Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Flatiron School LLC 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Flatiron School LLC 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

480 Adams Street Milton, MA 02186 (t) 617.698.3950 (f) 617.696.1596

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Flatiron School LLC 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Flatiron School LLC 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Flatiron School LLC 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Flatiron School LLC 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at year end and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Flatiron School 401(K) Plan is provided for general purposes only. Participants should refer to the Plan agreement for more complete information. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Full and part time employees are eligible to participate in the Plan on their date of hire. Fixed term employees must gave one year of service before becoming eligible.

Participation

The Plan includes an automatic salary deferral feature. The employer will automatically withhold a portion of compensation from each payroll period after one month from the date of hire and contribute that amount to the Plan as a Pre-Tax 401(k) deferral The following provisions apply to these Automatic Deferrals: Employees may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. The amount to be automatically withheld from employees pay each payroll period will be equal to 4% of compensation. While you are a Participant, the Automatic Deferral amount will increase by 1% of compensation up to a maximum of 15% of compensation. Such increase will be applied as of the first period that begins after the period in which the initial deferral amount was withheld and will occur as of Anniversary of enrollment in Automatic Escalation.

Contributions

a. Participant catch-up contributions

   Participants that are at least age 50 or will attain age 50 before the end of a calendar year, may elect to defer additional amounts (called "catch-up contributions") to the Plan as of the January 1st of that year. The additional amounts may be deferred regardless of any other limitations on the amount that you may defer to the Plan. The maximum "catch-up contribution" that can be made in 2021 is $6,500. After 2021, the maximum may increase for cost-of-living adjustments.

b. Regular deferral contributions

   Participants may elect to defer a percentage of their eligible compensation into the Plan after they satisfy the Plan's eligibility requirements. As a Participant, you may elect to defer not less than 1% and not more than 80% of your compensation each year instead of receiving that amount in cash. Such election will also apply to irregular pay (e.g., bonuses).

NOTE 1 - DESCRIPTION OF PLAN (continued)

b. Regular deferral contributions (continued)

Participant's total deferrals in any taxable year may not exceed a dollar limit which is set by law. The limit for 2021 is $19,500. After 2021, the dollar limit may increase for cost-of-living adjustments. The Plan also includes an automatic salary deferral feature.

Employer contributions

a. Employer contributions

The employer may make a discretionary matching and profit sharing contributions that are equal to a uniform percentage of salary deferrals. Each year, the employer will determine the amount of the discretionary percentage. In order to share in the employer contributions, participants must be employed on the last day of the Plan Year. If a participant terminates employment (not employed on the last day of the plan year), they will not share regardless of the amount of service completed during the plan year. Participant that terminate employment before the employer match is distributed are also not eligible for the employer match. Participant will share in the employer contributions for the plan year regardless of the amount of service completed during the plan year in cases of death, disability, or termination of employment after Normal Retirement Age occurs.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is always one hundred percent (100%) vested in their contributions and the earning thereon. Employer contributions are 100% vested after completing one year of service.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Forfeitures

If an eligible employee terminates employment and does not have a vested right to one hundred percent (100%) of the amount standing to the credit of his account, then the amount standing to the credit of his account in which he is not vested shall be forfeited by him at the end of the plan year. Forfeitures shall be used to reduce future company matching contributions or pay the administrative expenses of the Plan.

At December 31, 2021, forfeited non-vested accounts totaled $-0-.

For the years ended December 31, 2021, forfeiture amounts of $117 were used to reduce administrative expenses or employer contributions of the Plan.

Distribution of benefits

a. Vested benefits

Benefits are payable to the eligible employee, or the eligible employee's beneficiary, upon his/her death, disability, retirement or other severance of service.

b. Death, disability or retirement

On termination of service due to death, disability or retirement, a participant will receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, installments, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

c. Withdrawals during employment

Normal Retirement age is age 65. Participants will become 100% vested in all of their accounts under the Plan once they attain Normal Retirement Age. However, the actual payment of benefits generally will not begin until they have terminated employment and reached their Normal Retirement Date. In such event, a distribution will be made, at the participant's election, as soon as administratively feasible. If a participant remains employed past their Normal Retirement Date, they may defer the receipt of benefits until they actually terminate employment. In such event, benefit payments will begin as soon as feasible, but generally not later than age 70 1/2.

NOTE 1 - DESCRIPTION OF PLAN (continued)

d. Notes receivable - participants loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance. Loan transactions are treated as a transfer from the investment to loans to participants. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

e. Termination

Generally participants may receive a distribution from the Plan from certain accounts prior to the termination of employment provided they have attained age 59 1/2A. Also, the law restricts any in-service distributions from certain accounts which are maintained for you under the Plan before you reach age 59 1/2. These accounts are the ones set up to receive your salary deferral contributions and other Employer contributions which are used to satisfy special rules for 401(k) plans.

Administration of the Plan

The Flatiron School 401(K) Plan is the plan administrator and serves without compensation from the Plan.

Plan expenses

The employer, Flatiron School 401(K) Plan, pays for a portion of the costs of administering the Plan with the exception of the participant loan fees.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Use of estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation

The plans investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation included in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Uncertain tax positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position more likely than not would not be sustained upon examination by the various tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

NOTE 3 – FUNDING POLICY

Employee and employer discretionary matching contributions are funded currently.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Accounting Standards Codification (ASC) 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets in active markets that the plan has the ability to access and have the highest priority; Level 2 inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted markets that are observable for the asset, inputs that are derived from observable market data by correlation or other means; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

Fair Value Measurements Using:

December 31, 2021	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Government money market	$ 3,832,181	$ 3,832,181
Growth and income funds	117,301	117,301
Equity funds	528,836	528,836
	$ 4,478,318	$ 4,478,318

Notes receivable – participant loans:

Participant notes receivables are measured at their unpaid balance plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021. Participant loans are considered party-in-interests.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Common collective trust:

Valued at the net asset value ("NAV") per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the trust, with the exception of fully-benefit responsive investment contracts held by the trust that are valued at contract value, less liabilities. Contract value represents contributions made to a fund, plus earnings, less participant withdrawals. The collective trust's NAV represents fair value since this is the amount at which the Plan transacts with the trust. Plan management believes that the value of the collective trust of $2,110 of December 31, 2021 is reasonably stated and that no adjustment to NAV is required.

NOTE 5 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2021:

	2021 Market Value
Vanguard Target Ret 2050 Fund	$ 1,335,015
Vanguard Target Ret 2055 Fund	$ 1,067,896
Vanguard Target Ret 2045 Fund	$ 920,127
Fidelity 500 Index Fund Vanguard	$ 330,155
Target Ret 2060 Fund	$ 238,993

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA of 1974, the plan administrator has obtained certification from John Hancock Retirement Plan Services LLC, that the information provided to the Plan administrator by John Hancock Retirement Plan Services LLC is complete and accurate.

Consequently, the Administrator has instructed the Trust's auditors to limit their procedures with respect to information certified by John Hancock Retirement Plan Services LLC to comparing this information to the related information included in the financial statements.

NOTE 7 - PLAN TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

On March 11, 2020, The World Health Organization declared the outbreak of the coronavirus (COVID-19) a pandemic. As a result of the spread the COVID-19 coronavirus, economic uncertainties have arisen which are could negatively impact net income. Other financial impact could occur though such potential impact and duration cannot be reasonably estimated at this time.

NOTE 9 - PLAN TERMINATION

Although the employer has not expressed any intent to terminate their participation in the Plan, the Employee Retirement Income Security Act of 1974 (ERISA) requires that the results of a termination of the Plan be stated. The Plan provides that the net assets available for plan benefits shall be allocated among the participants based on full vesting and beneficiaries of the Plan in the order provided for in ERISA.

NOTE 10 - PLAN AMENDMENT

The plan had no significant amendments during the period ended December 31, 2021.

NOTE 11 - SUBSEQUENT EVENTS

The Plan and its sponsor have evaluated subsequent events through October 7, 2022, the date the financial statements were issued.
