Independent Auditor's Report

RSM US LLP

Participants and Board of Directors
Guardian Alarm Company 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Guardian Alarm Company 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Partial Plan Termination

As discussed in Note 2 to the financial statements, the Board of Directors of GA Cayman Holdco LLC and Subsidiaries, the Plan's sponsor, voted on May 10, 2022 to discontinue Guardian Medical Monitoring as a qualified participating employer of the Plan effective May 11, 2022, which resulted in a partial plan termination. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and Schedule H, line 4i – Schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Guardian Alarm Company 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Plan Description

The following description of Guardian Alarm Company 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). It covers substantially all employees of GA Business Purchaser, LLC dba Guardian Alarm and through May 10, 2022 Guardian Medical Monitoring (the Company) who have met the minimum age (21). Guardian Medical Monitoring was sold on May 10, 2022, and ceased being a participating employer as of that date. Highly compensated employees are able to make elective contributions but are not eligible for the employer match. Employees of affiliated employers are not eligible to participate in the Plan unless the affiliate specifically adopted the Plan.

Contributions: Participants may contribute a percentage of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service limitations.

The Company, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2022, the Company contributed a discretionary matching contribution of 50% of the first 5% of compensation that a participant contributes to the Plan. Under this formula, a participant can receive a maximum matching contribution of 2.5% of eligible compensation. The Company may also make additional discretionary profit-sharing contributions based on participant's compensation. No additional discretionary contributions were made in 2022. Company contributions are invested in a manner that is consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions and an allocation of (a) the Company's discretionary contribution, if any, (b) Plan earnings and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Forfeitures: The nonvested portion of terminated participants' accounts plus earnings thereon is forfeited and will be used to reduce future employer contributions or pay administrative expenses and then allocated among the accounts of participants. Plan expenses were reduced by approximately \$29,000 from forfeited nonvested accounts during the year ended December 31, 2022. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$4,313 and \$5,240, respectively.

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a single lump-sum payment in an amount equal to the value of the participant's vested account. In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age (65 years of age prior to May 1, 2016). In addition, participants may make withdrawals by determination that a financial hardship, as defined by the Plan agreement, has been incurred. Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are treated as distributions based on terms of the Plan document.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The number of notes allowed per participant is limited to one. These notes bear interest at a rate based on the prevailing interest rates. The maximum note term allowed is five years unless used to purchase the participant's principal residence, in which case the note terms can exceed five years.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Plan sponsor and, therefore, are not reflected in the Plan's financial statements. Fees for investment advisory, custodial and recordkeeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): The Plan has implemented certain requirements allowed by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2020 (the SECURE Act), which allows certain eligible individuals to receive coronavirus-related relief to suspend required minimum distributions and also includes a delay of the commencement date for required minimum distributions. The features within these acts were implemented during the year ended December 31, 2021, as required by the Internal Revenue Service (IRS). Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Note 2. Significant Accounting Policies (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and uncertainties: Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amount reported in the statements of net assets available for benefits.

Partial Plan termination: In 2022, the Company sold Guardian Medial Monitoring, a qualifying employer to the Plan, which resulted in a partial Plan termination. This affected approximately 150 participants, 42 of whom have taken distributions from the Plan of approximately \$1,100,000 in the current year. Approximately \$563,000 remains payable to affected participants. All participants affected by the partial plan termination became fully vested in their accounts prior to distributions being taken.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through August 28, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Personal Trust Company, FSB (Fidelity)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity of the Plan. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 11,504,668	\$ 13,418,442
Common/collective investment trust	4,953,919	6,340,788
	<u>\$ 16,458,587</u>	<u>\$ 19,759,230</u>
Noninterest-bearing cash	<u>\$ 55</u>	<u>\$ 304</u>

Fidelity certified as to the completeness and accuracy of \$3,641,595 in net depreciation in fair value of assets and \$295,523 of interest and dividends for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective investment trust: The common/collective investment trust is valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies measured at fair value	\$ 11,504,668	\$ -	\$ -	\$ 11,504,668
Common/collective investment trust measured at NAV				4,953,919
				<u>\$ 16,458,587</u>
	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 13,418,442	\$ -	\$ -	\$ 13,418,442
Common/collective investment trust measured at NAV				6,340,788
				<u>\$ 19,759,230</u>

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major classification, of the nature and risks associated with such investments as well as whether it is probable those investments are being sold at amounts different from their reported NAV value per share based on redemption restrictions, if any.

Investments	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common/collective investment trust	<u>\$ 4,953,919</u>	<u>\$ 6,340,788</u>	<u>\$ -</u>	Daily	12 months

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Level 3 investments.

Note 5. Related-Party and Party-in-Interest Transactions

Fidelity is the trustee of the Plan; therefore, transactions related to these investments qualify as party-in-interest. Fees paid by the Plan to the trustee and other third-party administrators amounted to approximately \$79,000 for the year ended December 31, 2022.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Accounting for Uncertainty in Income

The Plan is an adopter of a Volume Submitter 401(k) Profit Sharing Plan by the Sentinel Benefits & Financial Group. The prototype plan document has received an updated opinion letter from the IRS dated November 30, 2020, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code) and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for the year before 2019.

Note 8. Prohibited Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit \$332 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. In addition, the Plan Sponsor did not correct 2021 late participant contributions in 2022. The Plan Sponsor intends to deposit lost earnings to correct this failure in 2023. The correction will be made from the Plan Sponsor's assets and not from assets of the Plan. The 2021 late deposits and missed earnings were corrected in 2022.

Note 9. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near-term and such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefit.
