INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Precision Concrete Construction 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

PRECISION CONCRETE CONSTRUCTION 401(K) PROFIT SHARING PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Precision Concrete Construction 401(k) Profit Sharing Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note (5) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Precision Concrete Construction 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Concrete Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Precision Concrete Construction 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Concrete Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

(1) Description of the Plan

The following description of the Precision Concrete Construction (the "Company" and "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan covering all eligible full-time employees of the Company who have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Plan was established effective January 1, 1996. The Plan was amended and restated effective December 16, 2022.

Contributions - Each year, participants may contribute from 1% to 100% of pretax annual compensation, subject to certain limitations, as defined in the Plan agreement. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed \$20,500 and \$19,500 for 2022 and 2021, respectively, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed \$6,500 for 2022 and 2021. The Plan allows participants to contribute amounts representing distributions ("rollover assets") from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company made non-discretionary matching contributions equal to 50% of the first 4% of base compensation that a participant contributes to the Plan, not to exceed 4% of compensation for the years ended December 31, 2022 and 2021. The employer matching contribution was \$158,256 in 2022 and \$159,923 in 2021. Additional non-matching discretionary contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. No additional non-matching discretionary contributions were made in the 2022 and 2021 Plan years.

Participant accounts - Each participant's account is credited with the participant's pre-tax contributions and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants' non-vested amounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contributions portion of their account plus earnings thereon is based on years of continuous service. A participant is 100% vested after the fifth year of credited service. Participants who reach normal retirement age while still employed by the Company are also fully vested in their accounts.

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Forfeited non-vested accounts totaled \$1,096 and \$2,297 as of December 31, 2022 and 2021, respectively. These accounts will be used to reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

(1) Description of the Plan (continued)

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator. The Plan Administrator may change the investment options available to participants at any time

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loans fund. Loan terms range from 1 to 5 years with certain exceptions for the purchase of a principal residence. A participant may have no more than one loan outstanding from the Plan. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a market rate that is periodically adjusted by the Plan administrator, which ranged from 4.25% to 6.00% during the years ended December 31, 2022 and 2021.

Payment of benefits - Upon termination of service due to death, disability, or retirement, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. Participants with vested benefits of \$5,000 or less are eligible to receive a lump-sum distribution. If no consent is made for a distribution of the vested account balance, the total vested benefit will be automatically rolled over to an IRA selected by the Plan administrator. Participants with vested benefits in excess of \$5,000 may choose to receive their benefit in the form of a lump-sum payment or through installment payments, subject to Plan provisions.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

(2) Summary of accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as more fully described in Note (3), except for fully benefit-responsive guaranteed investment contracts ("GICs"), which are reported at contract value, as discussed in Note (6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices. The guaranteed investment contract is presented at contract value. Contract value represents contributions made under the contract, plus earnings, less benefit payments and administrative expenses.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

(2) Summary of accounting policies (continued)

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation (depreciation) in fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan expenses - Certain expenses may be paid by the Company directly on behalf of the Plan while others may be paid from the Plan assets. The expenses paid from Plan assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Expenses shared by all participants will either be paid on a pro-rata basis or on an equal dollar basis.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**PRECISION CONCRETE CONSTRUCTION
401(k) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

(3) Fair value measurements (continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Interest bearing cash: These investments consist of various publicly traded money market funds. Investments in interest bearing cash are valued at fair value, which approximates cash due to the short-term maturities of those investments and are therefore classified as Level 1 investments.

Mutual funds: These investments consist of various publicly traded mutual funds. The fair values are based on quoted market prices and are therefore classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Investments				
Interest bearing cash	\$ 140	\$ -	\$ -	\$ 140
Mutual funds	6,646,368	-	-	6,646,368
Total investments at fair value	<u>\$ 6,646,508</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,646,508</u>
2021				
	Level 1	Level 2	Level 3	Total
Investments				
Interest bearing cash	\$ 60,463	\$ -	\$ -	\$ 60,463
Mutual funds	8,609,932	-	-	8,609,932
Total investments at fair value	<u>\$ 8,670,395</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,670,395</u>

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

(4) Excess contributions

Corrective distributions totaling \$103,838 and \$45,031 as of December 31, 2022 and 2021, respectively, were accrued for distributions paid in the subsequent Plan year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2022 and 2021.

(5) Information prepared and certified by a qualified institution

The following information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), was obtained from data that has been prepared and certified to us as complete and accurate by a qualified institution.

	<u>2022</u>	<u>2021</u>

Interest and dividends	<u>237,619</u>	<u>739,109</u>
Total investment (loss) income	<u><u>\$ (1,595,146)</u></u>	<u><u>\$ 1,173,977</u></u>

(6) Guaranteed investment contract

The Fidelity Managed Income Portfolio is a common collective trust fund that invests in GICs and synthetic GICs and is presented at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note (2), because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented in the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2022 and 2021 was \$406,660 and \$409,824, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

**PRECISION CONCRETE CONSTRUCTION

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

(6) Guaranteed investment contract (continued)

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The GIC does not permit the termination of the agreement prior to the scheduled maturity date.

(7) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(8) Tax status

The Company adopted a Volume Submitter Plan Document which received a favorable determination letter from the Internal Revenue Service ("IRS") on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

(9) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or \$500,000. The Plan has sufficient bond coverage as of December 31, 2022 and 2021.

(10) Party-in-interest transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and other services totaled \$31,042 for 2022 and \$32,446 for 2021.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(11) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per financial statements as of December 31, 2022 and 2021, to Schedule H of Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 7,050,165	\$ 9,105,259
Plus: Excess contributions due to participants	103,838	45,031
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 7,154,003</u>	<u>\$ 9,150,290</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021 to Schedule H of Form 5500:

	2022	2021
Changes in net assets available for benefits per the financial statements	\$ (2,055,094)	\$ 1,386,078
Less: Excess contributions due to participants at beginning of year	(45,031)	(25,600)
Plus: Excess contributions due to participants at end of year	103,838	45,031
Changes in net assets per Schedule H of Form 5500	<u>\$ (1,996,287)</u>	<u>\$ 1,405,509</u>

Precision Concrete Construction 401(k) Profit Sharing Plan
Attn: Mr. Tracy Pierce, President
2075 Brandon Trail
Alpharetta, Georgia 30004

To: Mr. Tracy Pierce, President

We have audited the financial statements of Precision Concrete Construction 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) “ERISA Section 103(a)(3)(C) audit” for the year ended December 31, 2022 and have issued our report thereon dated August 15, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 24, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Precision Concrete Construction 401(k) Profit Sharing Plan are described in Note (2) to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2022.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The estimate of the investments was done based on quoted market prices. The key factors and assumptions used to develop the value of the investments in determining that it is reasonable in relation to the financial statements taken as a whole was based on information provided by the trustees of the plan assets. The trustees of the plan certified to us that the plans investments and related activity is complete and accurate. We did not perform any auditing procedures with respect to the investments at fair value.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of fair value of investments in Notes (2) and (3) to the financial statements are based on the quoted market prices of the underlying investments and in accordance with FASB ASC 820, *Fair Value Measurements*.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached Passed Journal Entries Report summarizes uncorrected misstatements of the financial statements. Management has represented to us in the management representation letter dated [Date of management rep letter] that they have considered the effects of uncorrected misstatements that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 15, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary information accompanying the financial statements is to perform adequate procedures to evaluate whether the form, content of the ERISA-required supplementary information, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
