The use of NAV is deemed appropriate as the common collective trusts do not have a finite life, unfunded commitments relating to the types of investment or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will sell a portion of the investment at an amount different from the net asset valuation.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 1,138,937	$ -	$ -	$ 1,138,937
Interest-bearing cash	664,430	-	-	664,430
Investments measured at net asset value (a)	-	-	-	961,718
Investments, at fair value	$ 1,803,367	$ -	$ -	$ 2,765,085

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 1,215,083	$ -	$ -	$ 1,215,083
Interest-bearing cash	504,458	-	-	504,458
Investments measured at net asset value (a)	-	-	-	1,131,174
Investments, at fair value	$ 1,719,541	$ -	$ -	$ 2,850,715

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in Fair Value

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no transfers between levels.

5. FAIR VALUE OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

The following table sets forth the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

	2022			
Investment	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common collective trusts	$ 961,718	$ -	Daily	Daily

	2021			
Investment	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common collective trusts	$ 1,131,174	$ -	Daily	Daily

6. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees but reserves the right to modify, amend or terminate the Plan at any time by resolution of the Plan sponsor. In the event Plan termination occurs, all participants will become 100% vested in their accounts and shall receive a total distribution of their accounts as described in the Plan document.

7. TAX STATUS

The Plan obtained its latest opinion letter for a prototype plan on October 6, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Code. The Plan has been amended since receiving this opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In addition, there has been no tax related interest or penalties for the periods presented in these financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2022, the Plan did not incur any fees for services related to ADP, LLC, the recordkeeper of the Plan. Additionally, the Plan issues loans to participants which are secured by the participants' account balances. These transactions qualify as exempt party-in-interest transactions.

9. QUALIFIED NON-ELECTIVE CONTRIBUTION

For the years ended December 31, 2021, the Company determined it had inadvertently failed to calculate employer matching contributions for one employee. The Company has since taken corrective action relating to these missed employer matching contributions totaling $858 for the year ended December 31, 2021. At December 31, 2021, total employer matching contributions due amounted to $2,145.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2022	2021
Net assets available for benefits per the financial statements	$ 2,824,923	$ 2,897,626
Less: Contributions receivable from participants	(8,960)	(8,093)
Less: Contributions receivable from employer	(4,032)	(5,912)
Add: Excess contributions payable	13,486	2,085
Net assets per Schedule H of Form 5500	$ 2,825,417	$ 2,885,706

The following is a reconciliation of the net decrease in net assets per the financial statements for the year ended December 31, 2022, to net income per Schedule H of Form 5500:
