Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Chapman Automotive Group 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chapman Automotive Group 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chapman Automotive Group 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chapman Automotive Group 401(k) Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chapman Automotive Group 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chapman Automotive Group 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2022, and Schedule H, line 4(a) – schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Chapman Automotive Group 401(k) Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Chapman Automotive Group 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Chapman Automotive Group, LLC and its affiliates: Chapman Ford, LLC; Chapman Auto Center, LLC; Chapman Scottsdale Autoplex, LLC; Chapman Camelback BMW, LLC; Chapman Chandler Chevrolet, LLC; Chapman Chevrolet, LLC; Chapman Chrysler Plymouth Jeep, LLC; Chapman Las Vegas Dodge, LLC; Chapman Bell Road Imports, LLC; Chapman Automotive Used Cars, LLC; Chapman BMW I-10, LLC; Chapman Motorcars of Tucson, LLC; Chapman Imports of Tucson, LLC; Chapman Luxury Imports of Tucson, LLC; Chapman German Autos, LLC; Chapman Performance Autos, LLC; Chapman Auto Werks, LLC; Chapman Kyrene Collision Center, LLC; Chapman Collision Center, LLC; Chapman Hyundai, LLC; Chapman Chevrolet Buick GMC Yuma, LLC; Chapman DCJR Yuma, LLC; and C.A.G. Acceptance, LLC. Chapman Automotive Group and all above affiliates are collectively referred to as the Company. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching 21 years of age and after completing six months of elapsed time service within the Plan year. The Plan entry date is consistent for all contribution types; participants may enter the Plan on the first day of the Plan year quarter following the date requirements are met. Participants are eligible for both matching and profit sharing contributions if they are employed on the last day of the allocation period and meet the standard eligibility requirements as described above.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan at a rate determined annually by the Trustees. For the 2022 Plan year, the Plan sponsor matched 100% of the first \$2,000 each participant deferred and 50% on participant deferrals between \$2,000 and \$5,000, for a maximum of \$3,500. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended December 31, 2022.

Contributions are subject to regulatory limitations.

Chapman Automotive Group 401(k) Plan and Trust

Notes to Financial Statements

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in their employer profit sharing and matching contributions at the rate of 20% per year, beginning in the second year of service, and are 100% vested after six years of credited service.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of 5 years, or 15 years if the loan is used to acquire a principal residence. Under the terms of the Plan agreement, loans will bear a reasonable rate of interest determined by the Plan administrator not less than the published prime interest rate plus 1.5% on the date the loan is made. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022, the rates of interest on outstanding loans ranged from 4.75% to 9.00% with various maturities through November 2037.

Payment of benefits – On termination of service due to death, disability, retirement, or termination for service for any other reason, a participant's distribution may be made in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who must receive required minimum distributions may receive partial withdrawals or installments over the life of the participant or beneficiary.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and must be disposed of no later than the last day of the Plan year following the Plan year the forfeiture occurs. Forfeitures may be used to pay the Plan's ordinary and necessary administrative expenses and to reduce or add to any discretionary Company contributions. For the year ended December 31, 2022, forfeitures used to pay Plan expenses and to reduce Company contributions were \$53,701 and \$39,567, respectively. Forfeited outstanding accounts as of December 31, 2022 and 2021, were \$1,502 and \$0, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Chapman Automotive Group 401(k) Plan and Trust

Notes to Financial Statements

Investment valuation – Investments are stated at fair value. The Plan's custodian, John Hancock Life Insurance Company (U.S.A.) (John Hancock), certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date (Note 3).

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. There was no allowance for loan losses at December 31, 2022 and 2021.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year-end to comply with regulatory contribution limitations.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through August 28, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Chapman Automotive Group 401(k) Plan and Trust

Notes to Financial Statements

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds – Money market funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – The Plan has an investment in the group annuity contract with John Hancock that invests in pooled separate accounts and guaranteed interest accounts. Pooled separate accounts are funds that invest mainly in registered investment companies. The funds seek long-term capital appreciation without undue risk to principal. Units held in pooled separate accounts are valued using the NAV practical expedient of the fund as reported by the fund manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

Guaranteed interest accounts – Contributions into guaranteed interest accounts are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3-, 5-, or 10-year term, less any applicable charges, provided all contributions remain in the account until the end of the guarantee period. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account during that month. There are no restrictions on redemptions of these funds; however, transferring funds prior to maturity may result in a market value adjustment.

Notes to Financial Statements

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

Note 4 – Group Annuity Contract with Insurance Company

The group annuity contract with John Hancock includes investment options for pooled separate accounts and three guaranteed interest accounts.

John Hancock maintains the deposits to the annuity contract in an unallocated fund, to which it adds interest at the contract rates, which were between 1.00% and 1.20% at December 31, 2022. Deposits into these contracts are guaranteed at the contract minimum rate of return.

Contributions to the guaranteed interest accounts held by the group annuity contract are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3-, 5-, and 10-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

Chapman Automotive Group 401(k) Plan and Trust

Notes to Financial Statements

Interest rates on the guaranteed interest accounts are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed interest account in that month. At the end of each reporting year, a composite rate of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed interest account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term. Because of the following factors, the group annuity contract is not fully benefit-responsive:

- Inter-account transfers may be subject to a market value adjustment, depending on the withdrawal amount and the reason for the withdrawal.
- Inter-account transfers from certain sub-accounts may be subject to a redemption fee, as set by the underlying fund manager and depending on the holding period of the underlying fund.
- A contract charge may be applied at contract termination, per the contract specifications.

Distributions and transfers from the guaranteed accounts are subject to certain guidelines. Distributions for reasons of termination, retirement, disability, death, financial hardship, return of excess amounts, or required minimum distributions are conducted at contract value. Preretirement distributions are conducted at fair value. Partial contract transfers from the guaranteed account to other investment accounts (except the money market account) can occur only on the four dates originally selected by the individual participant. Transfers in excess of 20% of the participant's balance in the account on the first day of the reporting year or conducted on a date other than those discussed above, or to the money market sub-account, will be conducted at the lesser of contract or fair value.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the supplemental schedule of assets (held at end of year).

Note 8 – Party-in-Interest Transactions

Plan investments include shares of registered investment company funds managed by John Hancock. John Hancock is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
