To the Trustees of
Titanium Industries, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of Titanium Industries, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Titanium Industries, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Titanium Industries, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Titanium Industries, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Titanium Industries, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Titanium Industries, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Titanium Industries, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The following brief description of the Titanium Industries, Inc. 401(k) Profit Sharing Plan (the “Plan”) is for general information only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on February 1, 2002 and was amended and restated on January 1, 2022. The Plan is a defined contribution plan that covers substantially all employees of Titanium Industries, Inc. (the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees of the Company are eligible to participate in the Plan after reaching the age of twenty-one. There is no service requirement to participate in the Plan. Eligible employees are automatically enrolled at a rate of 3%, unless the participant elects otherwise.

Contributions

Participants may elect to contribute pre-tax and Roth deferral contributions on up to 60% of eligible compensation. Total pre-tax and Roth deferrals are subject to the statutory limitations of the Internal Revenue Code (“IRC”).

Effective January 1, 2022, the Plan was amended and restated as a safe harbor plan. For the year ended December 31, 2022, the safe harbor employer contribution is 100% of an employees’ elective contribution that are not over 3% of eligible compensation, as defined, plus 50% of an employees’ elective contribution that are not over 5% of eligible compensation, as defined.

The Company may make discretionary non-elective employer contributions to the Plan. For the year ended December 31, 2022 there were no discretionary non-elective contributions made to the Plan.

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may select from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately and fully vested in their own contributions and discretionary employer matching contributions, plus actual earnings thereon.

Forfeitures

The forfeiture account represents forfeitures from certain participant’s accounts related to testing failures of the Actual Contribution Percentage (ACP) test for the discretionary employer matching contribution. Amounts that are forfeited remain in the Plan and can be used at the plan sponsors discretion. Forfeitures used for employer contributions and administrative expenses for the year ended December 31, 2022 was \$2,726. Forfeitures and net depreciation on the forfeitures for the year ended December 31, 2022, totaled approximately \$2,726 total. At December 31, 2022 and 2021, forfeiture balances were approximately \$0 and \$0, respectively.

Benefits Paid to Participants

A participant’s vested interest in his or her account balance is distributable upon normal retirement (65), termination, disability, or death, as described by the plan document. Participants can also make in-service withdrawals upon reaching age 59½. In certain other cases and subject to the approval of the plan administrator, participants may request a withdrawal of a portion of their pre-tax elective deferral balance in the case of financial hardship.

Titanium Industries, Inc. 401(k) Profit Sharing Plan

Notes Receivable from Participants

Participants are permitted to borrow a portion of their vested account balance. Loans are limited to a minimum of \$1,000 and a maximum of the lesser of 50% of the vested account balance or \$50,000. The terms of the loan cannot exceed five years except when the loan is used to acquire or construct a principal residence, which can be repaid over a longer period. Loans are repaid through payroll deductions and monitored by the plan administrator. The loans are collateralized by the balance in the participant's account and bear interest at rates as determined by the plan administrator. Interest rates on loans ranged from 4.25% to 8.00% as of December 31, 2022.

Administrative Expenses

Administrative expenses consist of investment fees and plan maintenance fees, which are paid by the Plan, while all other administrative expenses on the Plan are paid by the Company.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the guaranteed investment contract which is presented at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 29, 2023, the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Plan's Custodian

The following is a summary of the investment and notes receivable from participants information regarding the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Principal Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from Principal Trust Company as of December 31, 2022 and 2021 and for the year ended December 31, 2022, that information is complete and accurate.

Information relating to investments and notes receivable from participants certified by the custodian at December 31, are as follows:

	2022	2021
Investments at fair value	\$ 12,841,952	\$ 17,170,191
Investments at contract value	677,506	499,048
Notes receivable from participants	200,334	121,902
	<u>\$ 13,719,792</u>	<u>\$ 17,791,141</u>

Titanium Industries, Inc. 401(k) Profit Sharing Plan

The following was also certified by the custodian for the year ended December 31, 2022:

Net depreciation in fair value of investments	\$ (3,533,594)
Dividend income	\$ 135,146
Interest on notes receivable from participants	\$ 6,616

4. Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract (Principal Fixed Income Guaranteed Option (PFIGO)) with Principal Life. Principal Life maintains the contributions in a general account. The account is credited with earnings based on the specified crediting rate and charged with participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed minimum interest rate is determined by the average of 5-year constant maturity treasury rates 12 months prior to Principal Life announcing the composite credit rate(s), reducing this average by 1.25% and rounding the amount to the nearest 0.05%. In no case will the guaranteed minimum interest rate be less than 1% or greater than 3%.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. As of December 31, 2022 and 2021, the guaranteed investment contract is presented on the face of the statements of net assets available for plan benefits at contract value.

5. Fair Value Measurements

The Plan's investments are stated at fair value, except for the guaranteed investment contract which is presented at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- Pooled separate accounts: The fair value of the pooled separate accounts are determined by the fair value of the underlying mutual funds or stocks and fixed income securities. The fair value of the underlying securities are based on quoted prices of similar assets.
- Mutual funds: Mutual funds and bonds are valued based on the unadjusted quoted prices in an active market for each share held by the funds or bond.

Titanium Industries, Inc. 401(k) Profit Sharing Plan

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,183,371	\$ -	\$ -	\$ 8,183,371
Pooled separate account	-	4,658,581	-	4,658,581
Total investments at fair value	<u>\$ 8,183,371</u>	<u>\$ 4,658,581</u>	<u>\$ -</u>	<u>\$ 12,841,952</u>

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,896,239	\$ -	\$ -	\$ 10,896,239
Pooled separate account	-	6,273,952	-	6,273,952
Total investments at fair value	<u>\$ 10,896,239</u>	<u>\$ 6,273,952</u>	<u>\$ -</u>	<u>\$ 17,170,191</u>

6. Related-Party Transactions

The custodian of the Plan is Principal Trust Company. Fees paid by the Plan amounted to \$53,875 for the year ended December 31, 2022. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. These services qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

Direct and indirect fees and commissions are included in net appreciation in fair value of investments through revenue sharing rather than direct payment.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

Titanium Industries, Inc. 401(k) Profit Sharing Plan

9. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in various investment securities. Such securities are subject to various risks, such as interest rate, market and credit risks that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities it is at least reasonably possible that the changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
