Sulphur Springs Bancshares, Inc.
Employee Stock Ownership Plan with 401(k) Provisions
Sulphur Springs, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Sulphur Springs Bancshares, Inc. Employee Stock Ownership Plan with 401(k) Provisions ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SULPHUR SPRINGS BANCSHARES, INC.
EMPLOYEE STOCK OWNERSHIP PLAN WITH 401(k) PROVISIONS

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Sulphur Springs Bancshares, Inc. Employee Stock Ownership Plan with 401(k) Provisions (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Specifically, it is an employee stock ownership plan with 401(k) provisions that is intended to invest primarily in Sulphur Springs Bancshares, Inc. (referred to as the Plan Sponsor or Company) common stock and managed investments which are funded by contributions from both the participants and the Plan Sponsor. The Plan was adopted January 1, 1991 and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is overseen by the Company's Board of Directors and administered by a Plan Administrator.

Eligibility

Eligible participants are those individuals employed by Sulphur Springs Bancshares, Inc. or any affiliate who has adopted the Plan. Certain classes of Company employees, as defined by the Plan, are excluded from participating in the Plan.

Plan eligibility is based on a two-method system: (1) For the purposes of 401(k) elective deferral and employer matching contributions, non-excluded employees are eligible to participate in the Plan immediately on the date they perform an hour of service as an eligible employee. (2) For the purposes of non-elective contributions, non-excluded employees are eligible to begin receiving non elective contributions on the first day of the first month and seventh month of the Plan Year coincident with or next following the date they first perform an hour of service as an eligible employee.

Contributions

Participants may contribute up to 100% of their compensation (as defined) on a tax-deferred basis, subject to certain maximum limitations imposed by the Internal Revenue Code. The Plan has an automatic deferral feature whereby an eligible participant is enrolled in the Plan at a salary deferral rate equal to 6% of the participant's eligible compensation, unless the Employer amends the Plan, or the participant opts out. The automatic deferral elections are designated as pre-tax elective deferral contributions.

Effective July 31, 2022, the Plan was amended and restated to also permit after-tax, Roth elective deferral contributions. Like pre-tax elective deferral contributions, Roth elective deferral contributions are also included in the definition of Matched Employee Contribution. Therefore, the Employer may match contributions designated as Roth elective deferral contributions.

Employer may make some or all its matching and/or discretionary contributions in the form of shares of Company common stock or cash. Company contributions made in stocks shall generally remain in the form of Company stock until liquidated upon the exercise of diversification rights or upon termination of employment or upon other occasions determined by the Plan Administrator. Company contributions made in cash may be designated by the Company for investment in Company stock. During 2022 and 2021, Employer matching contributions totaled \$339,891 and \$318,844, respectively.

Participants are permitted to rollover contributions representing distributions from other qualified defined benefit or defined contribution plans.

SULPHUR SPRINGS BANCSHARES, INC.
EMPLOYEE STOCK OWNERSHIP PLAN WITH 401(k) PROVISIONS

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary matching contributions (any amount equal to \$0.50 for every dollar of salary deferral made up to 6% of the participant's total compensation) and plan earnings and charged with an allocation of plan expenses. Allocations are based on participants' investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Effective July 31, 2022, the Plan was amended and restated to limit participants' investment in Company stock. In the event a participant's total Plan account balances invested in Company stock exceeds 75% of the participant's total Plan account balance at the time any Company stock purchase offering, ESOP reshuffling, or ESOP allocation transaction is to occur, such Participant will not be allowed to receive, or invest in, additional Company stock available for purchase by Plan participants for any reason in either the non-ESOP or ESOP portions of the Plan until such time as the 75% limitation will not be exceeded. Under special rules for the 75% Company stock limitation provision, participants whose Plan account balance exceeded the 75% Company stock limitation as of July 31, 2022, are not required to liquidate any existing investments in Company stock but will only be allowed to purchase additional Company stock in amounts that do not cause the 75% limit to be exceeded. With regard to Employer contributions designated to be made to an ESOP account, participants subject to the 75% Company stock limitation provision will retain their portion of any ESOP Employer contributions in cash at the time the ESOP accounting is completed with such amount to be transferred to the non-ESOP portion of the Plan to be invested at such participants' direction.

Investment Options

The Plan currently offers a money market fund, various mutual funds, as well as employer stock (sponsor company common stock) as investment options for participants. Participants may direct or self-direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan as permitted by the Plan Administrator, except for investments in the ESOP account. At any time, participants may liquidate any mutual fund holdings and invest the funds in cash or a money market fund investment. Additionally, participants may change their investment options within mutual funds at any time. The Plan's Qualified Default Investment Alternative (QDIA) is the American Funds Target date retirement funds.

The Plan operation provisions related to participants' self-direction of accounts the Plan were amended in 2019 to permit self-direction of investments into the: Elective Deferral Account, Matching Contribution Account, Non-Elective Contribution Account, Qualified Nonelective Contribution Account, Rollover Contribution Account, and Transfer Account. All participants may self-direct the above Accounts to the extent that they are not invested in Company Stock. Participants who are active participant may also self-direct their ESOP Accounts, to the extent that the funds in such ESOP Accounts are: (i) not derived from Matching Contributions or Non-Elective Contributions or dividends on Company Stock; and (ii) are not invested in Company Stock. As at December 31, 2022, the Company was directing the matching contributions to the Federated Hermes Government Ultrashort Fund mutual fund.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary matching contributions vest to participants immediately, and discretionary profit-sharing contributions fully vest after six years of service based on a graded scale of twenty, forty, sixty, eighty and one hundred percent after one, two, three, four, and five years of service, respectively.

Notes receivable from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) \$50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 7.0%, which are commensurate with local prevailing rates as determined by the Plan administrator at the time of loan origination. The loan must be entirely repaid within five years of the date the loan proceeds are received, unless the loan is to be used to acquire the principal residence of the participant, in which case the loan must be entirely repaid within a period not to exceed 30 years of the date the loan proceeds are received. Principal and interest are repaid ratably through payroll deductions.

Forfeitures

Forfeitures represent the portion of non-vested account balances of terminated participants. Amounts forfeited from a Participant's Account shall be used to restore forfeitures, reduce Company contributions or to pay Plan expenses as provided by the Plan. At December 31, 2022 and 2021, the Plan had no forfeited non-vested accounts.

Payments of Benefits

Payments for benefits under the Plan are recorded when paid. Upon termination of service due to death, disability or retirement, participants may receive a lump sum payment equal to their vested account balance. To comply with certain requirements of the SECURE Act of 2019 and IRS regulations, the Plan requires participants to take their first required minimum distribution (RMDs) in the year they reach age 72.

Additionally, effective July 31, 2022, the Plan was amended to permit eligible participants to take penalty-free withdrawal of up to \$5,000 from their elective deferral (pre-tax and Roth) account balances for expenses related to the birth or adoption of a child as made available through the Retirement Plan Provisions of the SECURE Act of 2019.

Participants who are also active employees can request a hardship withdrawal up to their vested account balance, subject to certain conditions and restrictions. To comply with certain requirements of the SECURE Act of 2019 and IRS regulations, the Plan relaxed the substantiation rule, and the six-month elective deferrals suspension rule for hardship distributions.

Distributions after termination of employment for reasons other than death shall be in the form of cash only and shall commence immediately as soon as administratively feasible with a final payment made consisting of any allocations occurring after such termination of employment. Effective July 31, 2022, the Plan was amended to provide that distributions after termination of employment may be made in the form of lump sums, installments or as partial withdrawals. With regards to Company stock, a lump sum distribution will be made as soon as administratively feasible in the year subsequent to the termination. With regards to distributions on account of the death of the participant, the entire account balance of the participant shall be paid to the beneficiaries by end of fifth year in accordance with the Basic Plan Document's, Sections 7.02(c)(1)(A) and 7.02(c)(2)(A).

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company may pay the purchase price in a single cash payment or in substantially equal periodic payments over a period of five years.

Reshuffling Policy

The Plan Administrator is authorized to direct the Trustee of the Plan to transfer Company Stock held in a participant's ESOP account into other accounts of the participant, annually, following their termination, retirement, or death. The transfer shall occur when the participant receives a distribution from the participant's ESOP account. The Plan shall value the Company Stock as of the most recent valuation date and transfer all the Company Stock in the participant's ESOP account. Only participants whom the Company actively employs shall receive an allocation of the transferred Company Stock.

The purpose of the Reshuffling Policy is to maintain the ESOP shares of the Company as 100% owned by the ESOP on behalf of current employees who are participants in the ESOP and to freeze the investments of former employees in Company Stock allocated to them under the terms of the ESOP in a manner that is consistent with the applicable Internal Revenue Service and Department of Labor rules and regulations. Adoption of the Reshuffling Policy has led to an increase in benefit payments to terminated participants. During 2022 and 2021, distributions to terminated participants, aggregated in the presentation of benefit payments to participants on the accompanying statements of changes in net assets available for benefits, approximated \$3,522,000 and \$3,962,000, respectively.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In the first five years, eligible participants may diversify up to 25 percent of their shares in the Company stock (at fair market value of the employer stock based on the most recent valuation) allocated to their individual ESOP accounts. The 25 percent allocation is cumulative for all five years and is reduced in any year by any amounts previously diversified. In the sixth year, eligible participants may elect to cumulatively diversify up to 50 percent of their ESOP account.

2. Summary of Significant Accounting Policies

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through August 24, 2023, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

The net (depreciation) appreciation in fair value of investments consists of the realized gains and losses from sales of investments and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. The fair value disclosures for financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Officers or employees of the Company perform certain administrative functions for the Plan. However, such officers and employees receive no compensation from the Plan. The expenses of maintaining the Plan are paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in value of investments.

3. Information Prepared and Certified by Plan Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Money market funds	\$ 1,967,163	\$ 1,417,508
Mutual funds	<u>10,193,826</u>	<u>11,681,959</u>
Total	<u>\$ 12,160,989</u>	<u>\$ 13,099,467</u>
Notes receivable from Participants	<u>\$ 180,908</u>	<u>\$ 161,807</u>
Interest and dividends income**	<u>\$ 267,081</u>	<u>\$ 554,013</u>
Interest income on notes receivable from participants	<u>\$ 6,553</u>	<u>\$ 6,023</u>

** Included in the presentation of interest and dividends income is interest and dividends from the Plan's money market funds and mutual funds certified by Charles Schwab Bank, the trustee of the Plan. Excluded from the presentation of interest and dividends income above is dividend income of \$663,661 and \$807,835 during 2022 and 2021, respectively, related to the Plan's sponsor company common stock which is maintained outside of the Charles Schwab Bank trust and thus, excluded from the certifications prepared by Charles Schwab Bank.

4. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. At December 31, 2022 and 2021, there were no plan assets requiring the use of Level 2 inputs and no transfers of plan assets into or out of Level 3 of the fair value hierarchy.

Level 1 Fair Value Measurements

Money market funds - The money market fund is valued using pricing models maximizing the use of observable inputs for similar securities. Although a money market fund seeks to preserve the value of \$1 of investment at \$1 per share (unit), it is possible to lose money by investing in such a fund.

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

SULPHUR SPRINGS BANCSHARES, INC.
EMPLOYEE STOCK OWNERSHIP PLAN WITH 401(k) PROVISIONS

Level 3 Fair Value Measurements

Sponsor company common stock - The fair value of sponsor company common stock is measured at estimated fair value based on the evaluation of an independent third-party valuation specialist. The fair value is determined using the Combined Valuation approach which is the cumulative sum of the products of the weighted value per share determined using the income approach and the market approach (Guideline and Prior transactions method) adjusted year to year for changing conditions affecting the Company.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements Using:		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Unobservable Inputs (Level 3)	Fair Value
December 31, 2022:			
Money market funds	\$ 1,967,163	\$ -	\$ 1,967,163
Mutual funds	10,193,826	-	10,193,826
Sponsor company common stock	<u>-</u>	<u>11,923,443</u>	<u>11,923,443</u>
Total investments, at fair value	<u>\$ 12,160,989</u>	<u>\$ 11,923,443</u>	<u>\$ 24,084,432</u>
December 31, 2021:			
Money market funds	\$ 1,417,508	\$ -	\$ 1,417,508
Mutual funds	11,681,959	-	11,681,959
Sponsor company common stock	<u>-</u>	<u>15,760,598</u>	<u>15,760,598</u>
Total investments, at fair value	<u>\$ 13,099,467</u>	<u>\$ 15,760,598</u>	<u>\$ 28,860,065</u>

The sponsor company common stock presented in the above table represents 44,994 shares and 55,300 shares of the Company's common stock held by the Plan at December 31, 2022 and 2021, respectively, and recorded at estimated fair value of \$265 and \$285 per share, respectively. During 2022 and 2021, the Plan purchased no shares of company common stock. During 2022, the Plan sold 10,306 shares of company common stock for aggregate cash proceeds totaling \$2,934,272. During 2021, the Plan sold 5,142 shares of company common stock for aggregate cash proceeds totaling \$1,290,663. See Note 5 for additional disclosure of related party transactions in sponsor company common stock.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are presented in net (depreciation) appreciation in fair value of investments.

5. Party-in-Interest and Related Party Transactions

Certain plan investments are shares of mutual funds and money market funds managed by Charles Schwab Bank (Schwab). Schwab is the trustee as defined by the Plan. Therefore, Schwab is a party-in-interest under ERISA and transactions with Schwab qualify as party-in-interest transactions. During 2022 and 2021, the Plan paid \$6,819 and \$6,486, respectively, in trustee fees to Schwab. These fees have been aggregated in the presentation of administrative fees on the accompanying statements of changes in net assets available for benefits.

Bank of Oklahoma Financial Asset Management (“BOKF”) is the plan’s investments manager and investments adviser, and the Plan’s record keeper as defined by the Plan. Therefore, transactions with BOKF qualify as party-in-interest transactions. During 2022 and 2021, the Plan paid \$59,594 and \$55,886, respectively, in investment management and advisory fees, to BOKF. These fees are presented as a reduction of investment income on the accompanying statements of changes in net assets available for benefits. During 2022 and 2021, the Plan paid approximated \$7,173 and \$5,749 in record keeping fees, respectively, to BOKF. These fees have been aggregated in the presentation of administrative fees on the accompanying statements of changes in net assets available for benefits.

Certain Plan’s assets are investments in the common stock of Sulphur Springs Bancshares, Inc. Sulphur Springs Bancshares, Inc., is the Plan sponsor as defined by the Plan. Therefore, transactions with the Plan involving the common stock of Sulphur Springs Bancshares, Inc. (Sponsor company common stock) qualify as party-in-interest transactions. During 2022 and 2021, the Plan received cash and stock dividends on Sponsor company common stock in the amounts of \$663,661 and \$807,835, respectively. These Sponsor company common stock dividends have been aggregated in the presentation of interest and dividend income on investments on the accompanying statements of changes in net assets available for benefits.

On March 24, 2022, the Plan, in accordance with terms of the Stock Repurchase Agreement, sold approximately 10,306 shares of Sponsor company common stock to the Plan Sponsor at an approximate price of \$285 per share (based on an independent stock appraisal as of December 31, 2021) for cash proceeds totaling \$2,934,272 to facilitate payment of distributions to terminated employees in accordance with the Reshuffling Policy discussed at Note 1. On April 9, 2021, the Plan, in accordance with terms of the Stock Repurchase Agreement, sold approximately 5,142 shares of Sponsor company common stock to the Plan Sponsor at an approximate price of \$251 per share (based on an independent stock appraisal as of December 31, 2020) for cash proceeds totaling \$1,290,663 to facilitate payment of distributions to terminated employees in accordance with the Reshuffling Policy. See Note 4 for additional disclosures of Sponsor company common stock.

Hillworth Bank Partners (“HBP”) is the Plan’s independent third-party valuation specialist for Sponsor company common stock as defined by the Plan. Therefore, HBP is a party-in-interest under ERISA and transactions with HBP qualify as party-in-interest transactions. Fees incurred by the Plan for valuation services provided by HBP are absorbed fully by the Company and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Payne & Smith, LLC is the Plan’s independent public accountant (IPA) as defined by the Plan. Therefore, the IPA is a party-in-interest under ERISA and transactions with the IPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IPA are absorbed fully by the Company and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Tax Status

The Plan obtained its latest determination letter on November 21, 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Sponsor believes that no events, circumstances, or amendments have changed since the date of the most recent determination letter that would result in non-compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying Plan financial statements.

Accounting principles generally accepted in the United States of America require Plan administrators to evaluate tax positions taken by the Plan and recognize a tax liability for uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

7. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2022 and 2021:
