Report of Independent Auditors

Plan Advisory Committee
Haile Gold Mine, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Haile Gold Mine, Inc. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Advisory Committee
Haile Gold Mine, Inc. 401(k) Profit Sharing Plan

Opinion (continued)

- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Advisory Committee
Haile Gold Mine, Inc. 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Advisory Committee
Haile Gold Mine, Inc. 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Advisory Committee
Haile Gold Mine, Inc. 401(k) Profit Sharing Plan

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Haile Gold Mine, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan benefits the employees of Romarco Minerals U.S. Inc. (the “Sponsor”), as well as employees of Haile Gold Mine, Inc. and OceanaGold Exploration (Carolina) Inc. (collectively, the “Companies”), through participation agreements. The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code. Employees of the Companies become eligible to participate in the Plan on the first day of the month immediately following the completion of 90 days of service and attainment of eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows contributions of up to 100% of a participant’s pre-tax annual compensation, as defined in the Plan. The Plan also allows contributions to be made as Roth contributions, which are made to the Plan on an after-tax basis. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed interest contract as investment options for participants. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan with a default deferral rate set at 5%, unless they affirmatively elect not to participate. The Plan also includes an automatic annual 1% deferral rate increase until a deferral rate of 10% is reached, occurring on the first day of each Plan year.

The Companies are required, in accordance with the Plan, to make safe harbor matching contributions based on the entire plan year participant’s elective deferrals equal to the sum of 100% of the amounts that do not exceed 3% of the participant’s pretax compensation, plus 50% of the amount of the participant’s elective deferrals that exceed 3% of the participant’s pretax compensation but do not exceed 5% of the participant’s qualifying compensation. Discretionary profit-sharing contributions may be made by the Companies. No discretionary profit-sharing contributions were made for the years ended December 31, 2022 and 2021.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer contributions, plan earnings (losses), forfeitures of terminated participants' accounts, and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, qualified matching contributions, and actual earnings or losses thereon.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00% as of December 31, 2022. Rates are established on the date of the loan based on the Prime Rate plus 100 basis points. Loan terms range from one to five years and a participant may have no more than one note due to the Plan at any time. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022, the Plan had approximately \$31,000 in delinquent notes receivable from participants that were communicated to the Internal Revenue Service ("IRS") as taxable distributions.

Forfeitures

In accordance with the Plan document, available forfeitures may be used first to offset employer contributions, and any remaining forfeitures may be used to offset plan administrative expenses. At December 31, 2022 and 2021, unallocated forfeited non-vested accounts total approximately \$45,000 and \$20,000, respectively.

Payment of Benefits

Upon retirement, disability, death, termination of employment, or attainment of age 59½, participants or their beneficiaries may elect to receive their vested portion of Plan assets in a single distribution or other distribution methods as allowed under the Plan. Upon termination of employment for reasons other than retirement, disability, or death, the participant's vested interest in the Plan will be paid to the participant as soon as administratively feasible upon participant request of a distribution. A lump sum payment will be automatically distributed for balances not exceeding \$5,000.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right, under the Plan, to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Administrative Expenses

The Plan pays all trustee, recordkeeping, and professional fees.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance, plus any accrued, but unpaid interest. If a participant does not make repayments and the Plan administrator considers the participant note receivable to be in default, the note receivable balance will become immediately due and payable, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance companies. See Note 4 for discussion of fair value measurements.

The Plan's investments include the Key Guaranteed Portfolio Fund, a fully benefit-responsive guaranteed interest contract with Empower Annuity Insurance Company of America ("Empower"). Empower maintains the contributions in a general account. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The guaranteed interest contract is presented on the face of the statements of net assets available for plan benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying 2022 statement of net assets available for plan benefits.

3. Trustee Certifications

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021 related to investments, participant notes receivable, net appreciation (depreciation) in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC (“Empower Trust”) and Empower (the trustees of the Plan).

4. Fair Value Measurements

The Plan’s investments in mutual funds are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair values may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

US GAAP establishes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. No Level 2 or Level 3 inputs were used by the Plan. The Plan’s mutual fund investments were valued using Level 1 inputs.

5. Party-in-Interest Transactions

The Plan holds investments in mutual funds and other investments that are managed by the Plan’s trustees. All transactions with the Plan’s trustees and its affiliates qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to approximately \$101,000 and \$50,000 during the years ended December 31, 2022 and 2021, respectively. Plan investments also include notes receivable from participants, which qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

6. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of changes in net assets available for plan benefits per the accompanying financial statements to schedule H of Form 5500:

	Years Ended December 31,	
	2022	2021
Net change in net assets available for plan benefits per the accompanying financial statements	\$ 260,046	\$ 4,185,272
2020 employer contribution receivable	--	101,276
Net change in net assets available for plan benefits per Form 5500	<u>\$ 260,046</u>	<u>\$ 4,286,548</u>

7. Income Tax Status

The Plan is a non-standardized prototype plan, provided by the trustees, designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The IRS has determined and informed the trustees by a letter dated November 14, 2022 that the prototype plan, as then designed was in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. No such liabilities are recognized at December 31, 2022 and 2021.

8. Subsequent Events

The Plan evaluated events and transactions after December 31, 2022 through September 1, 2023, the date the financial statements were available to be issued, for subsequent events, and determined that there were no subsequent events to report.
