INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Vantage Custom Classics, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Vantage Custom Classics, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Restatement

The financial statements for the year ended December 31, 2022 have been restated to correct an error in financial presentation. The details related to the restatement have been disclosed in Note 2 to the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vantage Custom Classics, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vantage Custom Classics, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vantage Custom Classics, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Vantage Custom Classics, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Vantage Custom Classics, Inc. (the "Company"). The Plan Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees of the Company, who are full-time, are eligible to contribute to the Plan upon reaching the age of 21. Eligible employees may elect to enter the Plan on the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Participant Accounts

Each participant's account is credited with the participant's elective and rollover contributions, the Company's matching contributions and allocations of (a) the Company's discretionary profit sharing or other qualified non-elective contributions and (b) Plan investment earnings and charged with distributions and allocations of (a) Plan investment losses and (b) administrative expenses. Allocations are based on eligible compensation, participant elective contributions or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may change their investment fund options at any time.

Employee Contributions

Participants may elect to contribute up to 50% of their annual eligible compensation or \$20,500 annually, as defined, to the Plan, subject to IRC limitations. Any participant, age 50 or older, may make an additional "catch-up" contribution as determined by the IRC, which is not to exceed \$6,500 for 2022. Under the Plan, participants may make Roth elective contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an auto-enrollment provision whereby all eligible participants are automatically enrolled in the Plan at a deferral rate equal to 2% of eligible compensation, unless the participant affirmatively elects not to participate in the Plan. A participant may suspend contributions, at any time, or may increase or decrease his or her level of participation at any time during the Plan year. Any changes to participation are effective in the following pay period.

Employer Contributions

The Company may make discretionary matching contributions to the Plan. Participants that make deferral contributions are eligible to share in the discretionary matching contribution. The amount of any contribution is determined by the Board of Directors. For the year ended December 31, 2022, the Company made a discretionary matching contribution of \$75,725.

The Company may also make a discretionary non-elective contribution. Participants who complete 1,000 hours of service during the Plan year and are employed as of the last day of the Plan year are eligible to share in the non-elective contribution. The amount of contributions is determined by the Board of Directors. For the year ended December 31, 2022, there was no such contribution.

Notes to Financial Statements
December 31, 2022 and 2021

Distributions and Withdrawals

Upon termination of service due to termination of employment, death, disability or retirement, the participant, or their beneficiaries, may request a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for the automatic distribution of account balances less than \$5,000 for terminated participants. A participant may also elect to receive in-service distributions upon reaching the age of 59 ½. Hardship withdrawals of elective contributions, subject to certain limitations, are permitted.

Vesting

Participants are immediately vested in their voluntary contributions adjusted for actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant will become 20% vested after completing 2 full years of service and continue to vest at the rate of 20% for each successive year of service until 100% vested in the Company's matching and non-elective contributions.

Forfeitures

Forfeited amounts can be used to, first, pay administrative expenses. Any remaining forfeitures will be used to reduce employer contributions or be reallocated to the participants as an additional employer contribution. There were no forfeitures used for the year ended December 31, 2022. At December 31, 2022 and 2021, the balance of the forfeitures account was \$18,367 and \$16,780, respectively.

Notes Receivable From Participants

Participants may borrow, from their accounts, a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The notes range from 1-5 years or up to the usual payment period required by commercial lenders for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 9.75% at December 31, 2022, which are commensurate with local prevailing rates, when the loans were issued. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment Trustee (see Note 3 for a discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowances for losses are deemed necessary by the Plan management. Upon default, these receivables are deemed to be a distribution to the participant.

Vantage Custom Classics, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The management expenses necessary to administer the Plan are paid by the Plan and are reflected in the financial statements as administrative expenses. In addition, participants are charged service fees for any loan and distribution transactions and certain investment related expenses, which have been offset with net investment income reported by the Plan and are not readily determinable. All other expenses of the Plan are paid by the Plan Sponsor.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks, and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could significantly affect participants' account balances and the amounts reported in the December 31, 2022 statement of net assets available for benefits.

Restatement of Previously Issued Financial Statements

The Plan has restated its previously issued 2022 financial statements for the correction of an error in financial presentation relating to the improper lack of recognition of employer contributions receivable. The accompanying financial statements for 2022 have been restated to reflect the corrections to these previously reported items.

The effect on the Plan's previously issued 2022 financial statements is summarized as follows:

Statement of Net Assets as of December 31, 2022:

	December 31, 2022 Previously Reported	Adjustments	Restated
Assets	\$ 8,456,779	\$ 72,725	\$ 8,529,504

3. FAIR VALUE OF INVESTMENTS

The framework established by the Financial Accounting Standards Board ("FASB") for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in methodologies used at December 31, 2022 and 2021:

Registered Investment Companies: Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust ("CCT"): Fair value is determined by the respective fund manager using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the CCT as of December 31, 2022. CCT funds can be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value	<u>\$ 10,542,120</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,589,288</u>

(a) Certain investments that are measured at fair value using the net asset per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Trustee of the Plan holds investment assets and executes investment transactions therein. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021. The Plan has elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, and therefore, no auditing procedures were performed by the independent auditors with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements.

Notes to Financial Statements
December 31, 2022 and 2021

The Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	<u>2022</u>	<u>2021</u>

 Interest income on notes receivable from participants	 <u>\$ 7,985</u>	
 Interest and dividend income	 <u>\$ 386,966</u>	

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the applicable provisions of the IRC to maintain its tax-qualified status. The Plan has been amended since receiving the opinion letter. However, the Company believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

7. PARTIES-IN-INTEREST

Fidelity Management Trust Company is the Trustee of the Plan; therefore, transactions with the Trustee qualify as party-in-interest transactions. Additionally, certain officers of the Company are trustees of the Plan; therefore, transactions with the trustees qualify as party-in-interest transactions. Transaction fees incurred by the Trustee are absorbed in investment income and are not readily determinable.

Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

For the year ended December 31, 2022, the Plan incurred administrative fees in the amount of \$2,181.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the date of the financial statements through the date of September 5, 2023, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that there were no subsequent events that occurred which would require adjustment to or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Vantage Custom Classics, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Vantage Custom Classics, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Restatement

The financial statements for the year ended December 31, 2022 have been restated to correct an error in financial presentation. The details related to the restatement have been disclosed in Note 2 to the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vantage Custom Classics, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vantage Custom Classics, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vantage Custom Classics, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Vantage Custom Classics, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Vantage Custom Classics, Inc. (the "Company"). The Plan Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees of the Company, who are full-time, are eligible to contribute to the Plan upon reaching the age of 21. Eligible employees may elect to enter the Plan on the first day of the month coinciding with or next following the date eligibility requirements are satisfied.

Participant Accounts

Each participant's account is credited with the participant's elective and rollover contributions, the Company's matching contributions and allocations of (a) the Company's discretionary profit sharing or other qualified non-elective contributions and (b) Plan investment earnings and charged with distributions and allocations of (a) Plan investment losses and (b) administrative expenses. Allocations are based on eligible compensation, participant elective contributions or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may change their investment fund options at any time.

Employee Contributions

Participants may elect to contribute up to 50% of their annual eligible compensation or \$20,500 annually, as defined, to the Plan, subject to IRC limitations. Any participant, age 50 or older, may make an additional "catch-up" contribution as determined by the IRC, which is not to exceed \$6,500 for 2022. Under the Plan, participants may make Roth elective contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an auto-enrollment provision whereby all eligible participants are automatically enrolled in the Plan at a deferral rate equal to 2% of eligible compensation, unless the participant affirmatively elects not to participate in the Plan. A participant may suspend contributions, at any time, or may increase or decrease his or her level of participation at any time during the Plan year. Any changes to participation are effective in the following pay period.

Employer Contributions

The Company may make discretionary matching contributions to the Plan. Participants that make deferral contributions are eligible to share in the discretionary matching contribution. The amount of any contribution is determined by the Board of Directors. For the year ended December 31, 2022, the Company made a discretionary matching contribution of \$75,725.

The Company may also make a discretionary non-elective contribution. Participants who complete 1,000 hours of service during the Plan year and are employed as of the last day of the Plan year are eligible to share in the non-elective contribution. The amount of contributions is determined by the Board of Directors. For the year ended December 31, 2022, there was no such contribution.

Vantage Custom Classics, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Distributions and Withdrawals

Upon termination of service due to termination of employment, death, disability or retirement, the participant, or their beneficiaries, may request a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for the automatic distribution of account balances less than \$5,000 for terminated participants. A participant may also elect to receive in-service distributions upon reaching the age of 59 ½. Hardship withdrawals of elective contributions, subject to certain limitations, are permitted.

Vesting

Participants are immediately vested in their voluntary contributions adjusted for actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant will become 20% vested after completing 2 full years of service and continue to vest at the rate of 20% for each successive year of service until 100% vested in the Company's matching and non-elective contributions.

Forfeitures

Forfeited amounts can be used to, first, pay administrative expenses. Any remaining forfeitures will be used to reduce employer contributions or be reallocated to the participants as an additional employer contribution. There were no forfeitures used for the year ended December 31, 2022. At December 31, 2022 and 2021, the balance of the forfeitures account was \$18,367 and \$16,780, respectively.

Notes Receivable From Participants

Participants may borrow, from their accounts, a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The notes range from 1-5 years or up to the usual payment period required by commercial lenders for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 9.75% at December 31, 2022, which are commensurate with local prevailing rates, when the loans were issued. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment Trustee (see Note 3 for a discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowances for losses are deemed necessary by the Plan management. Upon default, these receivables are deemed to be a distribution to the participant.

Vantage Custom Classics, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The management expenses necessary to administer the Plan are paid by the Plan and are reflected in the financial statements as administrative expenses. In addition, participants are charged service fees for any loan and distribution transactions and certain investment related expenses, which have been offset with net investment income reported by the Plan and are not readily determinable. All other expenses of the Plan are paid by the Plan Sponsor.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks, and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could significantly affect participants' account balances and the amounts reported in the December 31, 2022 statement of net assets available for benefits.

Restatement of Previously Issued Financial Statements

The Plan has restated its previously issued 2022 financial statements for the correction of an error in financial presentation relating to the improper lack of recognition of employer contributions receivable. The accompanying financial statements for 2022 have been restated to reflect the corrections to these previously reported items.

The effect on the Plan's previously issued 2022 financial statements is summarized as follows:

Statement of Net Assets as of December 31, 2022:

	December 31, 2022 Previously Reported	Adjustments	Restated
Assets	\$ 8,456,779	\$ 72,725	\$ 8,529,504

3. FAIR VALUE OF INVESTMENTS

The framework established by the Financial Accounting Standards Board ("FASB") for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in methodologies used at December 31, 2022 and 2021:

Registered Investment Companies: Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust ("CCT"): Fair value is determined by the respective fund manager using NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the CCT as of December 31, 2022. CCT funds can be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value	<u>\$ 10,542,120</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,589,288</u>

(a) Certain investments that are measured at fair value using the net asset per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Trustee of the Plan holds investment assets and executes investment transactions therein. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021. The Plan has elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, and therefore, no auditing procedures were performed by the independent auditors with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the applicable provisions of the IRC to maintain its tax-qualified status. The Plan has been amended since receiving the opinion letter. However, the Company believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

7. PARTIES-IN-INTEREST

Fidelity Management Trust Company is the Trustee of the Plan; therefore, transactions with the Trustee qualify as party-in-interest transactions. Additionally, certain officers of the Company are trustees of the Plan; therefore, transactions with the trustees qualify as party-in-interest transactions. Transaction fees incurred by the Trustee are absorbed in investment income and are not readily determinable.

Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

For the year ended December 31, 2022, the Plan incurred administrative fees in the amount of \$2,181.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the date of the financial statements through the date of September 5, 2023, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that there were no subsequent events that occurred which would require adjustment to or disclosure in the financial statements.
