Independent Auditors' Report

The Board of Trustees
Det Distributing Company 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Det Distributing Company 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation as of February 8, 2023 and December 31, 2022, and the related statements of changes in net assets in liquidation for the period ended February 8, 2023 and year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of February 8, 2023 and December 31, 2022, and for the period ended February 8, 2023 and year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Det Distributing Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1(a) to the financial statements, the Plan Sponsor approved a plan of liquidation on November 20, 2022 and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting to the liquidation basis used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Det Distributing Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Det Distributing Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

DET DISTRIBUTING COMPANY 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

(1) Description of plan

The following description of the Det Distributing Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was terminated on November 20, 2022. Approximately \$7,650,000 of participant account balances and Plan assets were transferred into the Reyes Holdings 401(k) Thrift Plan on February 8, 2023. During the period from November 20, 2022 to February 8, 2023, participants had the option to request and receive a distribution from the Plan.

(a) General

The Plan was a defined contribution plan which was adopted on March 1, 1975 to provide retirement benefits for employees of Det Distributing Company (the "Plan Sponsor"). The Plan covered substantially all employees who had completed six months of service ("participants"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants could voluntarily make qualified retirement contributions to the Plan which were either excludible from taxable income by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or in the form of a Roth 401(k) contribution, subject to IRC limitations. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who become eligible to participate in the Plan were automatically enrolled at 3% of compensation, unless a different amount is elected. Automatic deferrals were increased annually by 1% up to a maximum of 6% of compensation. There were no participant contributions after November 20, 2022.

The Plan Sponsor could make a matching contribution based on each participant's contribution percentage. Matching contributions are discretionary. Discretionary matching contributions equaled 50% of each participant's contribution up to 6% of compensation during 2022. There were no matching contributions after November 20, 2022.

The Plan also provided that the Plan Sponsor could contribute each year a discretionary amount authorized by the Plan Sponsor's Board of Trustees; however, an annual contribution by the Plan Sponsor is not required. No annual discretionary contributions were made by the Plan Sponsor during 2023 or 2022.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

(c) Participant accounts

Each participant's account was credited (charged) with the participant's and Plan Sponsor's contributions, an allocation of investment earnings (losses), forfeitures of terminated participants' non-vested accounts, and administrative expenses. Allocations were based on participant earnings (losses), account balances, or compensation as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants were immediately vested in their elective salary deferral plus actual earnings and losses thereon. Vesting in the Plan Sponsor's discretionary contributions was based on years of continuous service. Participants were 20% vested after two years of service and an additional 20% each year thereafter, until they reach 100% after their sixth year of service. Participants were also 100% vested upon reaching the Plan's normal retirement age of 65, or upon their death or disability.

As of November 30, 2022, the Plan was terminated, therefore, making all participants fully vested in the Plan Sponsor contributions.

(e) Payment of benefits

On termination of service due to death, permanent disability or normal retirement, a participant could elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her account balance. For termination of service due to other reasons, a participant could be entitled to receive only the vested interest in his or her account as a lump-sum distribution. If the vested value of a participant's account is less than \$1,000, the total vested balance was distributed as an automatic lump-sum payment in cash. For participant accounts greater than \$1,000 but less than \$5,000, the vested value of the participant's account was rolled into an individual retirement account on behalf of the participant, unless otherwise specified by the participant.

(f) Forfeited accounts

Forfeitures were created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures were used to reduce Plan Sponsor's contribution to the Plan or could be used to pay Plan expenses.

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

(g) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if a participant is younger than age 59½. Hardship withdrawals were limited to the participant's elective account and the vested balance of the Plan Sponsor contribution portion of the accounts.

(h) Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to distributions were charged directly to the participant's account and are included in administrative expenses. Investment related expenses were paid through revenue sharing and are included in net appreciation (depreciation) of fair value of investments.

(2) Summary of significant accounting policies

(a) Basis of accounting

As described in Note 1(a), the Plan was terminated effective November 30, 2022. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan has changed its basis to the liquidation basis for the period ended February 8, 2023 and the year ended December 31, 2022.

(b) Investment valuation and income recognition

Investments were reported at fair value as reported by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, "Empower"). Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 4 and Note 5.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits were recorded when paid.

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between February 8, 2023 and August 24, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements, including the fair value and contract value of investments held at February 8, 2023 and December 31, 2022, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the period ended February 8, 2023 and the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 is not applicable to the Plan.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 8, 2023 and December 31, 2022.

- (i) *Mutual funds*: Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.
- (ii) *Investment contract*: Valued at fair value based on the amount of the Plan would receive when the contract is terminated, which is book value, less early withdrawal charges, discounting the related cash flows based on current yields of similar instruments comparable durations considering the creditworthiness of the issuer. See Note 5 for further detail on valuation.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2022:

**Fair Value Measurements as of
December 31, 2022 using the following inputs**

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at fair value:				
Mutual funds	\$ 7,998,923	\$ -	\$ -	\$ 7,998,923

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan level transactions.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust fund	\$51,122	N/A	Daily	5 business days

(5) Investment contract with insurance company

The Plan entered into a benefit-responsive investment contract with an insurance company, Empower Annuity Insurance Company of America. On November 20, 2022, the Plan was terminated (Note 1). As a result of the termination, the investment contract was reported at fair value totaling \$1,353,189 as of December 31, 2022. The insurance company maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Notes to the Financial Statements

February 8, 2023 and December 31, 2022

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and was, therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 8, 2023 and December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related party and party-in-interest transactions

Certain Plan investments are an investment contract managed by Empower, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.
