Independent Auditor's Report

To the Participants and Plan Administrator of the
AffiniPay 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AffiniPay 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information described in Note 4 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events that, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Affinipay 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AffiniPay 401(k) Plan

Notes to the Financial Statements December 31, 2022

Note 1 – Plan Description

The following description of the AffiniPay 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of AffiniPay, LLC (the “Company” or “Employer”). The Plan commenced effective January 1, 2009, and was amended and restated effective January 1, 2021 to comply with current rules and regulations. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

Plan Custodian and Trustee

Voya Institutional Trust Company (the “Trustee” or “Voya”) is the Plan’s Custodian and Trustee. The Trustee maintains custody of all investments held by the Plan, maintains the Plan’s participant account balances, and provides recordkeeping services to the Plan. Among other duties, the Trustee receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Company.

Eligibility and Plan Entrance Date

Union employees, nonresident aliens, temporary employees, and interns are not eligible to participate in the Plan. All other employees become eligible to participate in the Plan upon reaching the age 21. Eligible employees are permitted to enter the Plan on the first day of each month coinciding with or following meeting eligibility requirements.

Contributions

Participants may elect to contribute, on a pre-tax and Roth basis, a percentage of their compensation up to the maximum amount allowed for deferral annually under the IRC, which was \$20,500 for 2022. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowed annually under the IRC, which was \$6,500 for 2022. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

The Company makes Safe Harbor non-elective employer contributions to participants in an amount equal to 3% of the participant’s eligible compensation. Additionally, the Company makes non-elective discretionary profit-sharing contributions to participants in an amount equal to 2% of the participant’s eligible compensation. For the year ended December 31, 2022, the Company’s Safe Harbor non-elective employer contributions totaled \$954,182, and non-elective profit-sharing contributions totaled \$651,023.

Participant Accounts

Each participant’s account is credited with the participant’s and Company’s contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 – Plan Description (continued)

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The options vary in types of investments, rates of return, and investment risk, and participants may direct their account balances to one or more the investment options offered.

Vesting

Participants are vested immediately in their own contributions and Safe Harbor non-elective employer contributions, plus actual earnings thereon. Non-elective discretionary profit-sharing contributions, plus any income or loss thereon, become vested according to the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
1	33%
2	67%
3	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the Prime rate, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant receives a lump sum distribution in an amount equal to the value of the vested interest in his or her account. The participant may elect whether to receive the distribution directly or rollover the distribution into another retirement plan. Distributions to a terminated employee with a vested account balance equal to or less than \$5,000 are made as soon as administratively possible following the participant's termination of employment. If the vested account balance is equal to or less than \$5,000, the Plan permits involuntary lump sum cash distributions.

A participant may withdraw all or a portion of their participant deferral account balance in the event of a financial hardship as defined by the Plan. Additionally, in-service withdrawals, subject to a \$1,000 minimum amount, are permitted upon attainment of age 59½.

Forfeited Accounts

Participants who terminate employment with the Company prior to full vesting forfeit any non-vested portion of the Company's contributions. Per the provisions of the Plan Document, forfeitures are to be used to reduce future Employer contributions or to pay administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$2,785 and \$3,473, respectively. During the year ended December 31, 2022, forfeitures of \$10,235 were used to pay Plan administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Loan origination fees associated with notes receivable from participants, check fees associated with distributions, and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net depreciation of fair value of investments. All other expenses of the Plan are paid by the Company.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- **Mutual Funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,566,910	\$ -	\$ -	\$ 17,566,910

Note 4 – Information Prepared and Certified by the Plan’s Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2022	2021
Investments at fair value	\$ 17,566,910	\$ 16,952,830
Investments at contract value	239,524	244,430
Year Ended December 31,	2022	
Net depreciation in fair value of investments	\$ (3,280,468)	
Dividends	482,393	
Interest	2,398	

The Plan’s independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 5 – Guaranteed Investment Contract

The Plan maintains a guaranteed investment contract-related investment option (the “Fixed Account”) issued by Voya Retirement and Insurance and Annuity Company (“VRIAC”). The contract underlying this investment option meets the fully benefit-responsive investment contract criteria, thus these investment contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The guaranteed investment contract underlying the Fixed Account is a traditional investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The Fixed Account minimum guaranteed interest rate, which is guaranteed for the lifetime of the contract, is 1.0%. The contract cannot be terminated before the scheduled maturity date.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that might limit the Plan’s ability to transact at contract value with the contract issuer and with the participants are likely to occur.

Notes to the Financial Statements December 31, 2022

Note 6 – Related Party Transactions and Party-in-Interest Transactions

Plan investments are shares of mutual funds or a fully benefit-responsive investment contract, both of which are managed by Voya. Since Voya is the Trustee of the Plan, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2022 and 2021. These receivables and all related transactions qualify as party-in-interest transactions, and are exempt from being prohibited transactions under ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 – Tax Status

The Plan operates under an adoption agreement in connection with a prototype non-standardized profit-sharing plan and custodial document sponsored by VRIAC. The prototype plan document was filed with the appropriate agency, and the Sponsor has obtained a determination letter from the IRS, dated June 30, 2020, stating that the prototype plan constituted a qualified plan under Section 401 of the IRC, and that the related trust was a tax exempt as of the financial statement date. While the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. As such, no provision for income taxes was made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to the Financial Statements December 31, 2022

Note 10 – Subsequent Events

The Company has evaluated subsequent events through August 11, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the MyCase 401(k) Plan (the “MyCase Plan”) merged with the Plan. The MyCase Plan instituted a blackout period for all activity with the new Trustee between December 22, 2022 and January 20, 2023. The formal transfer of assets was completed on January 3, 2023, at which time net assets totaling \$4,837,360 were transferred into the Plan from the MyCase Plan.

In conjunction with this merger, the Company also changed Safe Harbor non-elective employer contributions to Safe Harbor matching contributions. The Company provides for a match up to 5% of eligible compensation effective January 1, 2023.
