Independent Auditor's Report

To the Plan Administrator and Participants
Radisys Corporation 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Radisys Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Radisys Corporation 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Radisys Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Radisys Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Radisys Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Radisys Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RADISYS CORPORATION 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. Description of Plan

The following description of the Radisys Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established January 1, 1989 by Radisys Corporation (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

All employees of the Company who are age 21 or older are eligible to participate in the Plan except employees covered by a collective bargaining agreement that does not provide for participation in the Plan, leased employees and non-resident aliens. Qualifying employees are eligible and may begin to participate in the Plan on the first day of the pay period after meeting the eligibility requirement.

c. Contributions

Participants may contribute to the Plan up to 100% of their eligible compensation on a pre-tax or after-tax basis, subject to the maximum allowed by the IRC. Participants who have attained the age of 50 before the close of the Plan year can make additional catch up contributions, subject to the maximum allowed by the IRC. Participants may also rollover amounts from other qualified defined contribution plans.

The Company will make matching contributions equal to a percentage of the amount of the salary deferral, as defined by the Plan. During 2022 and 2021, the Company made matching contributions equal to 50% of the first 6% deferred into the Plan.

d. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, if applicable, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by Great-west Trust Company and a self-directed brokerage account. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their contributions and earnings (losses) thereon. Vesting in employer contributions is based upon the following schedule:

Less than one year of service	0% vested
1 year of service, but less than 2 years of service	33% vested
2 years of service, but less than 3 years of service	66% vested
3 years of service or more	100% vested

Participants become fully vested in the employer contribution upon death or total and permanent disability.

f. Payment of Benefits

Upon reaching retirement age, termination of service, becoming disabled or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance. Account balances less than \$1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

g. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

h. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may not exceed 15 years. The interest rate on participant loans is based on the locally prevailing commercial lending rates for comparable loans and is fixed at the inception of the loan. The interest rate on outstanding loans at December 31, 2022 ranged from 5.25% to 8.25% and the loans mature through 2027.

2. **Summary of Significant Accounting Policies**

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and

liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation/(depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Revenue Credits and Expenses

The Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fees. These deposits are included in other income (loss) on the statements of changes in net assets available for benefits and are available to pay Plan expenses or to be reallocated to participants. During 2022 and 2021, revenue credits of approximately \$47,000 and \$48,000, respectively, were used to pay plan expenses. At December 31, 2022 and 2021, approximately \$58,000 and \$166,000, respectively, of revenue credits were available to be reallocated to participant accounts or to pay future Plan expenses.

Certain administrative expenses are paid by the Company and others by the Plan. Direct expenses totaling approximately \$59,000 and \$83,000 were paid by the Plan during 2022 and 2021, respectively. Certain indirect expenses are included in the transaction prices of investments bought and sold and are not separately identified in the statements of changes in net assets available for benefits.

g. Forfeitures

If a participant's employment terminates before the employer contribution becomes fully vested, the unvested portion of his or her account is forfeited. Forfeitures may be used to reduce future employer contributions or pay Plan expenses in accordance with the Plan document. As of December 31, 2022 and 2021, forfeitures available for later use were approximately \$10,000 and \$22,000, respectively. Forfeitures utilized to reduce employer contributions or pay Plan expenses during 2022 and 2021 were approximately \$16,000 and \$131,000, respectively.

3. Investments

Plan investment assets are held by Great-West Trust Company. Participants can direct their accounts among various mutual funds, common collective trusts and a self-directed brokerage account.

The Plan invests in the Putnam Stable Value Fund ("SVF") which invests in investment contracts through a common collective trust. The contract value of the SVF represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses. The SVF is reported at fair value which is based on the net asset value ("NAV") of the underlying investments. All of the contracts that the SVF purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. There are no exceptions to this stipulation. Additionally, the SVF negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Due to the size of SVF and the specific percentage allowances negotiated by the SVF, it is highly unlikely that any event would occur that would limit the SVF's ability to transact at contract value with each issuer under these events.

The self-directed brokerage account allows participants to invest in certain publicly-traded investments.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at fair value based on quoted market prices at year end.

Common collective trusts: Valued at the fair value of the underlying investments which consist primarily of publicly traded common stock or level 2 investments and are reported at the NAV of units held by the Plan at year end. The collective trust funds can be traded daily.

Self-directed brokerage account: The self-directed brokerage account invests in investments valued at fair value based on its quoted market price at year end.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 43,333,435	\$ -	\$ -	\$ 43,333,435
Common collective trusts	-	4,994,575	-	4,994,575
Self-directed brokerage accounts	149,556	-	-	149,556
Total investments	<u>\$ 43,482,991</u>	<u>\$ 4,994,575</u>	<u>\$ -</u>	<u>48,477,566</u>

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 46,455,007	\$ -	\$ -	\$ 46,455,007
Common collective trusts	-	14,657,624	-	14,657,624
Self-directed brokerage accounts	214,218	-	-	214,218
Total investments	<u>\$ 46,669,225</u>	<u>\$ 14,657,624</u>	<u>\$ -</u>	<u>61,326,849</u>

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Great-West Trust Company, as of and for the years ended December 31, 2022 and 2021 as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest income on participant notes receivable
- Other income (loss)
- Schedule of assets (held at end of year)

7. Party-in-interest Transactions

Certain Plan investment funds are managed by Putnam Investments, an affiliate of Great-West Trust Company. Great-West Trust Company is the trustee as defined by the Plan. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, Radisys Corporation, is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

8. Tax Status

The Plan was restated December 1, 2021 utilizing the Great-West Nonstandardized 401(k) Plan Document which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that as of that date the plan document was designed in compliance with the applicable IRC requirements. On August 1, 2022, Great West Trust Company LLC changed its name to Empower Retirement LLC. The Empower Nonstandardized 401(k) Plan Document received an opinion letter dated November 14, 2022, in which the Internal Revenue Service ("IRS") stated that as of that date the plan document was designed in compliance with the

applicable IRC requirements. Management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax exempt as of and for the years ended December 31, 2022 and 2021.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

10. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through September 6, 2023, the date the financial statements were available for issuance.

11. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	2022	2021
Net assets available for benefits reported
